Wool Night at Hawera

More than 800 people attended a wool night organised by the South Taranaki branch of the WFFF, and held in the Memorial Hall. The evening took the form of a mannequin parade of woollen fashion clothes made by members of the WFFF, and this parade proved to be a big success, as clothes were paraded by tiny tots, right up to the mature women's styles. An interesting talk was given by Miss Joan Young, the Wool Board's education officer. Below: This photograph shows part of the well-filled hall.

N.Z. Champion

New Plymouth's Errol Mason, who recently won the NZ Open Cornet Championship for the third successive year at the NZ Brass Band Championships held at Dunedin. He also came second in the Champion of Champions. Probably the top cornetist in New Zealand, he is a member of the NP City Band.

Litter Bugs In Town

One of our readers rang us one Sunday morning because he objected to some of the litter that was on view in our city. We took out our camera and recorded his complaint, and a very justifiable one it was too. Just think what visitors to our city would think if they saw such a mess! Both these photographs, Ariki Street, left, and Devon Street East, right, are areas where there is a shop open over the week-end which specialises in "Take-away" meals. Something should be done about this, as we don't want this scene as part of our "Scenic City".

Packed House For Oakura Boxing

Boxing seems to have taken a shot in the arm at Oakura. The local club now has quite a few promising youngsters, and the first tournament of the season was recently held there, with a packed hall of enthusiasts from all parts of the province. And what was more, they were treated to a good night of boxing with some excellent bouts on the programme.

Operation 21 Gets Under Way

Operation 21, an organisation that has a goal the alleviation of hunger throughout the world, recently launched its campaign in New Plymouth with a Sing-along in the Whiteley Methodist Church. A good crowd of something like 250 attended to hear some good music from the NPGHS Choir and orchestra, and a folk-singing group from St. Mary's Church. This would be the first time that music of this kind has been played in a church, and it was done as an experiment. As far as we could judge, the experiment was a complete success. This would be the first time in our lives that we have heard applause in a church, and it is to be hoped that this experiment will be repeated. We feel that it would help in filling the church more often.

Inglewood Convent Jubilee

Just two weeks ago, the Inglewood convent celebrated its 60th jubilee. Nearly five hundred ex-pupils from many parts of the country attended the three days of celebrations, which began with a dinner, and ended with a ball. Here we show the first three decades of this get-together. **Above:** The first decade of pupils who attended the school between 1906 and 1916. **Below:** The second decade, larger than the first, of pupils in the 1917-1926 decade. **Bottom:** Larger still is the 1927-1936 group decade.

Sister-teachers of the convent received a brand new car from the parishioners, marking the jubilee.

Pat Julian, chairman of the jubilee committee, makes a speech of welcome to all the ex-pupils.

Newall Road Farmers Honoured By Neighbours

Farmers of Newall Road, Okato, and those who had farmed there in the past were guests at a function honouring the retirement of brother and sister Ralph and May Cassie who had farmed in the Newall road since 1905. This is a long span to be connected with one farm, but high praise indeed was handed out to the Cassie's by the friends and neighbours who gathered for this function, some coming from as far as Christchurch and Hawkes Bay.

Above: Doug Fox, another with a long record in the district, who made a presentation on behalf of all the neighbours, is shown here between Ralph and May Cassie.

Below, left: There was even a celebration cake to be cut.

Above: This is the cause of our recent cold spell. It appears that every day old Mount Egmont is getting a thicker coating of snow. This picture, taken from the racecourse, shows a thin sprinkling of snow, but by the time this issue of "Photo News" is published, the coating will be much thicker, and the weather will be a lot colder. Still, it's only four months to the next season of summer sports.....comforting thought!

Welcome To Paeroa Orphans

And Welcome is the operative word. Can't think why the Paeroa Orphans bothered to come down here when the local Savages treated them so roughly at the welcome. First of all, they made them take off their shoes and socks to be dipped for foot rot, then they gave them a mouth-wash, and finally stamped them "PAST". Lord help the NP Savages if they ever pay a visit to Paeroa.

AUTUMN IN THE BACK COUNTRY

Here is a typical scene in the Taranaki back country, where sheep take command on the farms. This autumn scene was taken between Kaimata and Tarata, and shows the type of country in that area, with rolling hills and small valleys, usually the site of the homestead.
