To Visit New Zealand

The N.Z. pop scene will be, like with-it, during the next few weeks when several top-line overseas artists visit this country.
 Three top British acts will arrive in mid-April for Harry M. Miller's "April Big Show". They are the Hollies, Eric Burdon and the Animals, and Paul and Barry Ryan.
 Late in March, Herb Alpert and his Tijuana Brass (right) will play at Auckland and Wellington.
 Peter, Paul, and Mary will return for their second N.Z. tour in May.

◀ **Know Him?**

Recognise the crazy cat in the fringe and glasses? It's British entertainer Cliff Richard, who has adopted a new hairstyle since last visiting New Zealand.

Top-rated N.Z. popster Lee Grant has makeup applied by his cosmetician Diane Cadwallader before going before the T.V. cameras.

★ Wise Guy ★

The girls might question the Wisdom of having Norman act as the judge of their beauty contest, but they look quite happy about it. And so does he ...well, why shouldn't he! This is a scene from the new British comedy, "Time".

Pampering the Palate

While T.V. food man Graham Kerr is away in Australia, his campaign for better appreciation and use of N.Z. foods does not suddenly cease.

There is a team of young New Zealanders at the National Food and Wine Centre in Wellington who carry on the task of focussing attention on our foods.

The team includes Kerr's business partner John Buck, the "Mr Wine" side of the centre, who is this country's only "Chevalier du Tastevin"...a French title for recognised wine-tasters.

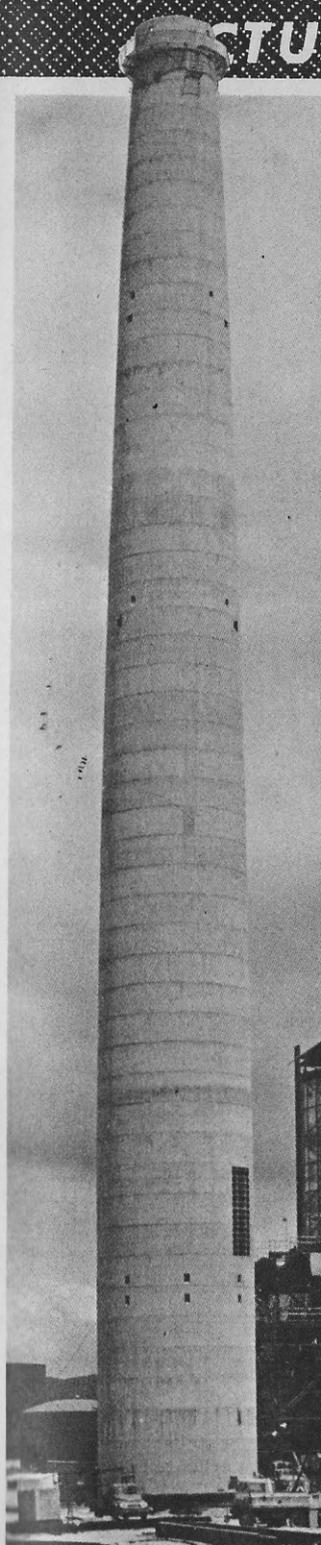

The centre's activities include lecture courses on wines and food preparation, as well as display of foods, and staff members include trained home economists.

Paraplegic Robin Hoods

Three of the growing band of courageous and devoted wheelchair sportsmen aim for the bull while competing in the archery section of the recent Paraplegic Sports, in Auckland.

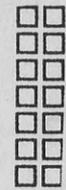

The two rear archers, N. Brown and W. Flood, were both Silver Medal winners at the Jamaican Paraplegic Games. In front is N. Ruatara.

Wheelchair basketball, an apparently spectacular sport, is the newest event to be added to the already comprehensive programme.

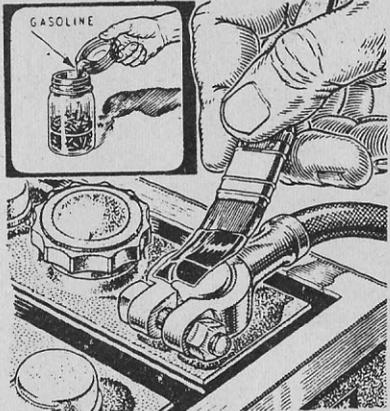

Cloud-Piercer

Seven layers of different materials, including compressed asbestos, stainless steel, mild steel, and a neoprene seal, were laminated by Industrial Chemicals (N.Z.) Ltd, in Auckland, to make bearings for this, the largest chimney in New Zealand.

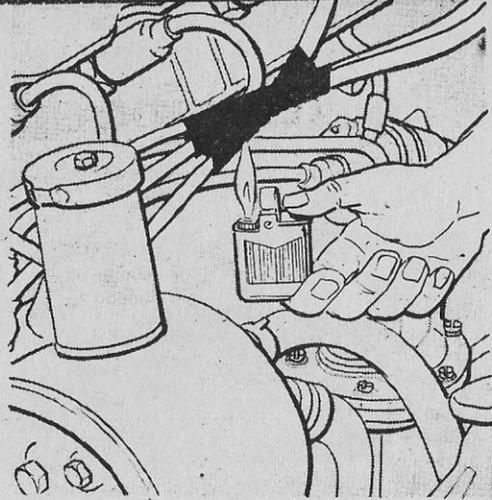

The chimney is 400 feet high, and is on the site of the oil-fired Whangarei Power Station at Whangarei Point, Whangarei. The base of the structure.

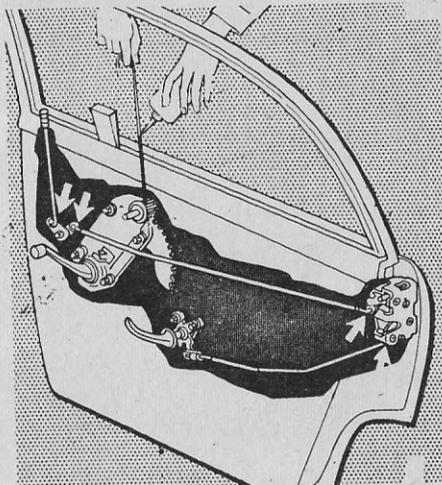

MOTORING WITH ROBBIE

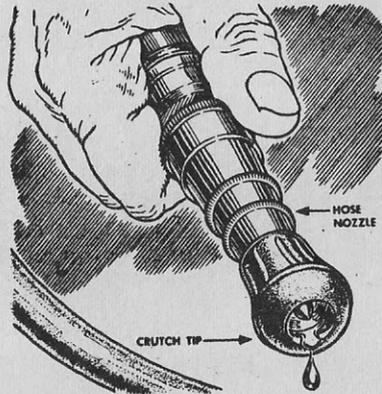

Stop battery corrosion around the posts and terminals with a paint made from the pitch of old batteries dissolved in petrol. The paint can be stored in a closed jar and brushed on whenever cables have been removed or a new battery is installed.

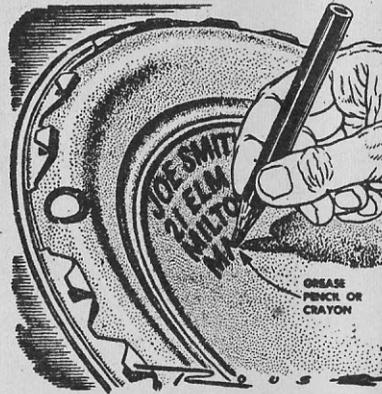

Removing electrician's insulating tape wrapped around a splice on lighting wires or wiring loom can be difficult, especially if the splice is in a cramped place. It will soften up and come off easily if you pass a match or lighter flame across the tape a few times. Don't set the tape alight, just heat it long enough to soften it.

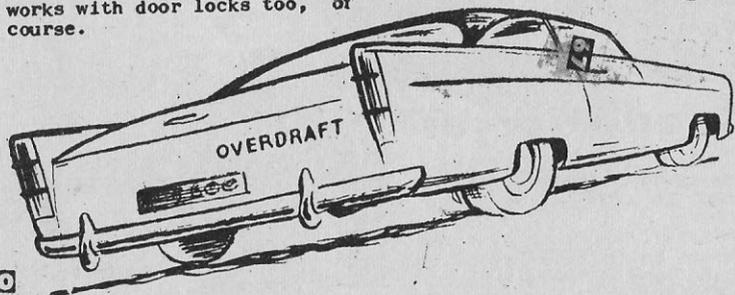

If the side windows are hard to open and close, the mechanism may need oiling. Lower the glass all the way, wedge it to one side, and insert a stiff wire down to the mechanism. Oil deposited on the wire will follow it right down to the desired part. This works with door locks too, of course.

A hose nozzle can't scratch or chip your car's finish if you cover the end of the nozzle with a crutch tip. Cut a 5/8" hole in the crutch tip to let the water through and centre the hole so that it won't interfere with the fine-spray adjustment.

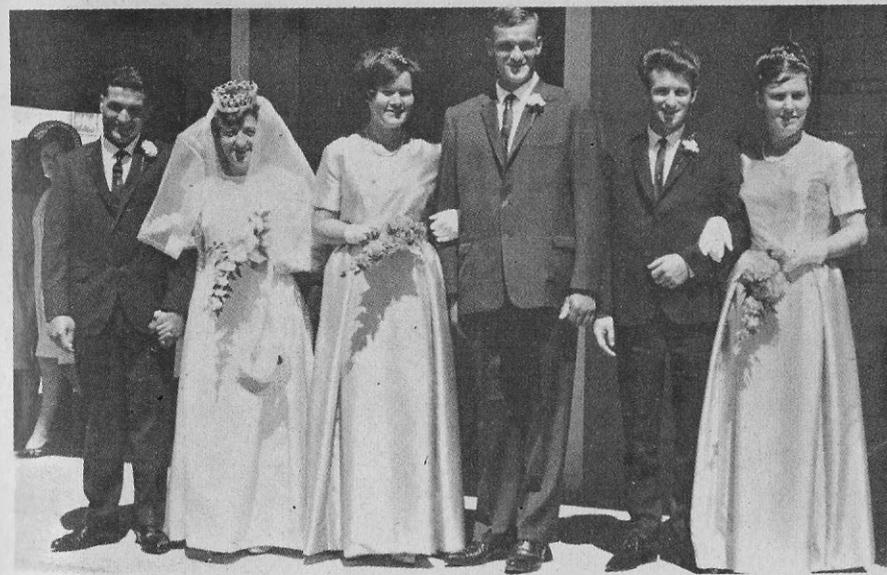

Print your name and address and telephone number with a crayon on the inside of your car's hub caps. If you should happen to lose one, there is a good chance it will be returned or you will receive a phone call to collect it.

ST. JOHN CHIEF IN CITY

The Commissioner-in-Chief of the St. John Ambulance Brigade, Rear-Admiral Sir Royer Dick, recently paid a visit to the city and made presentations of awards to members of the brigade at a special parade in the NP War Memorial Hall. FUNERAL AT MANUKORIHI PA

The scenes on this page were taken as the ashes of Mr Te Rakaherea Pomare are placed in the tomb of his father, Sir Maui Pomare, a distinguished Maori leader. Mr Pomare, who died at Lower Hutt recently, retired as the Health Department's national tutor for health inspectors in Wellington. About sixty people, many from outside Taranaki, attended the tangi and funeral for Mr Pomare. The Mayor of Waitara, Mr A.D. Wilson, paid tribute to Mr Pomare at the funeral. **Above:** The casket is taken to the vault of his father. **Below:** Mourners watch as the casket is lowered into the vault.

MIDHIRST SPORTS

It was a grand day, both weather and crowd-wise for the annual Midhirst Sports day. There seemed a bigger variety of sports at this day than at many others in Taranaki that we have been to, with trotting, motor-cycle racing, chopping, athletics and many other sports on the programme.

CHIEF SCOUT VISITS TARANAKI

It was a big day for the Taranaki Scouts and Cubs during the Easter week-end when they received a visit from no less a person than the Commonwealth Chief Scout, Sir Charles Maclean. In camp were some 300 Scouts and about 50 Venturers, and with a day visit by the Cubs, in number 400, this made a good show for the very important visitor. Sir Charles was most impressed with what he saw, and commented favourably on the way the different troops had laid out their camps. While some were not quite as ship-shape as others, on the whole they were a credit to the Scouting movement in the province. We have it on good authority that Sir Charles left the district with a very favourable impression of the Scouts of Taranaki. Above: Sir Charles and his party arrive at the camp. Right: He was given a Maori welcome by Richard Wharehoka, who came all the way from Pungarehu for the welcome. Below: Challenged at Cardiff Park, Sir Charles was welcomed by this Maori party which performed a couple of action songs for him.

Above: During the visit of Sir Charles, it was very noticeable that he was fond of playing pranks with the boys...and how they loved it! Here he pulls Waitara Sea Scout Murray Peterson to him with his staff, to the amusement of the other members of the troop. Below: Here, Sir Charles talks to members of the St. Joseph's troop. Above, right: Another gesture was to ask various boys if they would like to become the Chief Commissioner, and fitting his hat on the boys, who thought the whole thing a huge joke. Here Sir Charles does just this with Neil Adams of the Central troop. Below, right: His friendliness with the boys was something that had to be seen to be believed.

Below, left: A brief word with nearly all the Scouts was the aim of the Chief—here he talks to boys of the Mikotahi Sea Scouts. Above: The boys were thoroughly questioned by Sir Charles. Below: In the cookhouse of the Central troop, Sir Charles showed keen interest in the feeding of the boys.

The boys never let up working while the Chief Scout was on his rounds.

DEBUTANTES AT SCOUT BALL

Over 250 people recently attended the annual Taranaki Scouts Debutante Ball at the Memorial Hall, Stratford, where the debutantes were presented to the Commonwealth Chief Scout, Sir Charles Maclean. The debutantes were, above, from left, Raewyn Aspinall, Stratford, Anne Reid, Stratford, Barbara Chong, Hawera, and Anne Buchanan, Tututawa. 2,500 AT SPEEDBOAT REGATTA

Easter Sunday at Lake Rataipiko saw a crowd of over 2,500 for the annual midget speedboat regatta. The day was a brilliantly fine one, and the crowd was treated to some very good racing by these small fast boats. The new course had been enlarged, and the corners were not quite as tight as they had been in the past, which helped in the spectacle and speed of the boats. Above: Scene at the side of the lake as boats are prepared for the many events on the programme. Below: Start of the feature race, as the contestants come up to the line and are given the go sign. Bottom: Three of the faster boats come round the top buoy together and head into the long straight.

REWARDS FOR COURAGE

Bronze medals of the Royal Humane Society were recently presented to two local men who took part in a rescue at night on Paritutu. FORUM AND ACTION

Are All These Rescues Necessary?

Every time there's a search or rescue effected it makes us think...How much is this costing, and how many man-hours of work are lost because of a person getting lost in the bush? Two local men, Constable Ray Petrowski and Mr Vic Rhodes, recently received the Royal Humane Society's bronze medal for a night rescue on Paritutu, and are shown receiving their medals from the Mayor of NP, Mr A.G. Honnor. This was a hazardous rescue, which could have resulted in loss of life, and all because a seaman thought it looked easy to climb Paritutu from the seaward side.

In the photograph below, a brand new Cessna plane was wrecked, and again, this COULD have resulted in loss of life. Once more it was because a bod got lost in the bush. Surely nobody should think about going into the bush without knowing how to get out again, and a little elementary knowledge of compass work would help. Haven't got a compass? Ask any Boy Scout how to use his watch as a compass. Little things like that could easily save thousands of pounds' worth of time and effort...so think before you walk away into the bush, or climb forbidding rocks.

Keep Our City Clean, Please

Just look at the untidiness caused by lorries from the wharf, carting potash out to Smart Road. Right from the wharf along St. Aubyn Street, and then on up through Devon Street, it looked a disgusting sight. Cannot something be done about this menace? This is not the first time that our streets have been covered with some form of fertiliser. There is surely a bylaw about casting offensive matter on the highway, and to our minds nothing is more offensive. Let's keep our city clean, please!

Above: The 1941-1950 players were very numerous, and it seemed to us that this decade had about as many ways in it as any other decade. Below: Coming to the more recent players, here we have the 1951-1960 decade, not quite so many of them, but including some of the more famous players. Bottom: Present day players, many of whom were to play that day against the Ponēkē club.

SPOTSWOOD GALA DAY

No doubt about the Spotswood Primary school-- they know how to run a gala. It was amazing that there were so many people there, but with some very good attractions it's no wonder. The gala started off with the crowning of the school "Queen", Raewyn Manly, being crowned by Miss Brooklands, 1967--Nan Taylor. **Above:** Nan and Raewyn head a colourful parade round the school grounds aboard a sports car. **Below:** Stan Humphreys was kept busy at the coconut shies.

Above: In the parade at the Spotswood primary school gala were the young girls with their decorated prams, and what a pretty sight they were, with all the colours of the rainbow. There's one little chap who should have been with the decorated bicycles, looks like he's going to be a ladies' man!

What A Man!

A 37-year-old Waikato farmer, and ex-Taranaki man, Bruce Judd, has recently gained his B.A. degree at Waikato University. Born in Inglewood, Bruce had five years as a boarder at the New Plymouth Boys' High School. After working as an office boy, a commercial traveller and finally a farmer, Bruce has settled down at Hamilton with his family of eight children. His wife was formerly Robin Knox, Opunake. They left Taranaki seven years ago. Bruce plans to go into the Teachers' Training College at Hamilton, and will then go on for his M.A. degree. **Below:** Here he is shown receiving his degree from the Governor-General, Sir Bernard Fergusson. **Below, right:** This is Bruce with his family surrounding him.

FOR SERVICES RENDERED

After thirty-six years with the New Plymouth Little Theatre Society, the secretary, Mrs Evie Atkinson has retired. TUKAPO JUBILEE GATHERING

At the Tukapo Football Club's 75th Jubilee, perhaps the get-together was the most popular function, as old timers and present day players swapped yarns about the differences in play in the olden days to the brand of football dished up today. Here are a few of the groups. **Above**, from left: Wilson Jury, unidentified player, Sam Harold, Don Chapmen, Terry Chamberlain, Fred Knott, Keith Morris and Joe Franklyn. **Below, left**: Bob Voullaire expounds a theory to a couple of good listeners. **Bottom, left**: Four All Blacks here—Colin Meads, Peter Burke, Kevin Briscoe and George Loveridge, and standing back at left, is the bearer of a famous football name, Bob O'Dowda. **Below, right**: Jack Gilbert and Alan Boulton get an ear-bashing. **Bottom, right**: Four of the real old timers, Porrie Brown and Fred Beu among them, had a heart-to-heart. Tried and Proved

Here's a sight that may never happen again, though we feel that with the most favourable comments made by those organising and taking part in the recent test match, there's every reason to believe that the real possibilities of Pukekura Park are at last realised. It's long past time when national sporting bodies realised that other centres besides the four main ones have facilities that are just as good, if not better than most.

And this applies not only to cricket, but to soccer, hockey and athletics--in fact any sport which requires a good playing surface and ample spectator room, in a setting we believe second to none. (Peter Hamling Photo).
