## Taranaki's Triumph

Taranaki hopes of winning the Ranfurly Shield this season rose sharply last month when Wellington, the holders of the coveted trophy, met this province at the John Hicks Memorial Park, Havelra.

Although it was not a shield game, Wellington appeared to be playing at full steam — and went down 5-14.

Chiefly responsible for the victory was the fine pack of hard-working Taranaki forwards, but the backs also rose to the occasion.

Only towards the closing stages of the game, when they scored their only try, did the Wellington backs show some of the form which won their side the Ranfurly Shield.

Throughout most of the game, Taranaki hooked a big share of the ball, and held a clear territorial advantage.

Spectators left the ground feeling that, in similar heavy conditions, Taranaki could repeat its performance when it plays Wellington again later in the season.

Gay decorations added to the happy atmosphere of the event, and members of the club proclaimed it one of their best gatherings.

### Roving Camera

Right:- One of the most remarkable motorists in N.Z., if not the world, is Joy Street, of Lorna St., New Plymouth.

The remarkable thing about her is her age — five years, and she has her own petrol-driven car.

Her engineer-father, Mr J.B. Street, built her the miniature car for her fifth birthday.

Joy, who handles it like a veteran, uses it to travel up and down the steep, winding drive from her home to the front gate.

It's estimated that she's driven the car 400 miles during the last six months.

## Shipwreck Survivors

Two Taranaki organisations — the Lepperton Young Farmers and the Overseas Association, of New Plymouth — were all at sea recently.

Reason: They both held dances of the shipwreck variety. Gardening clothes took the place of ballroom finery, and there was keen competition among the dancers for the most tattered costumes.

As the pictures on this page show, the dancers didn't lack imagination when it came to costumes.

### KEEN INTEREST IN SKATING

The growing popularity of roller skating as a winter sport in Taranaki was evidenced by a carnival organised recently by the Coronation rink, Gill Street, New Plymouth.

Young skaters turned up in large numbers to take part in the competitions, and the fun.

Particularly keen competition is expected at the Taranaki amateur championships later this year, and the province is confident that it will be able to enter a strong team for the New Zealand championships.

## That BIG Sound

A group of voluntary musicians, interested in dance music with a "big sound", have provided Taranaki with the largest, and one of the finest, dance bands outside the four main centres. Now labelled the "Airliners", the band was originally formed for 2XP's variety concert last December. Enthusiasm kept the musicians together and ever since with no personal gain in view, they have been working hard to capture a sound that will be characteristic of the band. Already the combination has had considerable success with the arrangements of top-line American bands like Glenn Miller, Woody Herman, and Shorty Rogers.

Pictures on this and the following pages by Charters & Guthrie show the boys at practice.

Ken Hodgson & Warren Orr, both of Stratford, are among band's five trumpet players.

Ross McDonald, pictured above during a rehearsal at Inglewood, is programme organiser of 2XP, and has studied music at Auckland University College. His intimate knowledge of harmony and counterpoint has been a big factor in the band's steady progress along the hard road towards the "modern sound".

Below:- A recent loss to the reed section was Stuart Parsons, who has left for Christchurch.

The musicians are drawn from smaller dance bands throughout Taranaki. Some of the members travel long distances to attend regular weekly practices.

Already the combination has proved a solid training ground for young musicians. Brian Goldsmith, pictured right, is still in his teens, but is widely regarded as one of the most promising tenor sax players in N.Z.

Lead trumpet man Warren Orr takes a solo during rehearsal.

### P. & T. SOCIAL

Though there are plenty of serious aspects to the work of Post and Telegraph men, their wives see to it that the social side of life is not forgotten.

To celebrate the founding 10 years ago of the New Plymouth P. & T. Women's League, members gathered in the Old Folks' Assn. rooms recently.

To give the Swiss Ball true national flavour, Mrs M. Bassett painted mountain scenes for the walls, and the pictures on this page show how effective they were in capturing the spirit of the Alps.

## NEWSPAPER CENTENARY

A milestone in the history of Taranaki — the centenary of the founding of the "Daily News" — was celebrated recently at New Plymouth.

Former members of the newspaper's staff returned from many corners of New Zealand to join in the celebrations, which were held in the Star gymnasium, Westown.

### EX-MAYOR WRITES A COMEDY

An ex-soldier, ex-clergyman, and ex-Mayor of New Plymouth, Mr E.O.E.Hill, of Peace Av., has turned his hand to a new venture.

This time the field is show business. Mr Hill has written the lyrics for a "Salad Days" type of musical which will be given its first public airing in September.

Mr Hill and Miss Dorothea Frenchi, pianist for the N.Z. Ballet Company, started off writing the musical "as a kind of joke". But the quality of both music and lyrics of the finished product has impressed the few who have heard them.

Called "N-uff-Z", the show will be presented in the Girls' High School gymnasium during the week of September 22-28. Proceeds from the show will go to the assembly hall fund.

Like "Salad Days", the musical score is written for two pianos.

As Mayor, Mr Hill greeted Queen and Duke during Royal visit to New Plymouth

Mr Hill worked in a lawyer's office in England before the war, and on the outbreak of hostilities joined the Welsh Regiment, rising to the rank of major.

He came to N.Z. after the war, and was ordained an Anglican minister.

In 1950 he was appointed assistant minister at St. Mary's, but resigned three years later.

In the same year he offered himself as a candidate for the Mayoralty and was elected, holding that office until last year.

Welsh corgi, "Russet", is affectionate pet of the Hill family.

## CALYPSO JOHNNY

Out goes rock 'n' roll, in comes Calypso .....and hard on its West Indian heels is Johnny Summers, Taranaki-born vocalist.

Though Johnny still regards Taranaki as his home province, he has been living in recent years in Wellington, where his lilting, resonant voice has made a big impression in cabarets.

When the minstrel music of the West Indies started to make news, Johnny switched to Calypso style, with highly satisfactory results.

Many feel he has earned his title of "Calypso King".

### NEW KINDERGARTEN OPENED

The opening of a new kindergarten in New Plymouth last month marked a big achievement for a lot of parents and other adults interested in the welfare of young children.

The new Pukekura free kindergarten, in Fillis St., is probably the most modern of its type in N.Z., and is a big step forward from the church hall where the Central Free Kindergarten Association previously held its classes.

The kindergarten has been operating in the Baptist Hall since 1952, 500 children having attended during those five years.

The new building, built for £4500 with the aid of a Government subsidy, is of unusual design, specially curved to catch the sun.

Story claims all Anne Jury's attention.

Selwyn puts question to contestant

### MONEY OR THE BAG

"Money or the bag?" With those magic words, and a lot of personality, radio quiz man Selwyn Toogood rolled into Taranaki last month and scored a big success.

The inclusion of a car among the big prizes offering gave added interest to his show in the New Plymouth Opera House.

The car didn't go, but a lot of prizes did, including a deep freeze unit and a refrigerator.

And everyone went home thinking, "What would I have taken, the money or the bag?"

Below:- Maureen Lamain, of Opunake (left) struggles with tough question.

Arrival of bags gave Selwyn a chance for a little clowning.

Above:- Selwyn tries out the car for size.

Right:- This contestant correctly answered "bag" question. He decided to take money, missed a sewing-machine. "And my wife wanted one of those," he said.

Below left:- Sid Ashworth, a clerk, who won a deep-freeze unit.
