MATAPU WDFB 25th BIRTHDAY

Started more than 25 years ago, but in recess for a short time, the Matapu WDFB recently celebrated its 25th birthday with a social and dance, at which the honoured guests were their husbands and past members of the division. It was a thoroughly enjoyable evening with past members travelling many miles to attend. Above: Mrs W.H. Sutherland, the present president, addresses the gathering. Below, left: Group of present members of the division. Below, right: Here's a group of the so-called "old girls" of the branch, who returned for this function. Right: Mr and Mrs Ray Beach enjoy themselves taking part in one of the competitions during the evening.

Right: Wrapping up one's husband in toilet rolls was the prize in the Monte Carlo waltz. Below, left: Lighting the candles on the celebration cake are two of the original members who are still in the branch, Mesdames Phyllis Preece and Mabel McCallum. INGLEWOOD'S GREATEST SHOW

There was almost a sensation at the recent Greatest Show at Inglewood, when visiting stunt man Jon Zealando hung upside down 60 feet above the ground while escaping from a straight jacket. He ran into a slight difficulty, and hung that way for well over three minutes, before finally freeing himself. Above: Watched by two police constables, Jon starts on his journey upwards. Above, right: Jon hangs in mid-air while trying to free himself. Below: After a long stay aloft, he is helped to the ground by the two constables. Below, right: Winner of the Taranaki 12" open chop at the show was P. Wynyard.

One of the most popular events at the Greatest Show was the tug-o'-war competitions. This attracted teams from as far away as Hawkes Bay. Above: Coaches of two junior teams from Alton urge their boys on to victory during one of the many rain showers. The weather for this year's show was about the worst they have encountered for many years. It was unfortunate that the rain drove most people to shelter, and so seemed to ruin what was to have been one of the best shows yet.

WHOSE FACE IS THIS? If that is you with the ring around your face, just come into the "Photo News" Office, ANZ Bank Buildings, Devon Street, New Plymouth and you can claim a prize of a year's free subscription to "Photo News". Winner of last month's "Whose face is this" was Mrs M. Cronin, 8, Morley Street, New Plymouth. She will receive, by mail, a copy of "Photo News" for the next 12 months.

Perhaps the most popular event at the Greatest Show was the performing chimps. They certainly drew the crowds, and from our viewpoint they were tops. Out of the three chimps on view, there was one which could only be called delinquent. He was a real trick, and kept the crowd laughing at his antics. Above: Here's the end of a tea party, with one wearing a dish and eating out of another, while tics. Above, right: There's little doubt about the balancing Charlie, the delinquent, turns the other way. Above, right: There's little doubt about the balancing Charlie, the delinquent, turns the other way. Mother is a goat

This is a sad story with a happy ending. The emergency arose when a Maltese bitch with three pups, owned by Mr W.Farnell, an Auckland musician, suffered an illness and lost her milk. In desperation Mr Farnell turned to a baby's bottle, then an eye-dropper. Both failed and the pups began to starve. It was then he met Mabel the Goat. He introduced her to the puppies and offered up a prayer. It worked! Mabel licked her new family, and settled down to let them feed as if they were her own. Six times a day they line up at Mabel's milk bar. She provides a rich gallon of the best and everybody is happy again. Especially the pups!

**TINA
AND
CASSIUS**

Tina is an opossum-hunting Alsatian belonging to the caretaker at Wenderholm Reserve, near Waiwera, on Auckland's east coast.

Her inseparable companion these days is Cassius, a baby opossum (called Cassius because his mouth is always open).

A few months ago, on one of her hunting expeditions in the reserve, Tina caught and killed the mother of Cassius. But she didn't harm the baby.

Now they are the best of friends, as these pictures show. Cassius even rides on Tina's back!

**Where
they
met**

Parents of the famous Auckland quins, Mrs Shirley Lawson and her husband Sam, first met while working at the Crown Lynn Potteries. They returned recently to receive a presentation from their former workmates.

Mouth artist

Bruce Hopkins, a 19-year-old handicapped artist, is watched by occupational therapist Alison Leck as he works in the ward of Auckland Hospital.

Bruce has so excelled at mouth painting that he has been given a scholarship by the International Association of Mouth & Foot Paint-

Starting young

Seven-year-old Gregory Coleman was only six when his father cut down a 50cc Suzuki motorcycle to fit him.

Greg's grandfather was the immortal Percy Coleman, who although he lost an eye in his Palmerston North workshop, rode his big Harley-Davidson to victory on tracks around the world.

Greg's father, Bob, and his uncle Rod, who carry on the family business in Wanganui, have both won N.Z. titles and competed in the Isle of Man T.T. Rod won the T.T. in 1954.

So it is hardly surprising that young Gregory can confidently juggle the four gears of his 40 mph machine to ride it on a single road.

Tweedy

This is a wool tweed suit in a combination of pink, beige and white with Peter Pan collar, slightly tailored jacket, a straight skirt, and a matching pill-box hat.

Navy

...is charming for this wool crepe blouson style with a fitting skirt. The cut-away sleeves run into a stand-away collar.

Dusky

This wool coat in dusky pink wool has a stand away collar. The lengthy double-breasted buttoning is a special feature of this fitting style.

When Heather Gettings, our 1966 "Miss New Zealand", went overseas for the Miss Universe contest, she took with her a New Zealand wardrobe which evoked admiration wherever she went. We asked Miss Gettings to demonstrate the wardrobe for "Photo News" readers, and for our first fashion feature we present a selection from the pictures taken. The clothes were made by El-Jay, Academy of Elegance, Sargoods, and House of Raymond. Miss Gettings will be travelling overseas later for the Melbourne Cup meeting, and the Miss World contest.

White wool

A little out of season now, but no less charming for that is this outfit of white wool, neatly belted, with welted seams front and back, a turtle neck, and magyar sleeves.

Checks

Heather makes a charming picture in this minifrock of navy and white checked wool with blue stand-away collar and trimmings.

Hi! U.S.A.!

For her arrival in America, Heather wore this aqua wool courrège style. The softly-moulded jacket is fastened with three self-made loop buttons.

BENEATH is a shift frock, gently fitting, with slightly cut-away sleeves and a rounded neckline

For the press

Heather met the gentlemen of the Press in this dusky pink wool job designed by Peggie Wilson of Auckland. There is a triangle cutaway in front.

Wow!

Heather is one of the nicest girls we have ever met; friendly, charming, endlessly co-operative. Disturbing, too, in this slinky creation specially designed for her by Peggie Wilson. It has a cut-out back and marabou trimming to the hemline.

Two tone

Light grey, dark grey...this is the theme for this attractive number from Sargood's, with the harlequin design on the hip.

Honey

Honey is the colour for this wool crepe by El Jay....with elbow-length sleeves and blouson top. The neckline is gathered on to a band and finished with a bow.

Popular

Further proof of the popularity of Julie Andrews with New Zealanders was the award of a Gold Record to the Radio Corporation of N.Z., Ltd., by RCA of America "for outstanding sales achievement" with the soundtrack album of "The Sound of Music". Pictured are Mr David G. Wilson (right), American Consul in Auckland, presenting the award to Mr George A. Wooller, chairman of directors of the Radio Corporation of N.Z. A RAISED boot lid or an opened bonnet serves as a good daytime warning that your car is stopped for repairs. Visible a long way off, it gives other drivers time to stop or go around when you are caught on a section of road where it's impossible to pull off. It also serves to attract the attention of the driver of the breakdown truck. Such drivers have been known to rush past the car in distress without recognising it.

HOLD a mirror over the cell openings of your car battery to see if the electrolyte levels are high enough. With the vent plugs off, the liquid inside shows up clearly, saving you, with some models, an uncomfortable stretch under the bonnet.

SENIOR CITIZEN

Take a close look at our Senior Citizen this month. We find it hard to believe that she is actually NINETY years of age. This photograph was taken on her 90th birthday. She's Mrs Helen Harper, St.Aubyn Street, New Plymouth. Helen came to New Zealand when she was just a little tot from Hamilton, Scotland, and has lived in Taranaki for the past 22 years. She was a foundation member of the NP Happiness Club, at whose party in her honour these pictures were taken. Both she and her late husband worked very hard for the club, and took a very real interest in all its doings.
