## Taranaki's Rugged Coastline

This photograph shows about the most rugged part of the Taranaki coastline. It was taken north of Awakino, and is five miles from the nearest road. We have never been over country like it. Rough wouldn't describe it! But, unfortunately, this wonderful fishing beach is inaccessible by car, and a five-mile walk over this type of country wouldn't make the catch worth while. The cliffs are over 400 feet high.

## OUR COVER

Not exactly a winter picture is it? But these two hardy young girls, Sheryl Thompson and Dianne Saywell, ardent surf riders aim to continue their sport during the winter when the rollers are coming into Fitzroy Beach.

## BACK COVER

Here's a picture not seen by many people in Taranaki. It was taken by Ray Pigney from the summit of Mount Egmont just as the sun rose over the clouds. The mid-country mountains can be seen in the distance. The clouds looked more like a sea of pink cotton-wool as the sun flecked them with its golden glow.

## WORLD SHEARING RECORD

Left: Colin Boshier of Awakino is shown during his world record-breaking shearing attempt. He beat Godfrey Bowen's 12-year-old record of 463 sheep with two hours to spare.

## CENTENARIAN

Below, left: Charlie Mayhead, Waitara, who recently celebrated his 100th birthday. Charlie is a wonderful old chap, living in a tidy bach on his own, doing all his own chores.

## METER MAIDS

Below: New Plymouth's first two meter maids, Glennis Pelham (left) and Betty Murphy. These two young ladies have started their duties with the transport office, and will be uniformed before they commence their duties on patrolling the parking meters.

## B.H.S. Annual Cadet Parade

The annual parade of the NPBHS Cadet Battalion was recently held on an afternoon when parents and friends were given the opportunity of seeing their sons as soldiers. The parade, which was over 1000 strong, was an inspiring sight as it was obvious that the boys had been well trained.

Above: Reviewing officer, Andy Aldridge, president of the NZ Association of Brevet Clubs, walks through the ranks on his tour of inspection. Above, right: The Regimental Sergeant Major, Donald Lister. Below: Part of the parade ground with 1000 boys on parade.

### TAKING THE SALUTE

## Y.M.C.A. Mother and Son Banquet

Over 250 mothers and sons sat down to the annual YMCA mother-and-son banquet at the Queen's Hall. This banquet, like the father-and-son event, has become one of the highlights of the YMCA year. ## "Yeoman Of The Guard"

The Yeomen of the Guard marched onto the stage of the Girls' High School hall recently in one of the most colourful productions ever seen there. Both nights of the show produced capacity houses, and in truth it can be said that this was a wonderful production. This was the first time that pupils of both Boys' and Girls' High schools have performed together. We feel sure that this will not be the last so well was this production received by the public. The cast numbered over 100, taken equally from each school.

## "Give Us This Day..."

Ever thought of the hard work, with unusual hours, that goes into the making of your daily bread? We were recently privileged to make a visit to the New Plymouth Bakery, where they were "flat out" making part of their weekly output of 50,000 loaves of bread, besides thousand upon thousand of doughnuts and buns. Throughout our visit, we were impressed by the cleanliness of the processes, helped a lot by the new machinery and automation now used.

Bert lifts the rim of the container as the dough begins to rise. This is pushed back before going downstairs to the machines which cut and weigh the dough.

Bert Goldfinch lifts the flour into the sifter, which takes out all impurities.

Machinery does most of the hard work, but there is still plenty of heavy work, like emptying and weighing sacks of flour, or pulling the heavy trollies containing the dough. Every ingredient is sifted before use, in an attempt to maintain the high standard of cleanliness, so evident right through the processes.

And don't forget to send a friend a "Photo News" occasionally! It will be appreciated.

Jerry Brouweis watching the mixing machine. Jerry has been a baker for 32 years and claims he has made over 10 million loaves.

Gil Haase, general manager, takes a look at a loaf as it comes out of the oven.

Bert Goldfinch and Jerry Brouweis push down the dough each time it rises above the rim.

**BREAD-MAKERS**

After mixing the ingredients, the dough is left to stand for three hours, in which time the yeast works and raises the dough. In standing, each bin is covered with a cloth, and pushed down as it rises over the rim, above. After this, the dough is then transferred to the machine on the lower floor through a chute in the floor, shown in the photograph below. From then on, the dough is handled only three more times—once when it is put into its baking tin, then when it comes out of the tin, and finally when it is packed for transport to the shop.

Jerry tips the dough down the chute to the machine on the floor below.

## Model Aero Champs

The Taranaki Model Aero Championships were recently held on the Bell Block Drome, and competitors came from as far as Wanganui for these popular events. Some of the planes on view were precision built, and able to fly without any assistance but a remote control set. Despite the fact that there were very few spectators, the championships were most successful.

Mike Kendrick (Wanganui) was the "pilot" of the model flying in the picture above.

## The Circus Came To Town

Small crowds went to the recent visiting circus which came to the city last month. Parked on the racecourse, it did attract a few sight-seers, who went just to take a look at the animals. The elephants, horses and monkeys did rate high on the children's list, but the biggest audience was gained by the Shetland ponies which had a foal with them. Above: This Shetland had a foal that was already showing off to the crowd. Below, left: The elephants get a case of apples donated by a local resident. Best man was Leslie Tuck, brother of the bride, and the groomsman was Joe Taylor, brother of the groom, Manaia. (DAVID PAUL STUDIO).

## "Tom Sawyer" By Welbourn Pupils

"A new and original musical comedy" says the programme. And how right that is, and how delightful was "Tom Sawyer" to the audience. Endless patience and skill had gone into the production which was provided by Messrs K.H.Bruce and G.S.Ryan. This is the second production we have seen at the Welbourn school, and would not hesitate to recommend that they hire the Opera House for future productions, as they are so good. Pictured on this page are members of the cast, all pupils, who had not only given something to the public, but had fun themselves.

## Shakespeare Dinner At Stratford

Celebrating the 400th anniversary of the birth of Shakespeare, a dinner was held at Stratford, with costume and food of the period much in evidence. Admirers of the bard's works came from many parts of the province to turn back the clock in honour of the immortal man. To say the least, it was lots of fun, with food being eaten with fingers, and soup drunk straight from the bowl.

## Band Contest At Pukekura Park

The Taranaki Brass and Pipe Band contest took place in Pukekura Park, when some five pipe and two brass bands took part in this contest. It is a pity that more bands could not have been there as the weather and setting were ideal, and Taranaki can boast some very fine musicians.

**Above:** Parade of the pipe bands at the start of the contest, when only five bands fell in.

## Last Speedboat Meeting For Season

The final meeting for the season recently took place at Lake Ratapiko, when there was plenty of high-class racing, with fun for all. It is the day when the Power Boat Club provide spectators and members with a tasty hangi at the end of the meeting. Fine weather brought out a large gathering of spectators. **Above, left:** Two novel craft were on display. It developed into a race between these two flying bath tubs, piloted by two very lovely girls, suitably attired. It certainly provided plenty of fun for the spectators. **Below:** The main feature of the day's racing was the open Robertson Cup event. Here, four of the fastest boats get away to a flying start. **Bottom:** Two of the larger craft fight out the lead as they roar down the lake.

## Anzac in New Plymouth

It could be that Anzac day was on a Saturday this year, but we have the feeling that the same meaning didn't seem to attach itself to the celebrations this year. The crowds attending the civic service in Pukekura Park are definitely thinning out, particularly among the ranks of the older veterans. Apart from schoolchildren, there was only a smattering of the general public compared with other years.

**Above:** Members of the Wellington-West-Coast-Taranaki regiment mounted guard on the NP Cenotaph until after the civic parade.
