**OUR COVER**

Summer is just round the corner but when you get a couple of pretty girls on a motor scooter you can cut the corners to summer and nip in for a dip even before the chill has gone off the briny. Joy (at the controls) and Lynette Fabish, who are, of course, sisters, were scooting around Ngamotu Beach when we found them.

**Rod & Gun Field Day**

Rods swished through the air by a Taranaki river not long ago. But the object wasn't fish. It was the New Plymouth Rod and Gun Club holding accuracy casting tests. Tempting the casters were several trout rising on the other side of the river but the casters resisted the temptation--there were several rangers in the party.

### The Referee got in on this act

It all started quite innocently. There they were — Barney Riley and Frank Hart — knocking each other's brains out in a most friendly manner (see top pictures) during a gymnastic display at Waitara's war memorial community centre. Then along came the referee (left), getting in everyone's way. From then on things got a bit tangled up (lower left) and legs and arms began to get mixed up like spaghetti. Finally the trio got into such a gosh awful mess that the customers had to come bursting into the ring to disentangle them (lower right).

### Married

### Table Tennis in Fancy Dress

They used to call it ping pong once. But then the game became more scientific and the players (see below) more intelligent and skilful and it became table tennis. Having had a good look at the Central Table Tennis Club's stars at their fancy dress wind-up night you can well understand why they changed the name.....or can you?

Happy gang...

Something unique in Tarānaki and perhaps in New Zealand is the proud boast of the Westown School Orchestra. This talented combination recently made a recording for 2XP, and Photo News had the privilege of being present. Under the very able guidance of teacher-conductor Mr George, the orchestra has grown to a first-class asset to the school. In the band there are recorders, of all sizes, violin, guitar, piano and piano-accordion, besides a very able percussion group. Our congratulations to Mr George and his very able group of musicians.

## Plenty of Situations Vacant

You know that Bowl of Brooklands. Well, there's a heck of a lot of work to be done. And it's for the benefit of Taranaki. So, what about it! Gardens got the go-by while the Ranfurly Shield was here so a couple more days won't be missed. This is the story: the bowl is an imaginative scheme which can really put us on the map, not just in New Zealand, but all over the world. But like most worthwhile things, it means work and unfortunately, so far, it has meant work for just a willing few. If you gave up just one Saturday or Sunday to help you would be playing your part in building an asset for Taranaki that will benefit you and the generations that follow you. Think about it, then act.

**Above:** When we turned up at the bowl the other Saturday there were only 12 volunteers on the job. These workers were constructing the new three-tier stage.

## N.P. Brownie Revels

Brownies by the dozen got together recently for the annual Brownie Revels. It was a great show. How do we know? A little brownie told us. Above: It's a highly polished group this one. Below left: Cinderella is Merle Carmichael. Below right: Time for a break and a drop of the doings.

Above: The gang sits round waiting for the best order of the day -- tuck in girls! Below: The revels had plenty of variety--even the fairy tale characters were a mixed lot. But you have got to admit that they make a fine picture. Incidentally, all these fairy tale characters (or are they nursery rhyme?) are guides.
