## Stratford Rodeo

The largest crowd we've ever seen at a rodeo attended this function at Stratford recently, and we feel sure that they got their money's worth with some excellent performances by the many riders present. Above: Here's a man getting a lift in this world, and he managed to stay aloft. Above, right: Some of the wild horses lived up to their name: this one wouldn't even be saddled. Right: The calf roping event proved a bit much for some of the broncs, with calves that nearly always seemed to elude the rope. Below: Here's a bloke heading for the dust, but his foot got caught in the stirrup and he needed plenty of assistance, below, right, before he was freed from this grip.

Top, left: Stylish rider this chap, and he stayed aboard for the length of time required. Left: What one might call a flat-out horse, this critter seemed to have ideas of his own about bucking. Below, left: This young rider managed to rope his calf in a very quick time. Above: A wild horse isn't a thing to be under the feet of. Here, the bronc-busters get out of the way of this wild animal. Below: As soon as the rope is thrown, the calf seemed to know, and veered the other way. These little brutes proved very hard to catch and lasso.

Here are the charming 24 young ladies who were this year's Miss Brooklands contestants. ## FESTIVAL OF SOUND

The first programme at the Bowl of Brooklands that was washed out by rain was the Festival of Sound. In one sense it was a pity, but then, the programme was put on on the Sunday afternoon, and though the attendance was pitifully small, it opened the way for more daylight shows. We feel that this type of show would be ideal for the time that it was put on, and more thought should be given to daylight shows. Admittedly the lights at the bowl have a flattering effect on any show, but good down-to-earth musical shows of this nature should surely have rated a higher attendance. Must be that Taranaki folk aren't musically inclined, because we thought this a fine show, and well worth a visit on a fine Sunday afternoon. **Above:** The Taranaki brass band under the baton of Mr G. Farrington, Hawera, performed equally as well as any brass band heard in the province. **Below:** The Henry Rudolph Singers, from Wellington, in our opinion rate very highly for their musical quality.

## AROUND AND ABOUT

**Above:** A fine spell of weather was all that was needed to help with the harvest of hundreds of acres of barley growing on the old airport at Bell Block. The big harvester combine in our picture made short work of the job, and the fine weather held out for the duration.

**Below:** Pictured at a recent motor-cycle meeting was this ancient Brough-Superior. It would date back to pre-1930 and was in spotless condition.

**Right:** Our spy camera caught this hero worship picture at the recent moto-cross at Beach Road, and we think these minis are good eye exercise!

## International Swimming

Fifteen hundred people went along to the Kawarua Pool to see some of the world's best swimmers when the touring Canadians recently visited the city to do battle with some of New Zealand's best. It was a good night of racing, with the NZ swimmers putting up some very good competition, making the visitors go for their well-deserved wins. Included in the programme were several Taranaki championship events.

Above: Start of a heat of the Taranaki 110 yard championship included Paul Rutherford, Michael Ellis, Grant Florence, Gavin White, Chris Parker and Russell Philp. Below, left: Heather Kerr, NZ's top butterfly exponent. Below, right: Sandra Dowler, Canada, ploughs through the water in the butterfly event which she won. Bottom: On the blocks and ready to go are boys in a Taranaki championship.

Above: Start of the international men's 440 yards freestyle race--this included five of the top men swimmers in NZ. Below: Graeme Dempsey, NP, ploughs through the water in the 440 event. Right: On the night, the Sportsman of the Year trophy was presented to Brian Rose. The presentation was made by Elaine Tanner, the current Canadian sportswoman of the year.

## Women's Dominion Bowls Champs

Held for the first time in New Plymouth, the NZ women's bowls championships have been a huge success, both for players and organisers alike. Through this, many glowing compliments have been handed out about this fair city of ours, and if our guess is right, the women won't keep this sort of thing a secret. Blessed with beautiful weather, the tournament was a near success for Taranaki, with two teams in the semifinals, but it was not to be, the fours title going to Marewa club, Napier.

Above: Scene at the presentation of trophies on the Riverside green, where some 700 spectators watched the final game. Below: The tournament was opened by the Dominion president, who is here shown reading the riot act to the competitors. Above, right: Dominion president Kath Evans presents the winner's trophy to Mrs S. Winstanley, Marewa, winner of the fours. Right: Mrs Winstanley with her team—Mesdames D. Thomas, P. Forward, D. Pierson and S. Winstanley. Right: Runner-up berth went to Mrs Rita Randell, Wiawaka, NP, shown with her team of R. Bartram, Mary Jackson, Rose Holmes and Rita. Below, right: Third place went to the Hawera team of Ivy Opie, Ivy George, Maude Gray and Julie Mitchell. Well done, girls! Don't mind us calling you girls, do you?

Above, left: Zeta Sangster and Janet West look a pair of grumpy skips, but we know they're not. Left: All eyes on the measurer in these very important games. Above: It was a good game between Zo Greenfield and Nancy Erb. Hey, Zo, you've got your tongue out!..and you, Nancy, don't point, it's rude. Bottom, from left: Flea on the knee, or are you riding a bowl? No matter how much you bend over, you can't make that bowl work like that. Don't worry, Miss West, it'll get there alright! Mrs Nora McKay, the Dominion secretary, had nothing to do on opening day except raise the Dominion flag!

## PORT VISITOR

What better time to bring in a ship than a Sunday afternoon? This event certainly attracts a lot of attention from the general public, but also causes some anxious moments for the Harbour Board staff which has to see that the ship is securely tied up. In fact, when this ship, the Turakina, came to port and turned on the end of the wharf, there were small boys under the wharf where they could easily have been killed, and this sort of thing is most worrying to the staff of the port. Above: Here she comes, dad! Below: The pilot launch helps with this mammoth turning task. Above, right: Onlookers are dwarfed by the huge ship. Below: Finish of the turn and she didn't even touch the sides.

## Doctors v Nurses

Doctors and nurses had their annual swimming sports at the NP hospital recently, and a gay affair it was too. Strange to relate, the doctors didn't get it all their own way either--the nurses decided they weren't going to be pushed around any longer, so it turned out to be a very tough battle. Above, left: Nurse, doctor, sister or matron? Above, centre: This must be the new backward swallow. Above: Here's a doctor due for a ducking. Below, left: Well, nursie, you asked for it. End of the school year, 1967, saw the closing of the Waitui school. It will mean some hardship on the children who attended this one-teacher school and it is a source of frustration for the committee, but the Education Board decided that the school was an uneconomical unit with only eight pupils. It is a pity in a way, and the last day at school was quite a sad affair, but the axe had fallen and the school is now closed. **Above:** The old school as it was on the last day of school. **Right:** The eight pupils with the sole teacher, Mr Rex Goodwin, who has been at the school from 1952-1967. **Below:** The classroom of the school. **Below right:** The Swim pool is full but the school is empty.

## Popular Sport

Surfing is one of the most popular sports on the beaches today. Take a ride out to any beach on almost any day, and you'll find surfers out in force. For a water sport, it has grown faster than any other sport of its kind, and along with this popularity it has brought undesirable conflict with authority. Quite a few of the young surfers have been prosecuted for surfing in prohibited areas, and rightly so, as these boards when let loose in a surf can be lethal. So go on with your sport lads, but stick to the rules, please. Above: Gary Northcott gets near to hanging ten. Below: Two shots of the crowded waters at Fitzroy.

## PORT PROGRESS

Above: The sea around Port Taranaki is a hive of industry, as this picture, taken from off the beach, shows, with pile driver, barges and dredge all working together. Left: The Dutch dredge feeds its two hungry hopper barges with debris from the sea bed. Below, left: The two project divers ready for action. Below: Large rocks that have been brought up from the sea bed. Top, right: Divers go to work. Right: Part of the dredged channel,

nel, which will ultimately be the berthing place for overseas shipping. Far right: The sides of the new wharf take shape as can be seen from this photograph of a series of hexagonal concrete blocks. Bottom, right: Here is the machine at work that pours concrete into steel casings ready for the new breakwater akmons. So if you called the port a hive of industry, you wouldn't be far wrong.
