

As the song says, "There was Kung Fu Fighting". In New Plymouth we don't have many exponents of Kung Fu, although one is pictured on this page, but we do have a strong Judo Club and on the following pages we'll tell you more about the club's operation.
TOP LEFT...John Mana Jnr. performs a high back ward kick on Steven Taylor -Kung Fu style.
ABOVE...Jim Phillips is thrown by a brown belt Judo exponent from Hawera.
BELOW...Another Kung Fu demonstration kick, this time a head kick.

Judo Club

There are basically three classes at the New Plymouth Judo Club—Juniors, Seniors and a Self Defence Class. In addition, since 'shooting' these pictures, an Aikido Class has also started. All classes are very well attended and the club has a very high membership. The club has its own rooms in the centre of town and also has very devoted and patient instructors. The latter being one of the main reasons for the club's success.

THE JUNIOR CLASS

The Junior Class is by far the largest class with students ranging in age from 6 to 16 years. There is also an Intermediate class which looks after those in the 16 to 18 year bracket.

The full Junior class.

The class start the evening with a short period of meditation.

This is followed by limbering up exercises.

self-defence

A large class, predominantly young women, attend the weekly self defence classes at the New Plymouth Judo Club. Two brothers, John and Harry Mana instruct this class which, as the name suggests, is basically designed to give enough working knowledge to defend oneself if, and when necessary.

Basic exercises are always the start of the evening.

This training is used in relation to Ju Jitsu.

Instructor John Mana explains a throw.

Judy and Phillipa Mana practise a 'choke' which has just been demonstrated by the instructor.

seniors

At the time we visited the Senior Judo Class, the Hawera Judo Club paid the New Plymouth club a visit. Members of both clubs are therefore pictured on this page. There are a total of five instructors, at various levels in the club. These are, John and Harry Mana, Bruce Murray, Jim Aucker and Jim Phillips. Should you wish to learn more about either the New Plymouth or Hawera Judo clubs, or pay a visit, phone Hawera 5584 or New Plymouth 89-626.

Members from both Hawera and New Plymouth Clubs.

Instructor Jim Phillips explains what is to happen. There are two lines and each will fight his opposite number, with one at each end swapping till each has fought right down the line.

The first few minutes is fun but after a while it becomes most tiring.

A throw is effected by use of the foot sweep.

Sharon Young is thrown by Judy Mana with a foot sweep — Osoto Gari.

From time to time, visiting Japanese boats to the Port of Taranaki, contain sailors who are also Judo exponents. Such was the case a few weeks ago. This particular Japanese was a black belt Judo exponent and he visited the New Plymouth club during his ships' stay in Port. He presented the New Plymouth club with a painting which in effect meant "fighting spirit", and was in turn presented with a carving of a Maori Warrior.

STRATFORD SHOW

Following one week after the Hawera Show, was the Stratford Show. Naturally enough many of the competitors at Hawera were also seen at Stratford. One thing that was very noticeable was the number of entries in childrens events. These seem to be steadily climbing at all shows.

And the wheel it goes round, keeps turning and turning.

R. Weston entered in the shearing contest.

"Gee this is the real thing isn't it popsy?"

Nathalie Gould and Megan Thorne dance an Irish Jig.

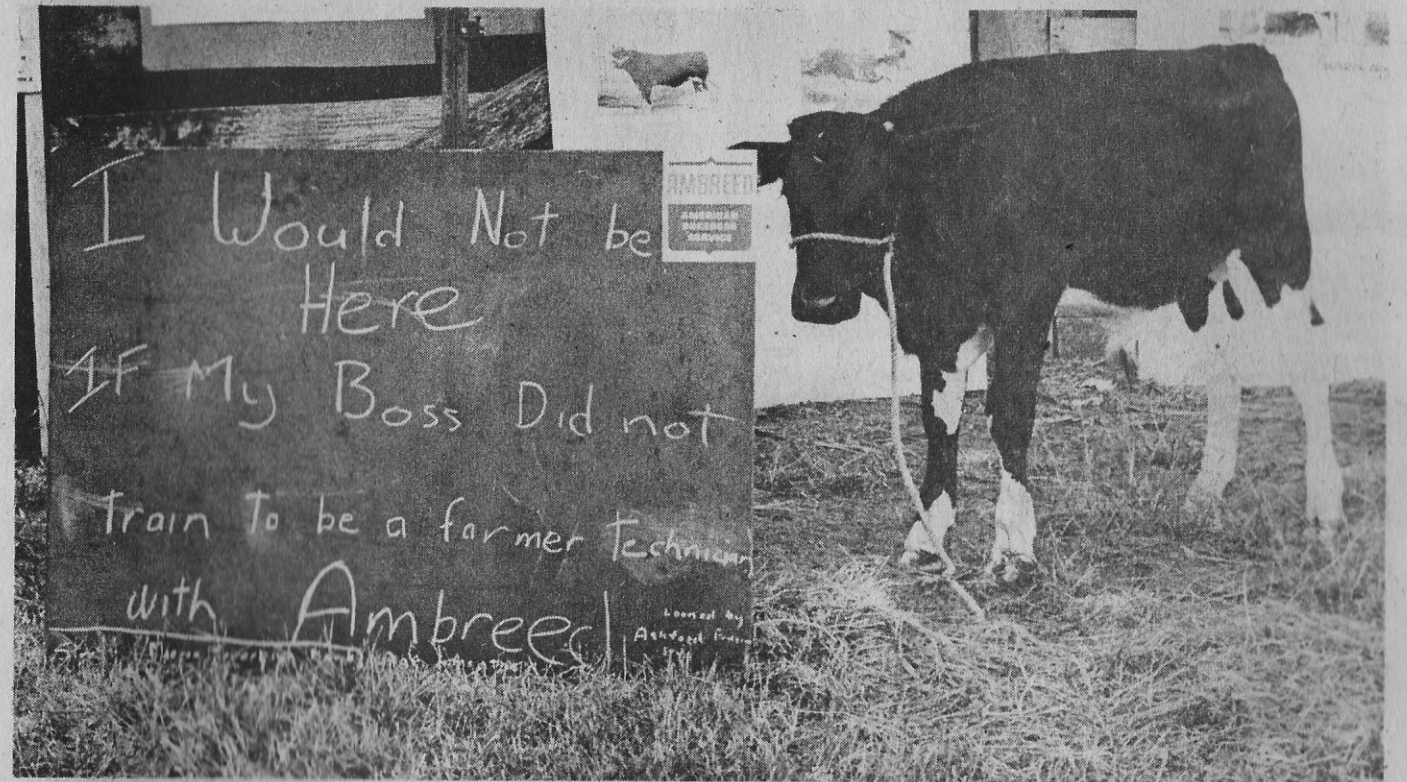

Woodchopping events had a lot of entries this year too. Here competitors prepare for the short back chop.

Peter Meyers attempts to better his own jumping record of 5 foot 11 and a half inches.

Animals and their leaders leave the arena at the end of the Grand Parade.

The beast was literally a walking advertisement.

DADDY WHO?

At the time we went to press it wasn't entirely sure but it look like Daddy Cool (of Eagle Rock fame) will be in New Plymouth sometime early in January. The group have reformed after breaking up following an entirely demoralising period, and have again been stirring up Daddy Cool fever in Australia. The group are definitely contracted for a New Zealand dance tour in January and our fingers are crossed that they will in fact come to New Plymouth.

THEY DON'T FADE AWAY

Ever wondered what happens to those singers and groups that used to be making the scene back in the 1950's and 1960's? This month part of the answer was provided for us when Gerry and the Pacemakers (from way back when) played at the Westown Hotel in New Plymouth. Seems that at least some of the groups from that era are still going although most have had a big change in their line-up. They have just changed their scene, gone from the teen circuit to the adult circuit and now play areas such as nightclubs, cabarets and hotels. Gerry and his boys certainly are a good news outfit and many people went along to hear them. These people were well rewarded with a happy musical trip down memory lane.

BRIEFS

Everbodies talking about the Summer Rock Show which by the time this magazine comes out, will be over..... Raspberries have busted and started out all over again, calling themselves the New Raspberries.....Those who went to Auckland for the Uriah Heep concert say it was one of the best they've ever attended and that Heep were out of this world.....There's news of a great trek to this country in the coming summer months by a whole heep (no pun intended) of overseas performers. Names include Neil Diamond in March (Auckland and Christchurch only) Cilla Black, America, Doobie Brothers Yes, The Strawbs, Fairport Convention, and a whole lot more that we haven't mentioned. Plus, Uriah Heep will be back again in twelve months time.....Then local interest will centre on the proposed appearance in New Plymouth in March by Paper Lace.....

WORST COMMERCIAL

This month's nomination for the next Worst Commercial of the Year Award is the Remington Electric Razor commercial. The Army type approach does nothing for the product and the strong arm approach is rather sickening.

NEW ALBUMS

LEON RUSSELL.....Stop All That Jazz.....Shelter SR 2108.

The distinctive voice and even more distinctive image of Leon Russell is again to the fore, with the release of a new album. This one contains his most recent hit, namely 'If I Were a Carpenter' and one track that one would least expect the rocking Russell to record— Phil Spector's "Spanish Harlem" Russell does a great job on the number and it really a credit to the man. He also performs his own writing of 'Streaker's Ball' and this song is quite something else. If you have followed the Russell career then this album is a must for you.

THE GAP BAND.....Magicians' Holiday.....Shelter SR 2111.

This is not an album that will set the world on fire. To most of us they are completely unknowns and their sound takes some getting used to. The group are, with the exception of one member, coloured. They have a fusion of many influences, notably jazz, blues and gospel. However it is the jazz sound that seems to predominate their work. I personally hated this set when I first heard it but with successive playings their work tends to become more acceptable to the ear.

JACK ROBERTS.....Piano at Waitangi.....PYE Arms 3002.

Roberts is the pianist at the Waitangi Resort Hotel in the Bay of Islands. He is a musician of long standing with a history that goes right back to the days of the Kiwi Revue Show which toured widely just after the end of World War Two. The work that Roberts performs on this album is proven material. Numbers like Song of the Islands, Lara's Theme, Alfie, Stardust, Hawaiian Wedding Song, and I Left My Heart in San Francisco.

LOU REED.....Sally Can't Dance.....RCA 1-0611.

I've never been a great fan of Reed but I appreciate there are many who are so no doubt this new release by him will be welcomed in many quarters. Reed of course has been a great influence on the evolution of the glam, or glitter rock scene and perhaps it is something of a pity that he has largely been left out of the limelight of this era. However he does contribute and on this album tracks include, the title track plus, Ride Sally Ride, Animal Language, Baby Face, N.Y. Stars, Kill Your Sons, and Ennui.

The Raspberries. They have started all over again as the New Raspberries.

drag races

The Taranaki Motorcycle Club held a 'Flying Quarter Mile Drag' at Rama Road in Manaia last month. The course was considered to be a good one except for the occasional hazard, such as speeding cars and milk tankers. Some good times were recorded with a fastest time of the day at 143 miles an hour clocked by J. Marsh of New Plymouth on a 350 Yamaha.

Ray Belczaki encountered a few mechanical problems.

BIG TIME WRESTLING

Big Time Wrestling came to New Plymouth again a few weeks ago after an absence of quite some time. The show, for a show it always is, was staged in the YMCA Stadium and the action was fast and furious. The fans got their share of thrills and the wrestlers all got their share of spills, with no quarter asked or given.

.....and then pounds him into the corner of the ropes.

The Dogs are Racing

Greyhound Racing has been a sport that has gradually gathered momentum in this country over a period of years. Today the sport has a larger following than ever before and the track at Inglewood sees many people there on dog racing days. Early next year Photo News will be taking a closer look at the dogs and the future of the sport in Taranaki.

Playcentre Association held a presentation of certificates night in the Oakura Hall earlier this month. It was disappointing that only about half of those who were to receive certificates were able to collect them in person on the night. However, although only half of those expected were in attendance, they still made a most enjoyable night of it.

Kapuni by Night

Kapuni is one of Taranaki's better known tourist attractions. By night the area is particularly attractive and it takes on the appearance of a fairy-land. Pictured below are several night time views of Kapuni with flames visible from miles around.

above and below... The Natural Gas Corporation's Kapuni plant takes on a most dramatic appearance at night.

Known as the burn-off pit, this area, on the bank of the Kapuni River has fires burning perpetually. The reason for the flame is to burn off flammable waste.

Christie Show a Non-Event

The Tony Christie Show was something of an anti-climax, to say the least. For a start the weather was miserable and the show was rained out of the Bowl. On top of that it seems that even if the weather had been kind, Christie would not have appeared anyway, due to influenza. As it was, the support act, New World, were called on to carry the whole show on their own in the Opera House. This they did admirably and even managed to overcome the bad feelings that were created when it was announced that Tony Christie would not appear.

Tony Christie in happier mood. Much to the disappointment of those present, Christie did not appear.

New World made a good impression on the audience with a polished performance.

The three members of New World were called on to perform the whole show entirely on their own. A most difficult assignment, the trio carried it off with honours.
