

Pups Go To Kindy

A rare treat was recently afforded the small children at the Fitzroy kindergarten, when Mrs D.C. Sorrensens took along seven Dalmatian puppies for the children to play with. No sooner were pups released than a mutual affection was very evident. Mind you, the pups were pulled about quite a bit, but they certainly seemed to enjoy meeting their new friends. Above: Kindy teachers Tessa Diack, left, and Kay Edginton arrange the seven strangers on a plank. Left: Scamp of the party was Pirate. Below, left: Marie Jenvey showed no fear of the pup she had. BOTH CONTESTANTS KNOCKED OUT

Only on rare occasions does one see both contestants knocked out and unable to carry on with a contest at a wrestling match, but this was the case in the bout between Roy Shippey and Teddy Williams (Australia). In the sixth round they clobbered each other with a drop kick, left, and both fell to the floor...out to the wide world. At right, each of their seconds begins the process of bringing them back to earth. Below, right: Williams is here thrown out of the ring by Roy Shippey.

Urenui Schoolboys Beat Elders

Members of the staff and school committee recently challenged the boys at the Urenui school to a game of footy. The boys worked a flanker on their elders and brought their own referee, one Kevin Briscoe. Needless to say, the boys beat the oldsters by a very shrewd move. They simply let them run out of wind, then the lads wound themselves up, and with the help of Kevin Briscoe, they romped home to a comfortable win. Just as a thought, we wonder what sort of life the boys have had at school recently. Above, left: Kevin makes sure there's no protruding bunions or corns before the game. Bedstead Record Bid Fails

Supporters of the Operation 21 movement recently tried to break a world bedstead-pushing record, with a push of 64 miles, from Waitara, through New Plymouth to Hawera. They were a bit unfortunate with the weather, conditions being decidedly moist for most of the trip. Pushers changed every half mile or so, with many girls taking their turn with the bedstead. **Above:** The bed arrives from Waitara. **Below, left:** Ready to start on the next leg of the journey to Hawera. **Below, right:** Minor adjustment before the start. **Bottom:** Even the fairer sex did their share....and up the High School hill.

LIONS' ARRIVAL AT NEW PLYMOUTH

A mere handful of people was at the airport to greet the touring Lions when they arrived at the city recently. Two planes brought the team to our city on a beautiful winter day, and they were impressed with the town and the mountain.

Parade For Lions Below Standard

We're sorry to say this, but we felt that the parade for the visiting Lions team on the Saturday morning before the big game was well below what the citizens of New Plymouth expected. What, we ask, was the sense in showing new cars in a parade of this nature. Surely we've enough organisations in the city to have had a parade a couple of miles long. It would seem that the parade wasn't to welcome the Lions, but to collect money for a charity. While we are in favour of help for the organisation concerned, we feel that this was perhaps the prime motive for the parade, rather than a rousing welcome for the tourists. Above, left: Operation 21 sure is busy with their campaign. Above, right: The biggest piece in the parade. Below: Crowds in Devon Street for the parade.

THE LIONS' GAME

And what a game it was. A thriller every minute of the way, with both teams determined to win this great struggle. The Taranaki forwards dominated the pattern of play for the first spell, but in the second half, the Lions showed some of their brilliance in the backs and finally won by 12-9. They came back from being 6-9 down at half time with determination to win, and they finally wore down the opposition. It was a wonderful game, played in a true sporting spirit. THE LIONS PLAY SOCCER

The day following their win over Taranaki, the Lions held an international soccer tourney at the racecourse. It was a light-hearted affair, and showed that the tourists had other talents. It really turned out to be a morning of fun and relaxation for the tourists, though they were serious enough when playing.
