OUR COVER

Just think of all those balmy days that you're going to spend in the coming summer. Here's a picture that'll make your mouth water for the sun, and our sun-worshipper is Sherran Rae, who will be kapping up the sun this year, when she's not surfboard riding.

BACK COVER

We certainly are getting a fair spring. Here is one of the pretty sights in Brooklands Park at this time of the year.

CAMERA CLICKS

Left: Here's a couple of snapper which didn't get away. Caught by Mr P.D.Hill, Opunake. One of these tiddlers weighs 25lbs, and the other 19lbs. For information, he caught them down Opunake way.

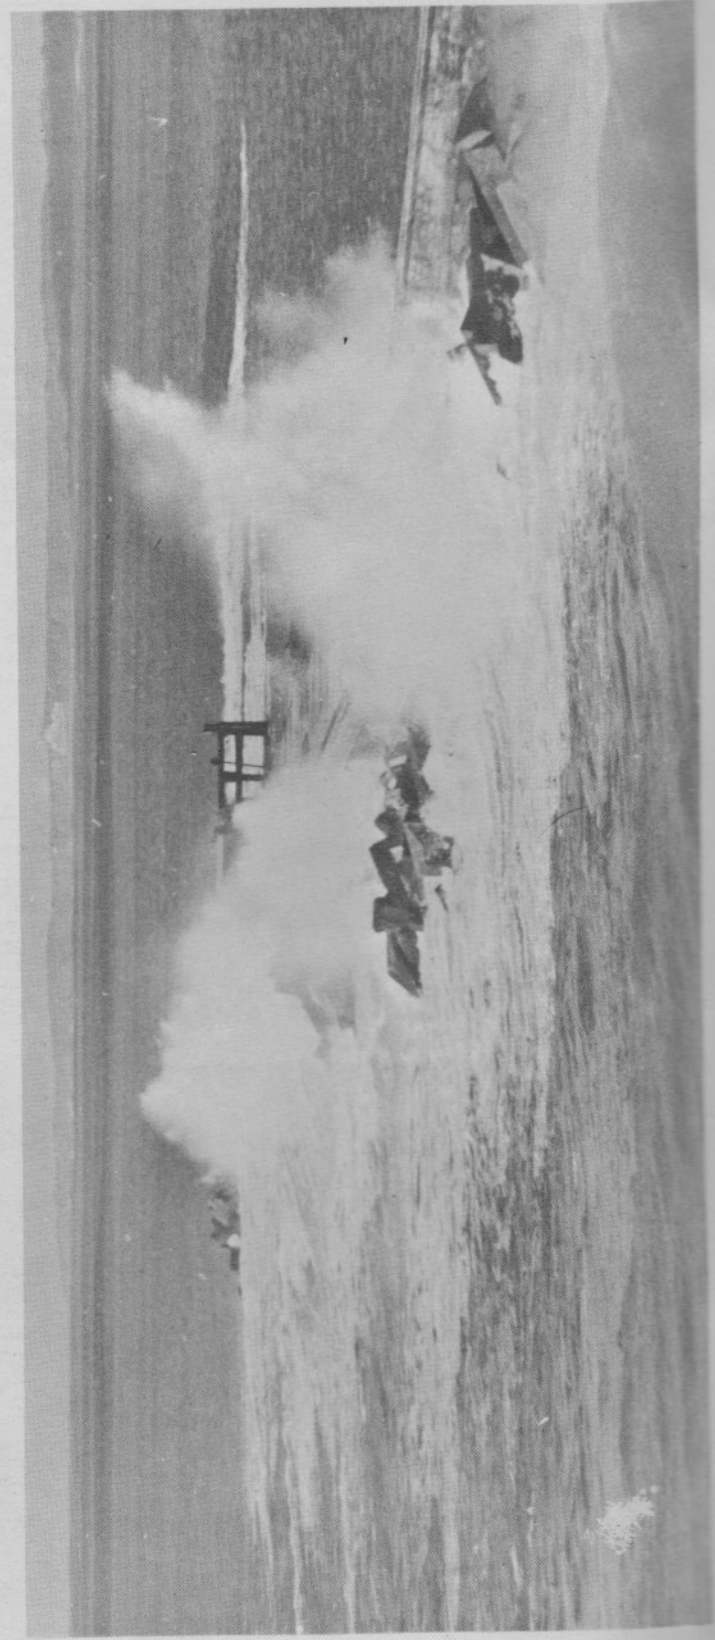

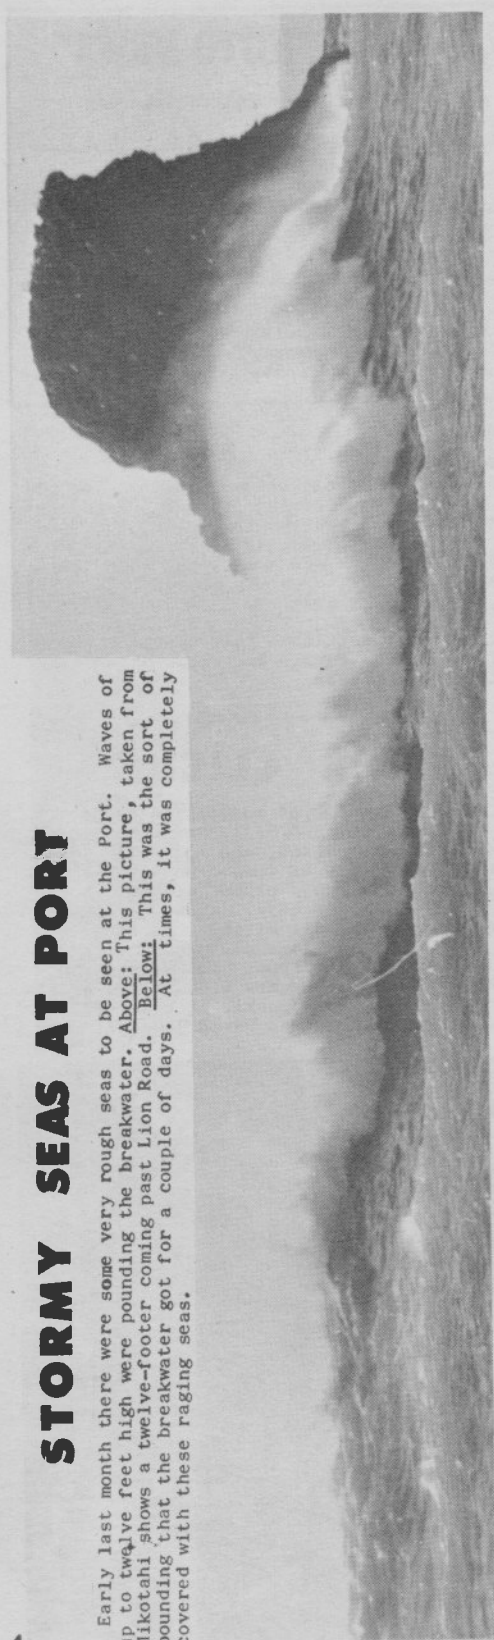

Below, left: Fae Anne, eldest daughter of Mr and Mrs D.S.Eustace, Manaiia, shown with her parents at her recent 21st birthday party.

Below: A five generations picture sent in by one of our readers. In front is great-great-grandfather Mr Taylor, and Mrs E.Courtney, great-grandmother with Gloria Roguski. At back: Mrs D.V.Roguski, grandmother, and David Roguski, the father.

STORMY SEAS AT PORT

Early last month there were some very rough seas to be seen at the Port. Waves of up to twelve feet high were pounding the breakwater. Above: This picture, taken from Mikotahi shows a twelve-footer coming past Lion Road. Below: This was the sort of pounding that the breakwater got for a couple of days. At times, it was completely covered with these raging seas.

Future home, New Plymouth.

Below: FRANKLYN-SHAW. At St Andrew's Presbyterian Church, NP, Carol, only daughter of Mr and Mrs W. L. Shaw, NP, to Bruce Franklyn, only son of Mr and Mrs T. Moran, NP. The bridesmaid was Lynne Reardon, Opunake, and the best man was Nat Tito, Opunake. The flower-girl was Karen Guillosson, NP, and the page-boy, Bruce Moran, NP. Future home, New Plymouth.

FIRE AT PURSER BROTHERS

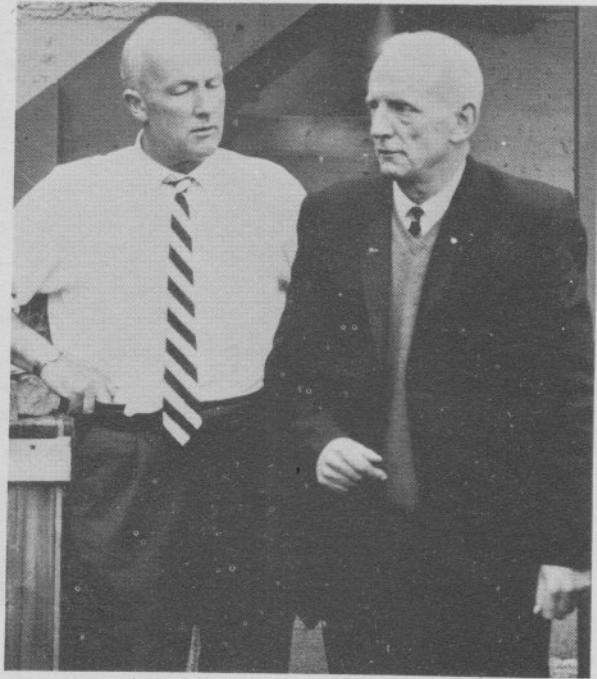

Another feather in the caps of the NP Fire Brigade! They made another magnificent save at a fire at Purser's Furniture shop recently. When they arrived, the shop was filled with smoke, and the rear portion of a store was well alight, but within minutes they got to the seat of the blaze and had it smothered. It could have been a real serious fire, with rolls of linoleum in the store well alight when the brigade arrived. Above: Smoke pours from the shed in which the truck was kept. Right: The firemen used oxygen masks to get into the fire. Below: The truck was a sorry sight when it was pushed out into the yard.

SENIOR CITIZEN

Here's a woman who has seen many changes in her lifetime. She is this month's "Senior Citizen": Mrs. Beatrice Beale, who now lives with her daughter, Mrs. N. Brunning, in South Road, NP. Mrs. Beale came to NP in 1907 from the West Coast with her husband who had been a gold prospector. In fact, the wedding ring she wears was made of the gold that her husband had mined down on the West Coast. The journey from the south was made by boat in those days. This dear old lady, just a tender 86 years old, lives a very full life, making much use of the NP Old Folks' rooms, where she spends about five days a week. She's not lost for something to do in the evenings either, besides making very beautiful scrap books. Mrs. Beale enjoys a game of "Housie", and attends quite regularly.

On arrival in NP, she and her husband leased land for market gardening where the NP Hospital Nurses Home now stands. Later they moved to a 15-acre property in Govett Avenue. In 1912, they opened the first ice cream stand in Kawaroa Park. In the picture above, Mrs. Beale is shown in her childhood with her brothers and sisters, (she is on the left.) We noted that Mrs. Beale had a ready smile the whole time we were with her.

JUNIOR NATIONAL PARTY SHOW

The lounge of the Royal Hotel, NP, was filled for the Junior National Party's mannequin parade recently. Those attending got a glimpse of some of the newer fashions for the coming summer, with the accent on swim suits, two of which are shown above, worn by two very pretty models. Among the guests was the National candidate for New Plymouth, Mr Brian Clark, with his wife, above, right. Both showed keen interest in the models. Below: Most of the audience was of the younger set, shown here viewing the latest in cool and comfortable wear.

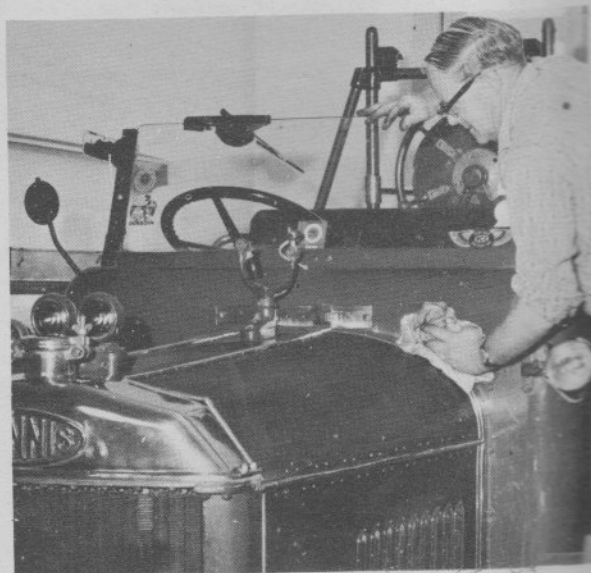

FIREMEN PREPARE FOR CENTENNIAL

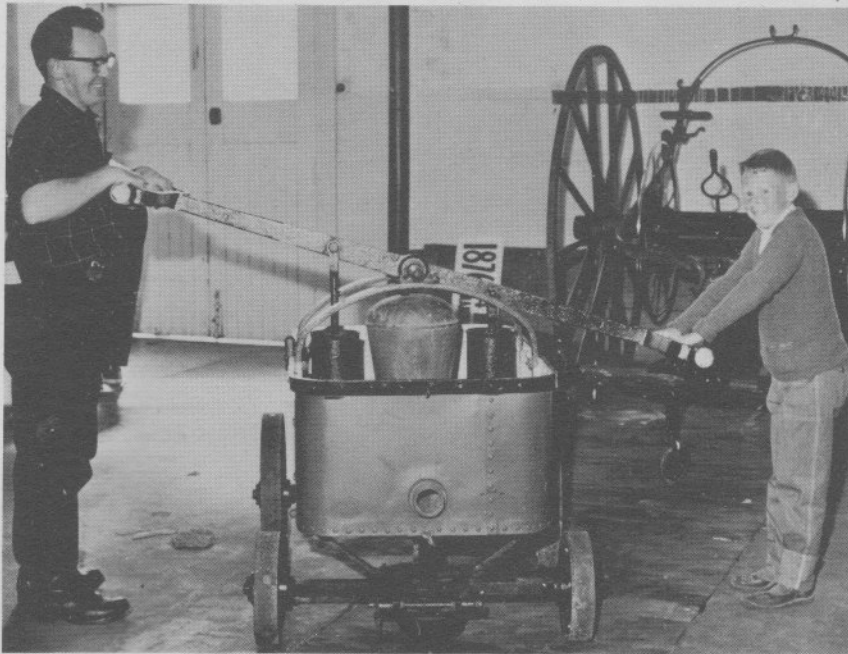

The old fire station has been a hive of activity over the past few days, and will be so for a time yet, as the firemen of New Plymouth prepare for their centennial. The old station houses a rare collection of old fire appliances, to be used in the street parade on Friday October 21st at 4pm. This will be a sight worth seeing too. Here we have some pictures of the firemen with their tins of Brasso hard at it in the station. Above, left: Murray Williams works on the motor of a 1924 Hudson appliance. Above: Station officer Alan Corry gets to work on the chimney of a 1886 Shand Mason steamer. Below, left: John Roberts did all the fiddly bits. Below: Eric Thomas puts a gleam on the Dennis.

The New Plymouth Fire Brigade's Centenary is going to be a fine demonstration of old and new equipment, plus a demonstration on Saturday 22nd of October in the Central School grounds of some of today's techniques in fire fighting. You will be able to see for yourself just how efficient our brigades men are. **Left:** Bob Clark and Nigel Williams get each end of an old manual pump, one of the exhibits in the centennial parade.

CHANGING FACE AT PORT TARANAKI

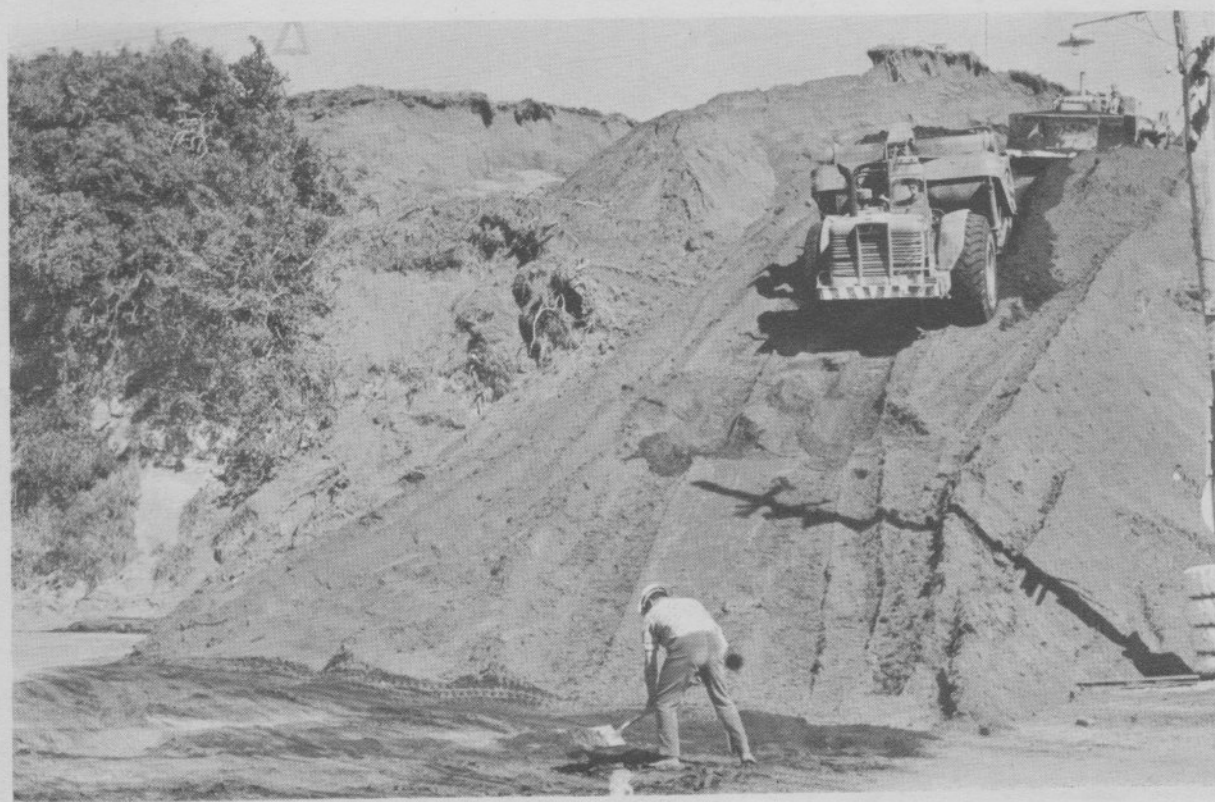

Just now there's a ton of work going on around the Port and along the whole stretch of Ngamotu beach, with some of the heaviest machinery flattening out the hills behind the port. Already, some thousands of yards of sand have been moved in preparation for the port expansion programme, and we feel that before Christmas not much of the old beach and port area will be recognisable. Above: This is the view from about the Breakwater Hotel right on Breakwater road, with the sand hills removed, and the beach a hive of industry with heavy earthmovers in possession. Below: Here, one of the hills behind the Harbour Board's office is being nibbled away. Below, right: About twenty or more tons of sand at a time are being moved, while a workman clears the railway lines, keeping the traffic to and from the port smoothly running.

Above: It had been a proud and highly successful season for the members of the Oakura Boxing Club. The boys, large in number for a boxing club, have won prizes at all the tournaments they have attended. Here they are with a fine array of cups, shields and prizes won during the season.

Below: First day of the new season for the Kawaroa Baths was a brilliantly fine one, and there were hundreds of patrons for that first dip of the season. Here, the baths are fairly full quite early in the morning. Looks like this will be a record-breaking year for the Kawaroa Pool, providing of course that the weather doesn't have other ideas.

AQUARAMA A COMPLETE SUCCESS

One of the most interesting shows ever held in the Agricultural Hall was the recent Aquarama, a show of interest to anyone and everyone. Lots of the fishy specimens were real, and provided a lot of stark realism to those who use the sea for sport. Some of the specimens are shown here. **Above:** A stingray. **Below:** Here's a couple of pictures which illustrate just how interested the spectators were. The bottom two pictures are of a bronze whaler shark and a hammer head shark, fearsome brutes.

WHOSE FACE IS THIS?

Each month, we will be publishing a crowd photograph similar to the one above. In the picture, one of the crowd will be ringed in white. Persons so marked who can identify themselves at the "Photo News" Office, ANZ Bank Buildings, Devon Street, will win a FREE year's subscription to "Photo News". This is the first of the series, and we'll tell you the winner in the next issue, if the person can identify herself.

SCHOOLGIRL GOLFERS

The annual schoolgirls' golf tournament was held at Stratford during the holidays. About 25 girls took part in this popular event. YWCA HOLIDAY CAMP

School holidays usually finds most children at a loose end, but not so with the girls of the YWCA group, who spent a very entertaining few days at their annual holiday camp. They visited local factories and were taught many useful hobbies at their headquarters. Above, left: Kaye Boyle presents a spray to Miss Nina Wong, a YWCA worker on a visit from the Phillipines, who spent many hours with the girls. Left: Jennifer Sole points out a place of interest on a world map. Below, left: This sort of study would improve world knowledge, and it was enjoyed by the girls. Above: This class is busy making their own Christmas cards. Below: Here the girls are learning the art of making up sprays of flowers.

N.P.'S AMAZON WOMEN

They call them the tough breed, and rightly so, these girls from McKechnie's and the Toll Branch of the Post Office. They recently played football, and what a battle it was too. We bet there were more bruises to the acre than anywhere. Needless to say, the toughies from McKechnie's won handsomely, but the Hello Girls are still looking for opponents. Above: Someone pinched the ball, so a halt was called, BUT.... look at the girl second from left, SHE's the ball pincher: Left: Nice forward pass from Gaye Styles to Jennifer Froggatt. Below, left: Ouch! bet that hurt! Christine Autridge was a fierce tackler. Below: Ballet dancer Squirt Healy goes high for the ball, but it slipped past her.

Gaye Styles runs alongside to pick up the pieces. Below, left: In the line outs, it didn't matter which way they came, some came around the back, some broke through, while at least one tried getting in underneath. Here Betty Klenner came from the back to get at the ball. Below: Rush down the side line by Jennifer Froggatt, with Squirt Healy tackling thin air.

It sure was a good game, and there must have been a couple of hundred spectators. Next game they play, the PO girls reckon to have their secret weapon in action, so look out, you challengers, you could be in for a rough time!
