## OUR COVER

Take a pretty girl, a coloured towel and one of Taranaki's fine beaches, and you've got as nice a picture as you'll find. Naturally enough, we had to have a pretty girl, because the province abounds with them. Though other districts may disagree, we feel that Taranaki has the prettiest girls in New Zealand. The model is Barbara Birkby, a dental receptionist in New Plymouth. Bet there'll be a lot of toothache in town soon.

**BACK COVER:** The yachting and motor-boating season has had a good start this year, and our colour picture records a happy scene offshore at New Plymouth.

**NEXT ISSUE:** DECEMBER 18.

## Her Ship Came Home...

For Heather New, an attractive Opunake school-teacher, it seemed that the 13,600-ton freighter Persic would never reach New Plymouth.

Five months ago, in Brisbane, Heather was married to the third engineer of the Persic. They had a short honeymoon; then the Persic sailed for distant parts. Heather came back to Taranaki.

Then the great day arrived, and the Persic sailed into Port Taranaki. Need you ask if it was a happy reunion?...just look at the picture above!

**Below:** This is the ship which meant so much to Heather, photographed as it turns in the basin.

**Left:** Working to a very fine limit, the Persic came very close to the wharf on berthing.

## S.T. M.C.C. Scramble

A very large crowd recently attended the South Taranaki Motor Cycle Club's scramble held at Okaiawa. The course was in perfect condition for the racing, which was of a very high order.

**Above:** Brian Marshall (Wanganui) manages to keep ahead of Dave Moorhead.

**Above, right:** Gary Waldie puts in a burst of speed over the short straight.

## Charm School Graduates

Now here's a bevy of charming young ladies. They are graduates of the Rosamund Shield Charm School, and each is holding her diploma presented at the passing-out ceremony of the school.

To conclude their course, the girls demonstrated their talents at a mannequin parade. After watching them in action, we can see why they won those diplomas.

**Back row,** from the left, Valerie Little, Lorraine Johns, Faith Gordan-Glassford, Barbara Birkby, Wendy Grotcott, and Janet Woodhead. **Front row,** Robyn Waldie, Jan Cleaver, Valerie Rush, Ailsa Robertson, Gaylyn Wallis, and Charm School principal Rosamond Shield, and her assistant Heather Robertson.

## 90th BIRTHDAY

**Below:** Mrs G.H. Fry doesn't look her 90 years as she cuts her birthday cake—but that's what she's celebrating.

In the picture at left Mrs Fry receives congratulations from the Mayor and Mayoress (Mr and Mrs Honnor).

At left, is Mr Fry, who retired from the City Council after 15 years' service, and did not seek re-election.

## Inter-Club Sports

Though very poorly supported by both competitors and public alike, the inter-club meeting held recently at Pukekura Park provided some very exciting competition amongst those who did turn out.

**Above, from left:** Kevin Gibbons, one of New Zealand's top pole-vaulters is caught in action as he goes up and over.

**Below, left:** Jocelyn Stent of Stratford, the Taranaki record-holder for the shot-put event, is shown in action.

**Below:** Jan Sutherland, winner of the B grade 80 metres hurdles, smiles as she goes over the last hurdle.

**Army's Live Shoot at Hawera**

With the idea of getting recruits for the army and also to demonstrate to the public some of the modern weapons that they now have, the Army recently held a live shoot at Hawera. Attracting a large crowd, it could be termed a success, as about 10 youths decided that it was the life. **Above:** Bren guns were fired at a demonstration and the public were invited to have a go. A big queue formed to fire these old-faithful weapons. **Below:** All the latest of the Army's small arms were on view, and created a lot of interest. **Below, right:** One of the more modern weapons, a 5.5 rocket launcher.

Building what is probably the first Go-Kart in Taranaki, for a popular sport, is David Hoeta. David spent a lot of spare time with lengths of tubing, before he devised the frame. With the machine, the whole outfit has cost him a mere £20, on which he has high hopes of getting a lot of fun. The Go-Kart is said to be quite safe for the kids to drive.

*Roving Camera*

**Above:** This picture might look funny to you, with a power pole planted fair and square in the middle of the footpath. One thing we do know, the power pole got there first, then the footpath contractors came along and spread their path around it. It is to be hoped the pole is due for removal soon, before someone walks into it in the dark and gets hurt. **Below:** Members of the recently-formed New Plymouth Water Ski Club have had a bit of trouble in getting their skiers under way. They hit on the novel idea of building a platform, which is to be anchored well off-shore. Here, members who helped with the building and launching, wait for the launch to tow it to its anchorage.

### Obedient Dogs

First meeting of the N.T. Canine Obedience Club, this year, was a parade and competitions at Pukekura Park recently. A large number of competitors helped to make the afternoon a huge success.

**Above:** Four of the competitors taking part in the children's pet parade event. This attracted so many entries that three heats had to be run.

**Right:** Mrs D.Outwin, secretary of the N.P. SPCA, judging the Australian Terrier belonging to Sandra Musker.

**Below:** "Let me at him" says this little French Bulldog pup, straining at the leash to make mincemeat of that pesky pup.

**Bottom:** Part of the field in the Obedience test. Most of the dogs stayed still, but one or two got a bit fresh, and followed their masters.

**Above, left:** Charming couple, aren't they? Brian Marsden is the proud owner of this young French Bulldog.

**Above:** Winner and second in the children's pet parade, Brian Marsden and Peter Johns.

**Below, left:** Most entrants made their dogs walk to the show, but not so with Mrs Duffy. She brought hers in a basket.

**Below:** Most dogs followed well in the obedience test, but others, like this terrier, belonging to Graham Earle, had other ideas.

## Huiroa "Mannequins"

When the Huiroa Social Club decided to give one of their prominent citizens a send-off, it wasn't a surprise to find that all the district folk had turned up to make the evening one to remember. But then of course, nobody mentioned the lads of the village. They, in their quiet unassuming way, provided the fun, when some of the more daring ones dressed up as mannequins. The result was uproariously funny, keeping the large crowd present in fits of laughter.

We have managed to get quite a few pictures of those taking part, with their dressers, but we have been threatened dire consequences if we as much as print one name. It is with a certain amount of misgiving that we print these pictures, with the hope that Huiroaites can have a few laughs. Let's hope the school teacher is not held up to too much ridicule by his pupils!

### HUIROA "GOON" SHOW

"Goon" show did we say? It was more than just that, it was probably the funniest show ever to hit Huiroa, and the comments will be going round the district for a long time yet.

Above: These are the "Girls" who created so much merriment with their antics as mannequins.

Left: This saucy Sue took time off to get a drag on a fag.

Below: And these are some of the audience, who sat on the floor and laughed their heads off.

## Roving Camera

**Above:** When the Stratford Technical High School recently held an open day, with parents able to see their offspring's work, the attendance of interested people was very high. # "Snow White & the Seven Dwarfs"

will be the Hawera Repertory Society's Christmas production commencing on Monday, December 7, for a season of six performances.

Producer:  
Mrs I. Burns.

"Photo News" can let you into a secret here. We've seen some of the rehearsals, and we're willing to bet our last roll of film that this colourful production will be a great success. It has everything. It can't help but entertain the adults, and as for the children, well—it's much more than an entertainment. It is a fairy-tale come to life.

**Above:** The seven dwarfs, played by Robert Jensen, John Billington, John Morrison, Michael Taylor, Neil Taylor, Alister Morrison and Ross Beamish, return from a hard day's work in the forest.

**Left:** The Queen, played by Margaret Lester, is threatened by the dwarfs.

## Y.M.C.A. Gymnasts

Any evening of the week you can go into the Agricultural Hall and find youngsters of New Plymouth enjoying the benefits of the YMCA classes. These lads, led by general secretary Dennis Oliver, perform some amazing feats of strength and skill.

Should you think that these feats look easy, then get down on the mat, and find out how hard they really are. Or better still, go along to the gym classes and see the boys perform.

**Top:** Here the boys do their exercises standing on their heads.

**Above:** Marshall Taylor does the splits...and it's not as easy as it looks.

**Below:** Brian Cleaver on the rings does a back planch.

**Right:** Here's one to try at home. Peter Woodham demonstrates a chin balance.

Here are some of the more intricate movements performed by the YMCA Gym boys.

**Above:** Vaughan Walker somersaults over the horse, where our camera catches him in mid-air.

**Below:** One of the most difficult feats to perform is the crucifix, here demonstrated by John Ramsay.

**Above:** Here's a boy who is defying the force of gravity... Marcus Lecher fly-vaults over the horse.

**Below:** Agility and nerve are the ingredients for this feat, the back flip, performed by Ian Keller.

**Left:** And this is Dennis Oliver, hard-working general secretary of the YMCA. Denis is also a gymnastic champion, so can impart his knowledge to the boys. It certainly is a well-worthwhile job that Dennis is doing. Send the youngster along Mum --he'll benefit no end, both physically and mentally.

**St. Patrick's Calf Judging**

St. Patrick's Convent, Inglewood, recently held their judging day. Though the entries were not very great in number, they more than made up for that in quality.

# Kaponga C.W.I. 28th Birthday

Women of the Kaponga CWI recently celebrated their 28th birthday, with a party that went with a swing. To add to the enjoyment of the party, the Hula girls entertained with some items in their own inimitable way—and what a way it is! Here they are at right. They certainly provided the audience with plenty of fun and enjoyment.

## Roving Camera

The bane of nurserymen in Taranaki is the dry season, when young and valuable plants can easily be lost. To overcome this catastrophe, Huthnance and Kidd got a well sunk, and they can now get 1500 gallons an hour. The well boring was carried out by the Egmont Well Water Supplies. In the two photographs above, the gardens are now full of those young plants. Left is the well borer in action. (Pix by Crago)

**Below, left:** During the search for the escaped prisoner recently, the vigilance of the police was very sound. Road blocks were manned, and every car was well and truly searched.

# At the Boat Show

The Boat Show at New Plymouth recently got more than its usual share of visitors. With the advancement of back-yard boat building, great interest was shown by most of those who attended. Above: There was of course, a mannequin parade to show the customers what the smart boatie is wearing this season. Here Gayleen Wallis shows a smart swim suit. Who let those youngsters into the front row? Above, centre: Faith Gordon-Glassford displays a cool summer cotton, while right, Carman Wilson gets into her short shorts and blouse top.
