## Spectacular Crash

This is one of the most spectacular crashes that we have ever photographed. It occurred early one Sunday morning in Pioneer Road, completely pulling out a power pole, concrete at that. The pole snapped off and fell onto the roof of the car, crushing it down by more than a foot. YET..... the driver got out with only a small scratch. How lucky can one be? Well, that depends.. This could happen to YOU, and you might not be too lucky, so take our advice, DRIVE CAREFULLY during the coming holidays.

The car took the pole completely out of the ground. The hole of the pole is in the foreground.

Interior view, showing how much the roof of the car was smashed in, and how lucky the driver was to escape injury.

## St. Andrew's Celebration At Stratford

The skirl of the pipes was heard right through Stratford on St. Andrew's night. The local Scottish Society organised a ball, flavoured with songs and dances of the Highlands, and attended by every Scot and Scottish descendent in the town. To add to the enjoyment of the evening, station 2XP did a live broadcast from the Town Hall during the evening. Above: Compere Bill Jamieson and Walter Caldwell, one of the artists on stage during the broadcast. Above, right: Gaye Topping of Waitara danced the Sean Truibhas. Below, left: The Balmoral dance band was a treat to the Scots present. Below, right: Soprano Rachael Olson provided entertaining items.

Above: So keen are the Scots on St. Andrew's night celebrations, that Mr and Mrs Bob Barker danced with son Allan between them. Bob and his family hail from Dundee.

Below: Some of the dancing was a joy to behold so well-practiced were the dancers.

Above, right: The youngsters especially enjoyed the fun.

## Hawera T.H.S. Festival

For musical quality, this, the Hawera T.H.S. Festival was the best that we have heard this year. We were most impressed with the instrumental items, all of which were a joy to listen to.

Above: The massed choir of nearly 200 voices and accompanied by the school band, to us, were musically perfect.

Left: The small boys' choir were just as well-trained as any other choir.

Below, left: The junior girls' choir performed delightfully.

Below: Conductor Mr H. Farrington has done a fine job with the pupils of this school.

No school music festival would be complete without its Maori group. And none more popular than the Hawera Technical High School group. They were given the greatest applause at the recent festival, and they richly deserved this applause. Above: Included in their items was a haka, so popular with the audience that they had to repeat it. Below: Girls of the group performed with their long pois "Aue ae Aue". A well-performed group earning the most applause and thoroughly deserving it.

## West End Scout Awards

Some important awards were recently made to members of the West End Scout troop, on their annual end-of-season social evening. **Above:** The assistant Scoutmaster, Alan George, receives the woodcraft badge, commonly referred to as the "beads", from the District Commissioner, Mr M. McAlpine. **Above, right:** The Cubmaster, Margaret Hickland, received an identical award from the Assistant District Commissioner for Cubs, Mrs A. Coleman. **Below:** Scout Alan George receives a prize from Scoutmaster Ron Williamson for his effort in the recent Bobs for Jobs campaign. **Below, right:** Cub Philip Martin also won a prize in the same campaign.

## Skating Club Speed Trials

Speed trials were recently conducted at the East End rink, when skaters from many parts of the North Island entered for this long series of races. Some particularly good times were recorded, and records were broken. **Above:** Dennis Fenwick (NP) in his heat of the senior half-mile. **Below:** A tight finish to the junior boys' quarter mile event between D.Hayes, P.Theobald and J.Hollins. **Above, right:** Cornering at speed are the brothers D.and M.Theobald and in between them is L.Robinson. **Right:** Kerin Downey (NP) at speed. **Below, right:** Kerin leads the field home.

## St. John Cadets Hold Parents' Evening

As an end-of-season function, the NP cadets of St. John Ambulance held a parents' evening, at which they demonstrated to their parents all they had learned during the past year. It was an enjoyable and enlightening time for the parents to see what their boys could do in a case of emergency.

## New Amenities At Opunake Beach

More amenities have been added to the beach area at Opunake, and they will be made full use of in the coming holiday season. The new Surf Club pavilion, above, only needs a small amount of work to complete. This building plays an important part in the safety of the beach at Opunake, and is a much-needed amenity at the beach. A thrill awaits visiting children when they find that there is a plane down at the beach. This ex-American fighter, below, will be the focal point for a lot of the younger fry during the coming holiday season.

## Married

Maree Peterson, sister of the bride, was the flower-girl. Future home, NP.

## Golfing Grannies

The New Plymouth Golf Club was the scene of the recent annual Grandmothers' Golf Tournament. Over forty local grannies took part in this social event which is proving more popular every year.

Above: These are the competitors. We've got our doubts about some being grandmothers, so young do they look, but the organisers assured us that they had all been thoroughly vetted before entry.

Below: Four of the originating members enjoyed a round of putting. From left: Mesdames N.Curtis, D.Flyger, club captain, Jean Jones, E.Lightband and J.Hill.

Below, left: Despite their rating as grandma's, it was surprising how the low scores came in at the end of the day.

## Hawera A. & P. Show

Attendance was down a bit on last year at the Hawera A & P Show, and no wonder, when it is recalled that the weather, particularly for the evening show, was worse than bad. There was a gale of wind plus many squally showers, which had the effect of keeping people at home. Despite this, the show was of its usual high standard in every department. Some of the cattle on view were particularly fine specimens. **Top:** Leading the grand parade was the Hawera Pipe Band. **Above:** Cattle and horses lined up in front of the stand at the conclusion of the grand parade. **Below:** Trotting is proving a popular event at the show. **Bottom:** Grand parade of horses and one midget pony ridden by Diane Oliver, and for a three-year-old she paraded like a veteran.

## The "Mountain Goat" Gets The Green Light

After many frustrating months of negotiations with government departments, at last the invention of New Plymouth motor cycle dealer, John Callender, the "Mountain Goat" can now go into full production. This runabout, primarily intended for use on back-country farms has really caught on, and with publicity overseas, John has had several inquiries from outside NZ. The machine was recently demonstrated to us on country which was almost too steep for walking, but the little mountain goat did its job without a murmur. The machine, priced at about £130, has a low speed of walking pace, and a top speed of around 30mph, controlled through a four-speed gearbox.

Muddy and slippery tracks were child's play

It will even go up hills that aren't there!

The machine is easily handled...weight 130lbs.

## Vacuum Silage Demonstration

A field day was held on a farm in Corbett Road recently to demonstrate a new way in silage making. To us, this seems an easy and economical way of making silage. First the grass is cut and stacked onto a sheet of polythene, and when complete is covered with another sheet of the same material and sealed all round the bottom. A pump is then brought into action, sucking out all the air and moisture in the stack. In our pictures below are shown, left, the stack complete but before the air was sucked out, and right, after all air and moisture was taken off. Shown above, are members of the local farming fraternity who turned up in good numbers to witness this interesting demonstration.

Below: The New Plymouth Aero Club has taken delivery of its new plane, the Australian-made Victa. This is a light aircraft with Rolls Royce motor which is as economical to run as a car, and not much dearer to buy. Here, the NZ manager for Victa Aircraft, Mr Reg Shand (centre), is handing over the log to the president of the Aero Club, Mr Banger Martin, with chief instructor Bill Griffiths looking on with approval.

## Floral Art Workshop

The NF Floral Art Club recently had a visit from an expert on floral art, Mr Herbert Hoare, Auckland. After spending a day in lectures and demonstrations, the members moved to their own workshop where they had the expert guidance of Mr Hoare. Evidence of the benefits gained were in the many fine displays arranged by the members of the club.

## City's New Buildings Take Shape

Above: New buildings in the city are fast taking shape with a noticeable difference being made to them week by week. The new Government Life building on the corner of Gill and Liardet Street seems to rise by feet per day, so well advanced are the builders.

Below: A building of a more modern shape is the new radio station on the corner of Powderham and Brougham streets. This building will be ready for occupation by next August and will be a smart addition to the New Plymouth skyline.

## Fitzroy Christmas Fair

The Smart Road WDFP hit the jackpot recently when they organised a Christmas fair in the Fitzroy Hall. Included in the fair were stands from the local businesses of Fitzroy, stalls of the local WDFP with produce, and a live broadcast of the 2XP's Women's Hour programme, when members took part and watched the proceedings. **Above, left:** Women's Hour reporter, Penelope Stubbs, interviews the president of the Smart Road WDFP, Mrs Dulcie Priest. **Above, right:** Announcer Eugene Fraser conducted a quiz for prizes donated by local firms. ## Three Bodies In Accident

When this car was recently overturned, there were three bodies involved, two being catapulted down a cliff face, and the third being trapped inside. Thirty men, firemen, police and traffic officers, besides the St. John Ambulance men were involved in rescue work. This could happen to YOU if you don't drive carefully over the holiday period. We'll let you into a little secret. This was a combined exercise representing as near as possible the real thing. It involved rescue, fire-fighting and first aid and proved a valuable help in the training of those taking part. We are pleased to have recorded this exercise, as a warning to you over this holiday period when the roads will be more crowded with traffic than at any other time during the year.

## Catholic Women's League Party

At the Christmas party of the Catholic Women's League, the Old Folks' Hall was filled to capacity. Many of the audience had to stand on account of the crowd. This annual party is becoming more popular each year, as more and more Catholic women join in the fun. Included in the programme was a troupe of minstrels, above. These were Pam Marlow, Leonie MacRae, Judith Bennett, Gertrude Holden er, Angela Lyes and Margaret Karam. Below: A short nativity play was also on the programme, and fitted in well with the tone of the evening. Here is the manger scene. The programme concluded with the singing of carols.

### Visitors To New Plymouth

Above: Recent visitors to the city were members of a party of Australian nurserymen and their wives. In our picture, they are shown listening to the man who looks after our parks, Mr Goodwin, who conducted the party on their tour of the city. This photograph was taken at Pukekura Park at the entrance to the fernery.

Below: Another visitor on a first visit to the Port but to be seen a lot of in the future was the new bulk cement ship, the Ligar Bay, which made New Plymouth her first port of call after a delivery journey from the United Kingdom. She unloaded 600 tons of bulk cement, which had come from the UK as cargo.

## STRATFORD SHOW

With entries for the cattle and horse sections of the Stratford Show larger than ever, the A & P Show proved more popular all round. People's day, held in brilliantly fine weather, was a complete success, with a variety of entertainment for all members of the family.
