YOU WANT ★ MORE ★ LOCAL NEWS

We recently increased the number of pages in "Photo News" to 84. In filling the extra pages, we thought that some news of a more national nature would be very acceptable to our readers. Since then, we have been inundated with requests to cover more functions. So keen are people to see local news events in this magazine that we have decided to cut out the national news pages, and substitute LOCAL news only, STILL with the enlarged number of pages...84. This, of course, is the right thing to do, as "Photo News" started out as a local news media. Since our enlarged edition, we've had a letter from a reader, Mrs L. Goldberg, of Illinois, USA, who implored us to continue with local news. We have also had other readers writing to us and asking that we only show pictures of local interest. Well, we are going to do just this....but....

Your cooperation will help us no end in compiling the full 84 pages with local pictures, so if you have an interest in a club or society or just know of anything that looks like a picture, ring us any time, and we'll send out a photographer. We can do that now, as there has been an increase in staff to cope with the extra work involved.

OUR COVER

Here are the three most popular girls during festival time. Miss Brooklands 1967, Nan Taylor (centre), is shown with her two maids, Sue Orchard on the right and Sandra Luty on the left. This colourful picture was taken at Brooklands Park.

BACK COVER

Another picture of the Bowl—this one was taken at one of the Kiri Te Kanawa concerts, and shows her on stage with the Little Symphony Orchestra.

The other picture on the back cover was taken at the recent Taranaki Surf Life Saving Championships on East End Beach. This is perhaps the most colourful part of the champs.

KIDS' DAY AT SPEEDWAY

Though the crowd was disappointingly small, the annual Kids' Day at the speedway was a huge success, with a programme that only the speedway boys know how to provide. It contained both variety and thrills for both youngsters and adults alike. From the spectators' point of view, this was the best programme on Easter Monday. **Above:** Popular speedway riders Brian Karkeek and Gary Peterson on a cycle sidecar outfit caused some amusement for the crowd. **Below:** Young speedster Chris Martin in his motorised cart. **Above, right:** Ian Cattley and Ian McLean, entries for the cycle race. **Right:** Marie Adamson won the motorised race for kids. **Below, right:** Ray Charteris gets a jab in the rear during one of the TQ races.

BOYS' BRIGADE SPORTS

There was an extremely good muster of boys from companies all over the province for the annual Boys' Brigade sports day at the Spotswood College grounds. During these sports events the boys are undergoing tests for their certificates and badges besides indulging in inter-company competition. Above: Don Cowie, Okato, passed his test with a mighty shot put. Below, left: Peter Kelly, Okato, topples the bar in the high jump event. Below: Start of one of the heats in the 220 yards test.

NEW COURTHOUSE NOW IN USE

The new courthouse in New Plymouth is now in use. It is a very impressive building, above, and when the front is tidied up with a few flowers and a new footpath, then it will be a joy to behold. What a difference from the old courthouse which has served New Plymouth for such a long time. The old building, below, has long passed its usefulness and is due for demolition soon. With austerity the Government's keyword right now, the official opening consisted of a few speeches, and bang! they were in business, instead of the usual ceremony. We think this a good idea, and cuts out a lot of wasted time and unnecessary pomp.

Above: Interior view of the main courtroom—very plain, but built to do a specific job, and by the look of it will serve its purpose in a workmanlike manner. Below: The new registrar's offices. Below, right: Main stairway leading up to the main courtroom, situated on the first floor of this fine new building.

SUCCESSFUL DRIVING TESTS

Some very interesting driving was seen at the old airport recently when the Taranaki Car Club and Automobile Association combined to provide competition for drivers. The tests were more a test of driving skill than speed, though time counted in the final result. To say it was successful is putting it mildly. **Above:** Rob Soot-Hill gets his instructions from time-keeper Greg Gable. **Below:** Competitor Peter Gendall gets his riding instructions. **Above, right:** Peter Gendall in his truck on the zig-zag course. **Right:** G. Clouston in his Standard did his share of wheel-spinning. **Below, right:** Like father, like son. **Here,** young Sheard tunes up his motor to get the best out of it.

MOTORWAY TAKES SHAPE

With the fine spell of weather, work has been moving along on the new Motorway on the south side of the city. There were a lot of holes to be filled and a lot of hills to be flattened. but with the giant earthmoving machines it is amazing how quickly this job can be accomplished. When we took these two photographs, there were four giants biting into the earth and moving tons at a time. In the picture above, two of these machines can be seen, and the shape of the road clearly evident. This is the view from the top of the new overhead bridge, looking south. Below: This is what the motorist will see after leaving Coronation Avenue, just by the entrance to the Welbourn school, as he proceeds southwards down the hill to the bridge spanning the present Junction Road.

PLANE CRASH AT TARATA

Two men walked unscathed from the wreckage of this light four-seater aircraft at Tarata recently. It is amazing that two people could come out of this alive, but the pilot, Bill Griffiths, and Mr D.M.Rawson, acting in an advisory capacity in the search for a lost tramper, walked away from the crash. Left: Here the plane seems almost lost in the thick undergrowth of the area. Above: One of the wheels was torn away in the crash. Below: The wreck lies buried.

NEW GREEN FOR PARITUTU

After much deliberation, the Paritutu Bowling Club decided to scalp their front green. It has been down now for many years, and contained much in the way of weed life that is not wanted in a green, and hard to keep out. In scalping the green, about 2" of soil was taken off the top, a total of about 80 yards of soil altogether was removed. The whole operation was completed in just over two days with a large band of volunteers to help with the job. Much can be said for the keeping of the green in that the levels didn't vary by $\frac{1}{8}$ " over the whole surface. Supervising the project was Tom Guy, a well known personality from the Waharoa Club in Matamata, who gives his time and effort in the interest of the sport. Above, left: Before the first cut was made, the measurements were checked and re-checked by Tom and his assistant, with straight-edge Clem casting a watchful eye on proceedings. Above, right: After the first cut had been made, green warden Bill Sanger and assistant Rug Hawkins look at the result. Below: The first run is made, and everybody was happy.

Above: Any technical troubles were attended to by chief technician "Grump" Roberts, who is shown here "fixing" a switch on the scalping machine. Below: After scalping, the green was grooved preparatory to sowing. Grooving here is Vern Muir doing the hard work, while Alf Bland keeps things straight. Above, right: Sowing was one of the more easy jobs. Right: Screeding after sowing and the job was nearly finished. Below, right: Finally the green is rolled, and then the members set to and prayed for the right kind of weather to get the newly-sown seed germinated.

20-LAP SPEEDCAR DERBY

Fifteen midget racing cars in a 20 lap speedcar derby race at the Waiwakaiho Speedway were the ingredients for some super thrills recently when drivers from far and near entered this long-distance race. So gruelling was the race that one after another of the cars pulled out and at the finish there were only half the field left.

HAWERA'S NEW POST OFFICE OPENED

HAWERA POST OFFICE

Hawera's new £120,000 post office was recently opened before a crowd of over 250 people. The official opening set a precedent when it was performed by the former member for Egmont, Mr W. A. Sheat, and the sitting member, Mr V. S. Young.

BOYS' HIGH SCHOOL ANNUAL SPORTS

Once again records were equalled and broken at the New Plymouth Boys' High School Sports recently. It seems that the modern generation is getting better and better in its fitness. It makes one wonder when this will all stop, or when youth will reach the ultimate in time at sports. It does show that at least some of this generation is keeping fit. Above, left: Bruce Binnie lands after jumping 17ft. 7in. in the junior long jump event. Above, centre: Winner of the junior 880yds. was Rollo Rawlinson. NEW MILK FACTORY AT ELTHAM

Sir Andrew Linton, chairman of the NZ Dairy Board, recently opened the Taranaki Dairy Company's new spray milk powder factory at Eltham. The fine new stainless steel and glass building, almost nine storeys high, is the first such plant to be opened in Taranaki. It has been in operation for most of this season and has already produced 6000 tons of powder by working round the clock. Sir Andrew predicted difficulties for the country in the next few years, but in spite of this the Dairy industry had a great future. **Top:** Sir Andrew speaks to the rather large gathering of farmers at the official opening. **Above:** Part of the crowd gathered for the function. **Below:** A new landmark on the Eltham skyline is the gleaming new building.

WAITARA H.S. GALA

The recent Waitara High School Gala raised a packet of dough for the organisers who feel that they can now go ahead with their proposed new gymnasium. It was a good gala day too, with plenty of variety and prizes for those attending. Above: This poor chap got dunked a few times, all for the sake of the school, too. NEW Y.M.C.A. STADIUM OPENED

At last the YMCA has a fine new home of its own. Their new stadium, costing £94,000 was recently opened by the Minister of Internal Affairs, Mr D.C. Seath. The 18,750 sq. ft. building is a credit to the effort put in by the YMCA board members in raising the necessary finance, to the architect and to the builders. Seating capacity is in the region of 1,000, and our pick is that the YMCA will derive a fine revenue out of the letting of the hall—it should become one of the most popular sports areas in the city. **Above:** Interior view taken at the official opening. **Below:** Exterior of the building which is still to have more work done to it.

Right: HERBERT-MILLS.

Pretty

Meet Miss Wool of America again, pretty Barbara Petsel from Iowa. Only a very few months ago when Barbara went travelling she took only an overnight bag. Now, as an ambassador of wool, she travels with nine large suitcases of clothes. She will be in N.Z. for six weeks.

▲ Moment of Agony

Many spectacular rodeo pictures have been published in the pages of Photo News over the years, but the "daddy" of them all would surely be this shot, recorded at the Kihikihi Rodeo by Waikato Pix photographer George Hawkins, of cowboy Rodger O'Neill's moment of agony.

Thrown from his furious mount, O'Neill lands awkwardly and his left leg breaks under the force of impact.

A second later he was writhing in agony under the flashing hooves, before being dragged clear and rushed to hospital.

▼ Whoa Boy!

Another outstanding horse picture from the Hawkins file is this dramatic pile-up at the Cambridge Trotting Club's centennial meeting.

The picture shows the driver of Stan By desperately pulling back on the reins in a vain attempt to stop his flying charge from leaping over a fallen Creggan.

Creggan's driver, I. Thomas, is thrown heavily onto the track, and was later admitted to hospital with spinal injuries.

The third horse, already fallen by the rail, is Volta.

"No, no, Charlie—a bit 'igher up!"

"The first thing we learn is how to fall..."

"... and I suppose you're going to fight me for the custody of the children."

"Can't stand him—always bragging about his transfer fee."
