CHIMPS DRAW LARGE CROWDS
 Largest crowds at the recent Winter show were to be found watching the antics of the chimps. Before each show started the chimps' trainer, Mr Horobin of Auckland, introduced the baby of the outfit to the children. We're betting a lot of those children would rather have a baby chimp than a baby brother or sister!

Govett-Brewster Collection

On show for the first time were twelve paintings valued at £950. These are the first of the collection to be known as the Govett-Brewster Art Gallery Collection. Here we reproduce some of these works of art, stated by the director of the Auckland art gallery, Mr Peter Tomory, to be a good selection.

First-Class Boxing At Hawera

We thought that boxing as a sport was on the wane in this province, but after seeing the bouts at the recent tournament at Hawera we are firmly convinced that here was a showing of some of the best talent, with resulting fights that had the crowd on their toes for most of the night.

The crowd yelled for their favourites

Marfell Kindy Competition

In a drive for funds for a new kindy in Marfell, the committee has organised a novel Kiddie Karnival, in which the six children shown here will represent different areas of the district. With £850 in the kitty, the committee needs a further £350 before a start can be made on the plans for the proposed kindy. These photographs were taken by Vogue Studios, the specialists in child photography.

First Class Bout

If this bout is a forerunner of others to come, then wrestling in the province is going to improve in popularity. This bout between New Plymouth's Claude Webb and Auckland's Don Scott was action-packed from the first bell, with both men willing to mix it freely. The fight ended sensationally, when Don Scott, tossed out of the ring, failed to return in the allotted time. He was, however, badly bruised and unable to continue.

The crowd enjoyed the fight

The Winter Show

Though perhaps a little more interesting this year, attendances were disappointing at the annual Winter Show. More variety is needed to make the show more interesting to a larger section of the community. Stands that did show more interesting exhibits like NAC, the Police and the Post Office drew by far the largest crowds, whereas business firms' stands were very much the same as in previous years. As a suggestion, we feel that this would be better as an industrial show for the whole of Taranaki, which can boast some very interesting businesses. To us, and many visitors to the show, it seemed silly to exhibit cars that the man-in-the-street couldn't buy without overseas funds. Above: Interest never relaxed at the NAC stand which had on view some very interesting working models. Below, left: The Post Office stand was always crowded with spectators. Below, right: Ian Burton and Jeffrey Herbert enjoyed themselves on the Police bike at the Police department stand, which was the centre of interest throughout the show.

CHILDREN ENJOYED THE SHOW MOST

The children seemed to derive most pleasure from the Winter Show, and to follow them would be to find out which are the most interesting exhibits. In the picture above, this exhibition of model trains was never without a crowd of the youngsters viewing with intense interest this very fine working model. For the girls, there was the annual doll show, at which there were over 200 dolls on display. Quite naturally this was the focal point of interest for all the young girls who were taken to the show.

These people are enough to make you go up the wall....

CHIMPS WERE STARS OF WINTER SHOW

For both young and old, there's little doubt that the chimps were the stars of the Winter Show. That just three little chimps could hold the attention of so many is amazing, but they did, and the tent that housed them was full to capacity for every performance. More of this type of entertainment would draw larger crowds to the show. Good clean fun for all and a real joy for the children.

There's no doubt about the chimps with their four points of balance.

Townsmomen's 14th Birthday

Fourteen years of service to the community is the proud boast of the NP Townswomen's Guild. It was party time for them recently when they celebrated their birthday with a social in St. Andrew's Hall.

Te Mara Pack's Campfire

The Te Mara (Fitzroy) company of Guides recently held a camp fire, where they prepared and cooked their own tea. The fire they built would have been large enough to have cooked an ox, and was most welcome on a cool evening, but they were only sizzling sausages and camp scones. It was enlightening to see edible things come from what started out to be a gooey mess.

Y.F.C. Dominion Conference

The Dominion conference of YFC recently took place in the city. Young farmers from all parts of New Zealand came to air their views, and in some cases try their luck in the Radio Leadership contest. It would appear from some of the talk at the conference that an all-out effort will have to be made to get more members for YFC and to encourage present members to take a more active part in the affairs of the clubs.

Taranaki's Hockey Win

With better teamwork and far more dash in front of goal, the Taranaki men's team defeated a touring Franklin team by 5-2 at Te Mete Park recently. Thrills For The Youngsters

In this age of kicks for the young, speed seems to be the first ingredient. We were watching the youngsters at the recent Winter Show, and on one of the newer types of roundabouts, the kids flocked on to get this kick from speed.

Then we went out to the Motor Cycle Club's flying quarter-mile at Waitara road. Again, the youngsters were there in their hundreds to watch other young people doing their best to knock up the elusive 'ton'. This then is the age of SPEED and it seems that they enjoy it (at least during their leisure hours).

Moturoa's Bob Dykes played brilliantly and saved many almost certainties.

HISTORY REPEATS ITSELF

Almost the same thing happened last season at Wanganui, when United and Moturoa drew at full time, with United emerging winners in the extra spell. Moturoa were completely mastered in the forward line by the virile and fast defence of United.

Moturoa Outplayed In Chatham Cup Soccer

Playing far below their standard, Moturoa were outplayed by United of Wanganui. The home side started like champions and were two goals up in a few minutes, but from then on it was a case of how soon could United get enough goals to win. It transpired that at full time the teams had scored two goals each, but in extra time the visitors scored a further four goals to put the issue beyond doubt.

Over to you!

Head teacher at the IHC School, NP, is a friend to all the children. Ken Clapcott is here shown taking the children for their morning singing lesson. He and his assistants have a charm that the children are quick to perceive.

HELPING THE INTELLECTUALLY HANDICAPPED CHILDREN

Licensed your car? Then you will have your IHC key tag. And we are going to show you just what good work is being done, here in New Plymouth, for these unfortunate children. After looking through these pictures, you might care to make a donation to the Intellectually Handicapped Children's Association and so help these children who by the nature of their illness are invariably unable to help themselves. So, dear reader, open up your hearts and purses and send a donation to the IHC Association. The address is on your key tag.

Morning tea is as much a ritual to these children as to any other person.

Assistant Mrs H. Thompson gives the children their morning tea.

THEIR SCHOOL A PARADISE

So popular is the IHC school that pupils come from Stratford in the south, Urenui in the north and as far as Oaonui down the coast. These children attend for the normal school hours, and in an effort to help these unfortunates the school has plenty to make their lives more tolerable. Above: Here the children play on one of the pieces of equipment specially designed for them. Below: Jig-saw puzzles, donated by a local manufacturer, are used by all the children. Above, right: Individual care and a friendly word from Ken Clapcott. Below, right: Showing the class a work of one of the pupils.

SMILING FACES REWARD FOR IHC TEACHERS

A worthwhile reward for the teachers and helpers at the IHC school is the ringing laughter of the children as they play and learn. **Above:** Help for the helpless. Mrs A. Clare, an assistant carries one of the pupils out into the sunshine. **Below:** See-saw is a popular attraction for the children. **Above, right:** Despite their inability to play as other children do, it is surprising just how agile they are. **Below, right:** Most of the pupils are brought to school in a special bus.

Turning donated wool into mops is an interesting job. Supervisor Mr W. Conway watches the progress of a worker.

IHC WORKSHOP A HIVE OF INDUSTRY

After school age, the pupil can go on to the IHC workshop in Leach Street, where he or she can help in producing the many articles manufactured in the workshop. Local businesses have been helpful in supplying materials and in some cases tasks for these people to perform. In giving these folk something to do, the IHC Association is doing invaluable work. Volunteer helpers come in to teach and advise on the three days a week that the workshop is open. The workshop is NOT self-supporting, but could be with a little help from YOU.

GOVERNOR-GENERAL'S VISIT TO MANUKORIHI

Nearly 2000 people greeted the Governor-General, Sir Bernard Fergusson, who with Lady Fergusson attended the Sir Maui Pomare commemoration service at Manukorihi Pa, Waitara, recently. Members of the Maori race came to this service from many parts of New Zealand. In this photograph of the greeting, Sir Bernard and Lady Fergusson watch warrior Jack Katene. FRIENDLY VICE-REGAL PAIR

Once again the Vice-Regal couple endeared themselves to the hearts of the people of Waitara with their easy informality and friendliness. New Zealand is fortunate indeed in having such a fine couple as the Queen's representatives. Here we show in pictorial form their infectious friendliness.

FEEDING THE 500

For the visit of the Governor-General, the cooks at the hangi prepared an astounding menu comprising half a ton of potatoes, 1½ cows, 7 pigs, 200 mutton birds, hundreds of eels and 600 pauas. It was a mammoth task, but not much was left after the meal was over.
