**LOCAL NEWS**

We recently increased the number of pages in "Photo News" to 84. In filling the extra pages, we thought that some news of a more national nature would be very acceptable to our readers. Since then, we have been inundated with requests to cover more functions. So keen are people to see local news events in this magazine that we have decided to cut out the national news pages, and substitute LOCAL news only, STILL with the enlarged number of pages...84. This, of course, is the right thing to do, as "Photo News" started out as a local news media. Since our enlarged edition, we've had a letter from a reader, Mrs L. Goldberg, of Illinois, USA, who implored us to continue with local news. We have also had other readers writing to us and asking that we only show pictures of local interest. Well, we are going to do just this....but....

Your cooperation will help us no end in compiling the full 84 pages with local pictures, so if you have an interest in a club or society or just know of anything that looks like a picture, ring us any time, and we'll send out a photographer. We can do that now, as there has been an increase in staff to cope with the extra work involved.

### OUR COVER

Here are the three most popular girls during festival time. Miss Brooklands 1967, Nan Taylor (centre), is shown with her two maids, Sue Orchard on the right and Sandra Luty on the left. This colourful picture was taken at Brooklands Park.

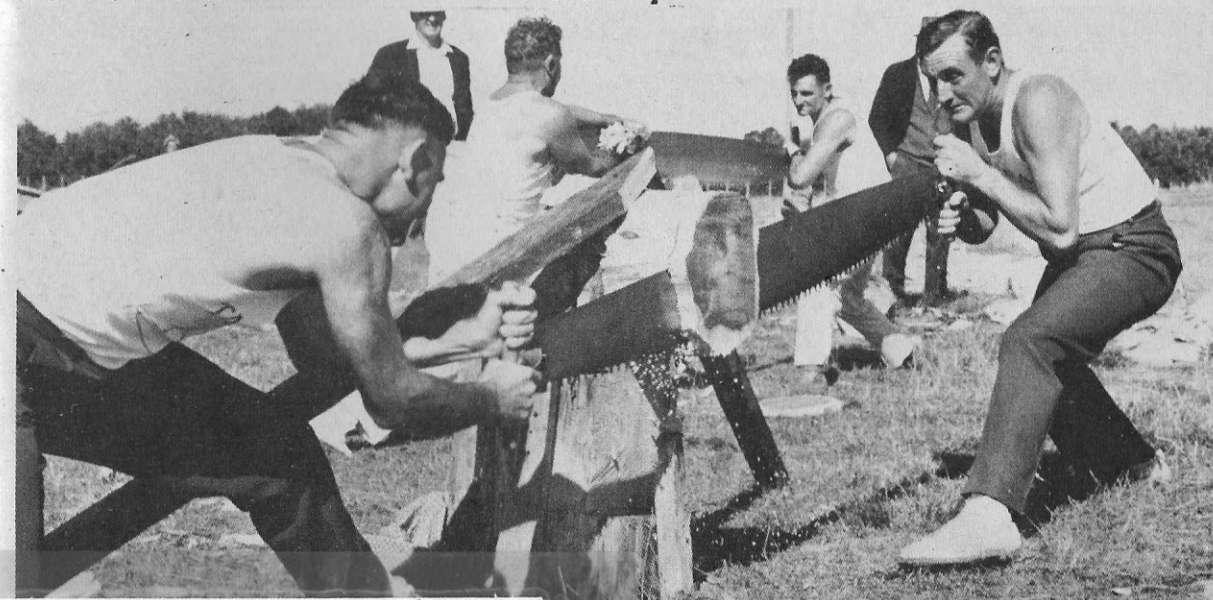

### BACK COVER

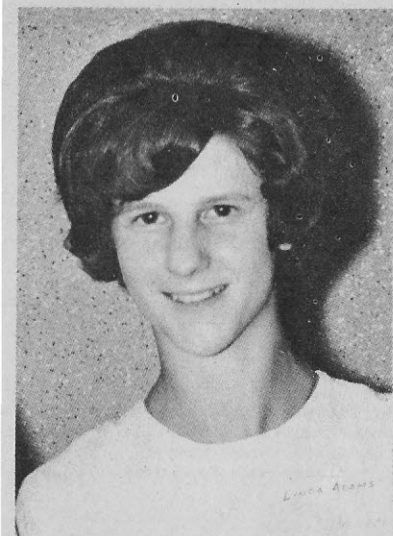

Another picture of the Bowl--this one was taken at one of the Kiri Te Kanawa concerts, and shows her on stage with the Little Symphony Orchestra.

The other picture on the back cover was taken at the recent Taranaki Surf Life Saving Championships on East End Beach. This is perhaps the most colourful part of the champs.

### Sawyers

With such lovely entrants, we feel sorry for the judges--their's will be one heck of a job.

## KIDS' DAY AT SPEEDWAY

Though the crowd was disappointingly small, the annual Kids' Day at the speedway was a huge success, with a programme that only the speedway boys know how to provide. It contained both variety and thrills for both youngsters and adults alike. From the spectators' point of view, this was the best programme on Easter Monday. **Above:** Popular speedway riders Brian Karkeek and Gary Peterson on a cycle sidecar outfit caused some amusement for the crowd. **Below:** Young speedster Chris Martin in his motorised cart. **Above, right:** Ian Cattley and Ian McLean, entries for the cycle race. **Right:** Marie Adamson won the motorised race for kids. **Below, right:** Ray Charteris gets a jab in the rear during one of the TQ races.

Here, Michael and his sister Penny Evans seem quite at home on this sidecar outfit. **Above:** Vaughan Childs comes home a tired boy after a race round the track, but he was first home in the tyre race. **Below:** Start of the cycle race brought all the cycles in the city out on to the track...poor handicappers!

## BOYS' BRIGADE SPORTS

There was an extremely good muster of boys from companies all over the province for the annual Boys' Brigade sports day at the Spotswood College grounds. During these sports events the boys are undergoing tests for their certificates and badges besides indulging in inter-company competition. Above: Don Cowie, Okato, passed his test with a mighty shot put. Below, left: Peter Kelly, Okato, topples the bar in the high jump event. Below: Start of one of the heats in the 220 yards test.

Above: The times which the boys have to better to pass their Boys' Brigade athletic tests are pretty stringent, and they put their all into these tests to help them to gain their badges. Here the boys set off on the 220-yard test. Below: Every ounce of strength goes into this shot put by Brian Sorrensen, Stratford. Right: Colin Jackson, 3rd NP Coy., goes over the bar in the conventional way. Below, right: The unconventional method was used by some of the more alert boys who thought the usual way hard to do. Good initiative this.

## NEW COURTHOUSE NOW IN USE

The new courthouse in New Plymouth is now in use. It is a very impressive building, above, and when the front is tidied up with a few flowers and a new footpath, then it will be a joy to behold. What a difference from the old courthouse which has served New Plymouth for such a long time. The old building, below, has long passed its usefulness and is due for demolition soon. With austerity the Government's keyword right now, the official opening consisted of a few speeches, and bang! they were in business, instead of the usual ceremony. We think this a good idea, and cuts out a lot of wasted time and unnecessary pomp.

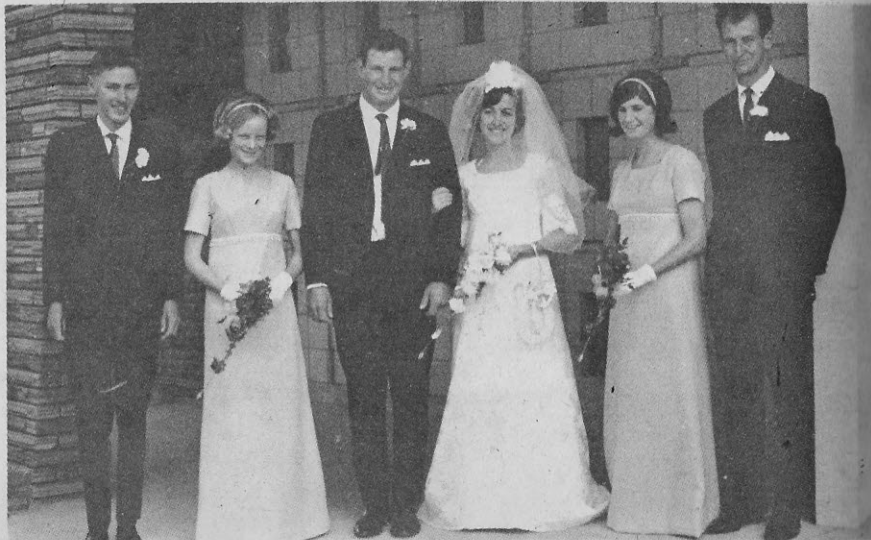

Above: Interior view of the main courtroom—very plain, but built to do a specific job, and by the look of it will serve its purpose in a workmanlike manner. Below: The new registrar's offices. Below, right: Main stairway leading up to the main courtroom, situated on the first floor of this fine new building.

## SUCCESSFUL DRIVING TESTS

Some very interesting driving was seen at the old airport recently when the Taranaki Car Club and Automobile Association combined to provide competition for drivers. The tests were more a test of driving skill than speed, though time counted in the final result. To say it was successful is putting it mildly. **Above:** Rob Soot-Hill gets his instructions from time-keeper Greg Gable. **Below:** Competitor Peter Gendall gets his riding instructions. **Above, right:** Peter Gendall in his truck on the zig-zag course. **Right:** G. Clouston in his Standard did his share of wheel-spinning. **Below, right:** Like father, like son. **Here,** young Sheard tunes up his motor to get the best out of it.

## MOTORWAY TAKES SHAPE

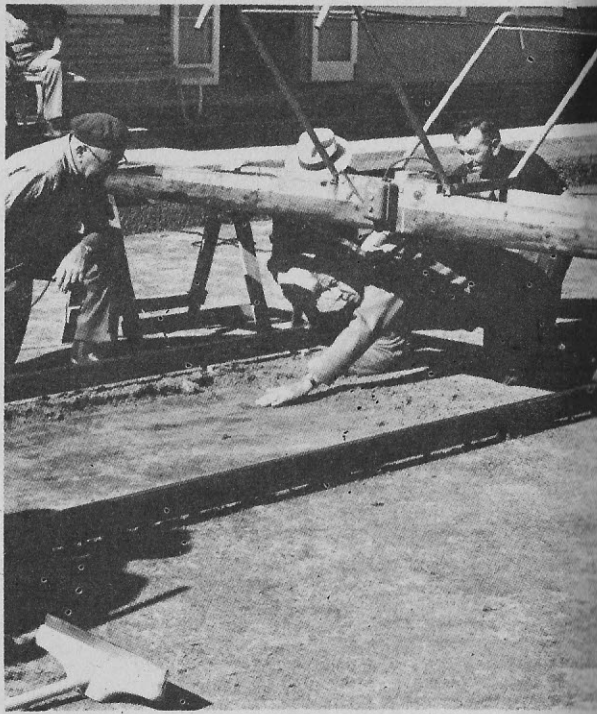

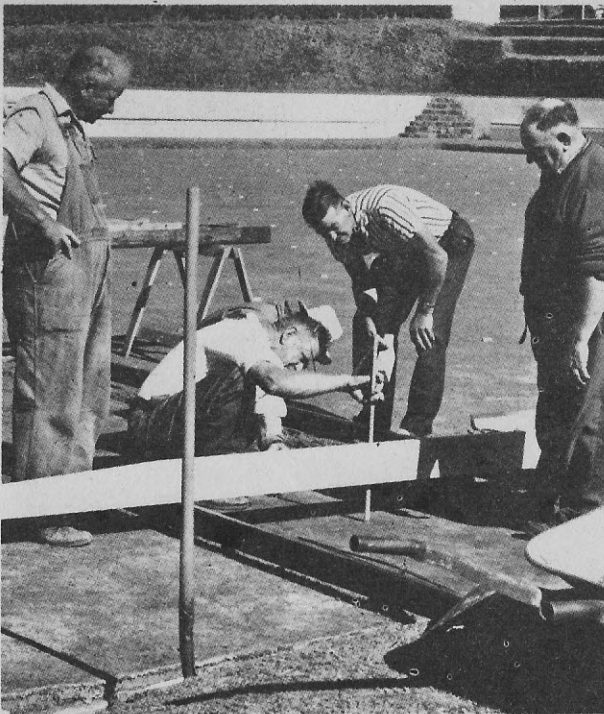

With the fine spell of weather, work has been moving along on the new Motorway on the south side of the city. There were a lot of holes to be filled and a lot of hills to be flattened. But with the giant earthmoving machines it is amazing how quickly this job can be accomplished. When we took these two photographs, there were four giants biting into the earth and moving tons at a time. In the picture above, two of these machines can be seen, and the shape of the road clearly evident. This is the view from the top of the new overhead bridge, looking south. Below: This is what the motorist will see after leaving Coronation Avenue, just by the entrance to the Welbourn school, as he proceeds southwards down the hill to the bridge spanning the present Junction Road.

## PLANE CRASH AT TARATA

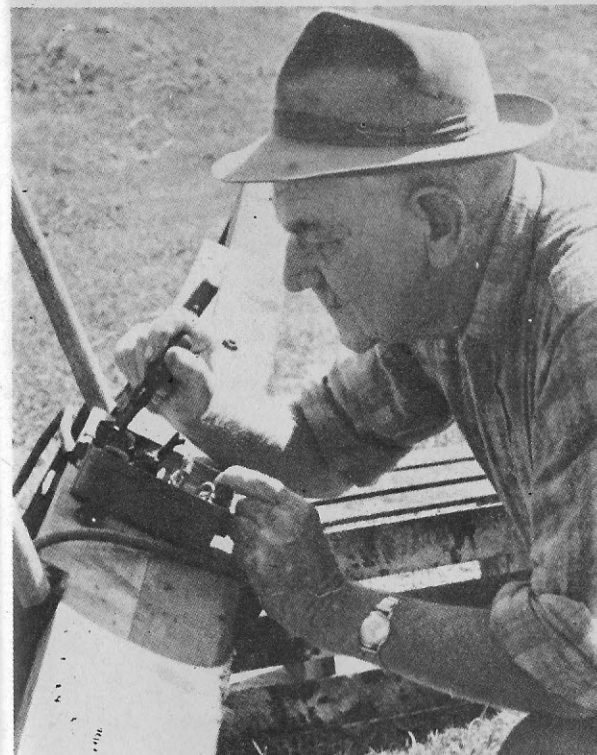

Two men walked unscathed from the wreckage of this light four-seater aircraft at Tarata recently. It is amazing that two people could come out of this alive, but the pilot, Bill Griffiths, and Mr D.M. Rawson, acting in an advisory capacity in the search for a lost tramper, walked away from the crash. Left: Here the plane seems almost lost in the thick undergrowth of the area. Above: One of the wheels was torn away in the crash. Below: The wreck lies buried.

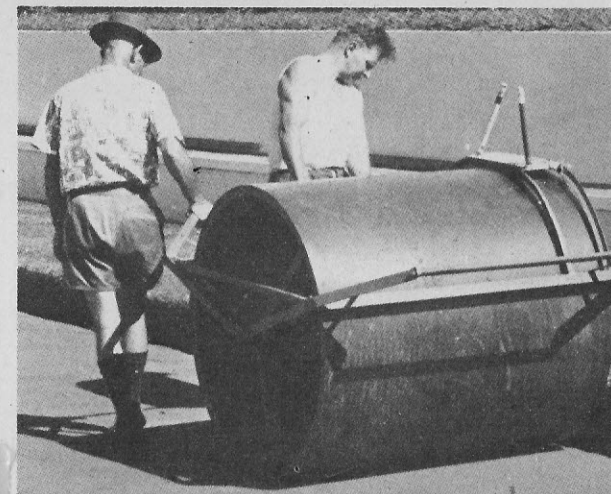

## NEW GREEN FOR PARITUTU

After much deliberation, the Paritutu Bowling Club decided to scalp their front green. It has been down now for many years, and contained much in the way of weed life that is not wanted in a green, and hard to keep out. In scalping the green, about 2" of soil was taken off the top, a total of about 80 yards of soil altogether was removed. The whole operation was completed in just over two days with a large band of volunteers to help with the job. Much can be said for the keeping of the green in that the levels didn't vary by  $\frac{1}{8}$ " over the whole surface. Supervising the project was Tom Guy, a well known personality from the Waharoa Club in Matamata, who gives his time and effort in the interest of the sport. Above, left: Before the first cut was made, the measurements were checked and re-checked by Tom and his assistant, with straight-edge Clem casting a watchful eye on proceedings. Above, right: After the first cut had been made, green warden Bill Sanger and assistant Rug Hawkins look at the result. Below: The first run is made, and everybody was happy.

Above: Any technical troubles were attended to by chief technician "Grump" Roberts, who is shown here "fixing" a switch on the scalping machine. Below: After scalping, the green was grooved preparatory to sowing. Grooving here is Vern Muir doing the hard work, while Alf Bland keeps things straight. Above, right: Sowing was one of the more easy jobs. Right: Screeding after sowing and the job was nearly finished. Below, right: Finally the green is rolled, and then the members set to and prayed for the right kind of weather to get the newly-sown seed germinated.

## 20-LAP SPEEDCAR DERBY

Fifteen midget racing cars in a 20 lap speedcar derby race at the Waiwakaiho Speedway were the ingredients for some super thrills recently when drivers from far and near entered this long-distance race. So gruelling was the race that one after another of the cars pulled out and at the finish there were only half the field left.

**Above:** Trevor Gray in his Holden just keeps ahead of Tony Goshinski. **Below:** The sidecars provided some fine racing--here Arthur Roper with passenger Terry Baldwin slide round a corner in front of Ray Wills and Dave O'Brien. **Above, right:** Auckland drivers Bill Reid and Dave Tompkins take a corner together. **Right:** Graham Maslin, Laurie Booker and Trevor Grey are neck and neck. **Below, right:** Popular NP driver Laurie Booker keeps out Bill Reid on a corner.

# HAWERA'S NEW POST OFFICE OPENED

H A W E R A P O S T O F F I C E

Hawera's new £120,000 post office was recently opened before a crowd of over 250 people. The official opening set a precedent when it was performed by the former member for Egmont, Mr W.A. Sheat, and the sitting member, Mr V.S. Young.

## BOYS' HIGH SCHOOL ANNUAL SPORTS

Once again records were equalled and broken at the New Plymouth Boys' High School Sports recently. It seems that the modern generation is getting better and better in its fitness. It makes one wonder when this will all stop, or when youth will reach the ultimate in time at sports. It does show that at least some of this generation is keeping fit. Above, left: Bruce Binnie lands after jumping 17ft. 7in. in the junior long jump event. Above, centre: Winner of the junior 880yds. was Rollo Rawlinson. Above, right: Intermediate 880 winner was Brett Gilbert. Below: The Junior 220 yard event was a close one. Bottom: Start of the under-13½-years 100 yard race. This event provided some large fields.

## NEW MILK FACTORY AT ELTHAM

Sir Andrew Linton, chairman of the NZ Dairy Board, recently opened the Taranaki Dairy Company's new spray milk powder factory at Eltham. The fine new stainless steel and glass building, almost nine storeys high, is the first such plant to be opened in Taranaki. It has been in operation for most of this season and has already produced 6000 tons of powder by working round the clock. Sir Andrew predicted difficulties for the country in the next few years, but in spite of this the Dairy industry had a great future. **Top:** Sir Andrew speaks to the rather large gathering of farmers at the official opening. **Above:** Part of the crowd gathered for the function. **Below:** A new landmark on the Eltham skyline is the gleaming new building.

## WAITARA H.S. GALA

The recent Waitara High School Gala raised a packet of dough for the organisers who feel that they can now go ahead with their proposed new gymnasium. It was a good gala day too, with plenty of variety and prizes for those attending.

Above: This poor chap got dunked a few times, all for the sake of the school, too. Below: And this little lass spent more than her pocket money trying to win a coconut. ## NEW Y.M.C.A. STADIUM OPENED

At last the YMCA has a fine new home of its own. Their new stadium, costing £94,000 was recently opened by the Minister of Internal Affairs, Mr D.C. Seath. The 18,750 sq. ft. building is a credit to the effort put in by the YMCA board members in raising the necessary finance, to the architect and to the builders. Seating capacity is in the region of 1,000, and our pick is that the YMCA will derive a fine revenue out of the letting of the hall—it should become one of the most popular sports areas in the city. **Above:** Interior view taken at the official opening. **Below:** Exterior of the building which is still to have more work done to it.

## Pretty

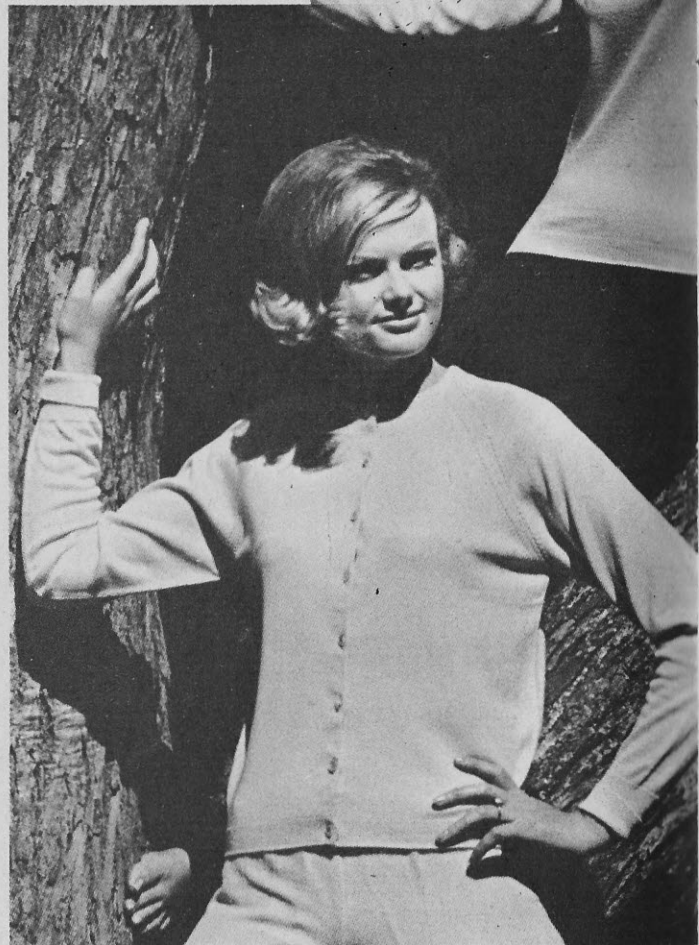

Meet Miss Wool of America again, pretty Barbara Petsel from Iowa. Only a very few months ago when Barbara went travelling she took only an overnight bag. Now, as an ambassador of wool, she travels with nine large suitcases of clothes. She will be in N.Z. for six weeks.

## ← Trouser Suits

Pure virgin wool flannel, checked and plain, is used by Maida Vale for these long-jacket look alike trouser suits. How do you like the matching cap?

## Switchabout ↑

Value-for-money girls will appreciate the sound good sense, fashion-wise and finance-wise, of this switchabout Woolmark set by Southwell of Auckland. Jacket, skirt, and slacks in navy pure virgin wool jersey teams well with a red overblouse, featuring a navy motif for a terrific trouser suit or a smart conventional three-piece suit.

## ..... Revolutionary Sporty Knitwear ▲

Harris tweed is used in a mod manner in this Alexon design by Cantwell Creations, featuring rounded lapels and a self belt.

Described as one of the major innovations in the knitting field in recent years, revolutionary TD Orlon will appear on the New Zealand market shortly. ## ..... Smart and Neat ▶

## Moment of Agony

Many spectacular rodeo pictures have been published in the pages of Photo News over the years, but the "daddy" of them all would surely be this shot, recorded at the Kihikihi Rodeo by Waikato Pix photographer George Hawkins, of cowboy Rodger O'Neill's moment of agony.

Thrown from his furious mount, O'Neill lands awkwardly and his left leg breaks under the force of impact.

A second later he was writhing in agony under the flashing nooses, before being dragged clear and rushed to hospital.

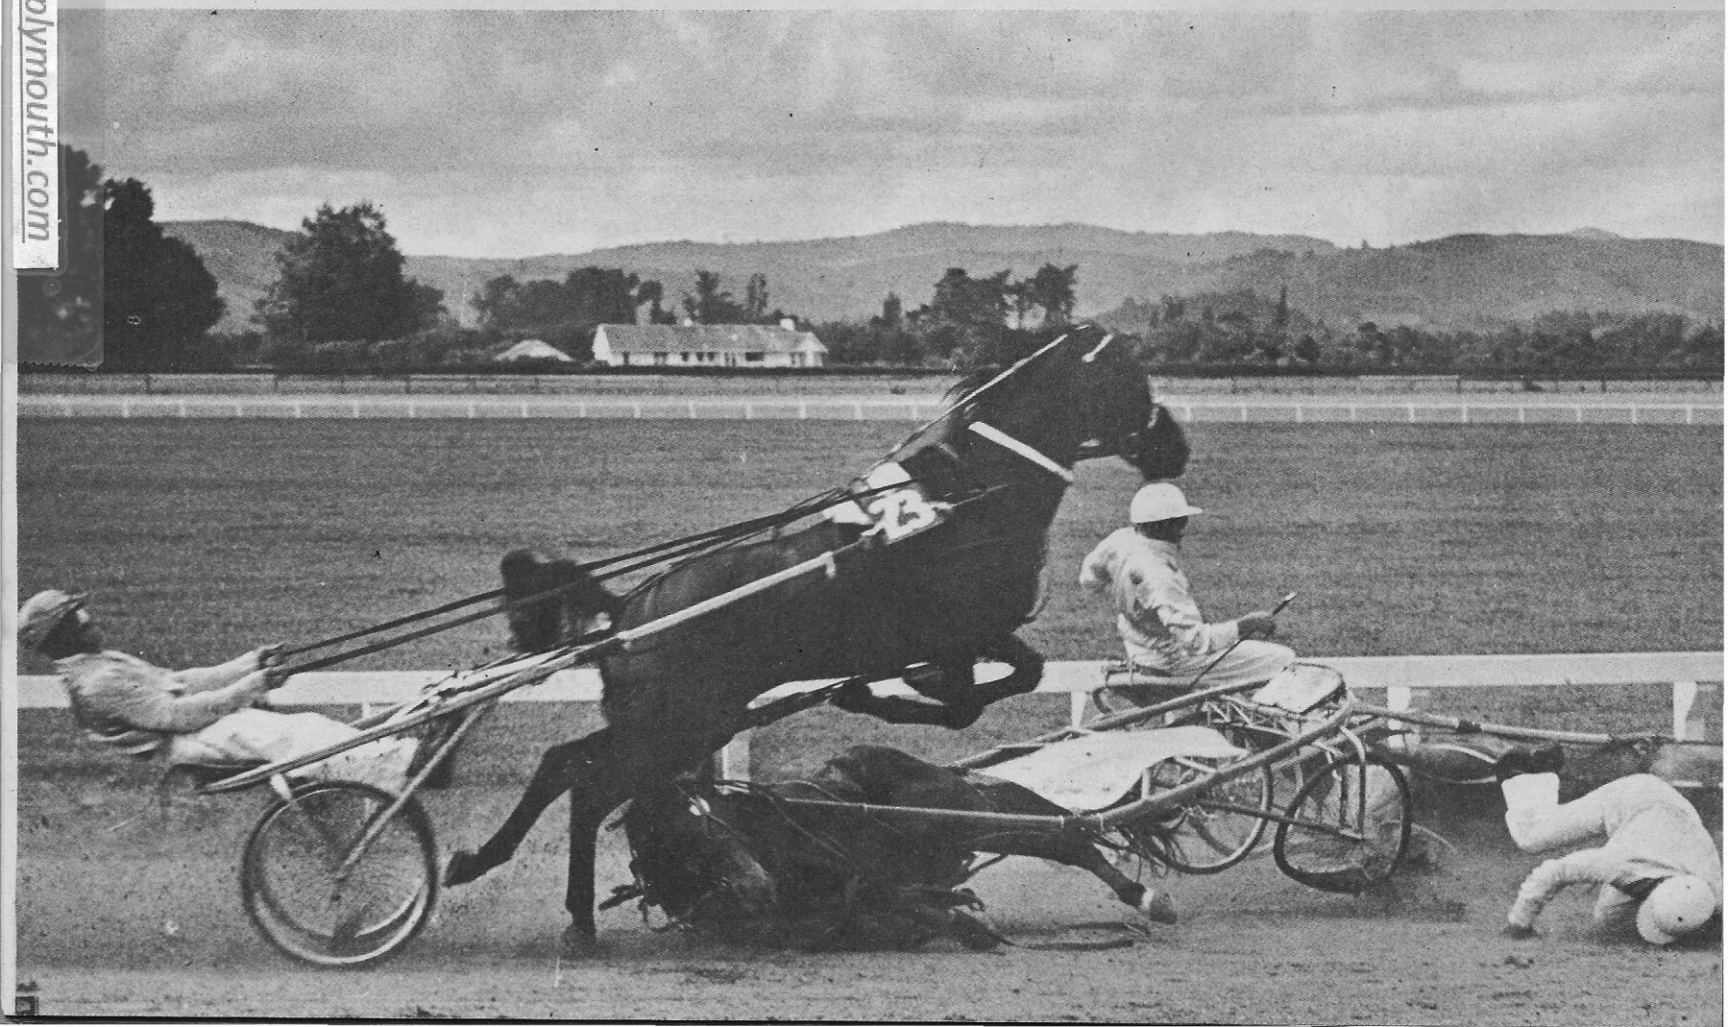

## Whoa Boy!

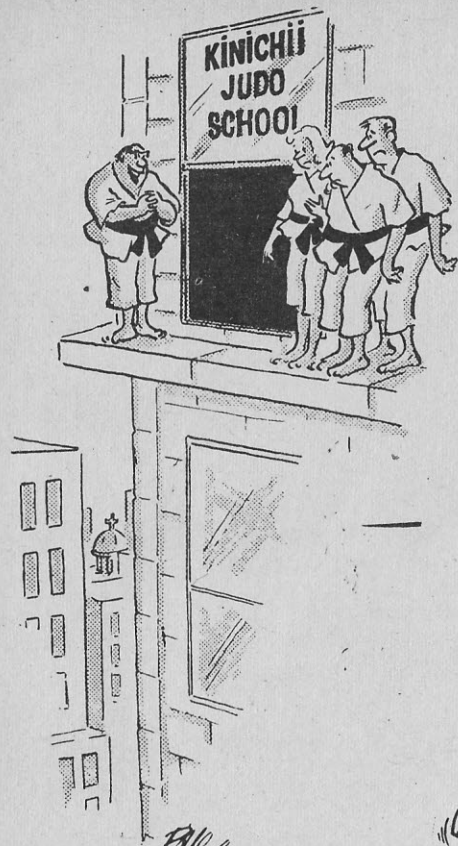

"Another outstanding horse picture from the Hawkins file is this dramatic pile-up at the Cambridge Trotting Club's centennial meeting.

The picture shows the driver of Stan By desperately pulling back on the reins in a vain attempt to stop his flying charge from leaping over a fallen Creggan.

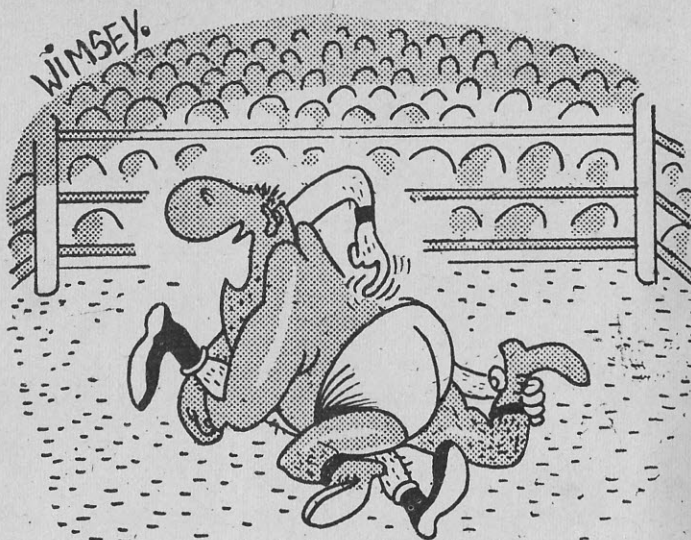

Creggan's driver, I. Thomas, is thrown heavily onto the track, and was later admitted to hospital with spinal injuries.

The third horse, already fallen by the rail, is Volta.

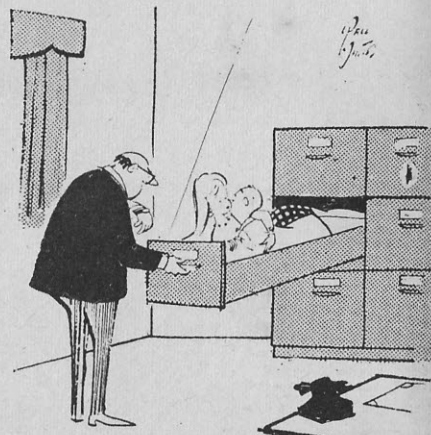

"The first thing we learn is how to fall..."

"No, no, Charlie—a bit 'igher up!"

"... and I suppose you're going to fight me for the custody of the children."

## To Visit New Zealand

The N.Z. pop scene will be, like with-it, during the next few weeks when several top-line overseas artists visit this country.

Three top British acts will arrive in mid-April for Harry M. Miller's "April Big Show". They are the Hollies, Eric Burdon and the Animals, and Paul and Barry Ryan.

Late in March, Herb Alpert and his Tijuana Brass (right) will play at Auckland and Wellington.

Peter, Paul, and Mary will return for their second N.Z. tour in May.

## Animals

Left: Eric Burdon and the Animals, who followed hard on the heels of the Beatles and the Rolling Stones in the big British beat wave.

## Twins

Right: Look-a-like twin brothers, Paul and Barry Ryan, 19, have become international recording stars.

## Hollies

Below: The Hollies, part of the "April Big Show", have had several hits on the New Zealand charts.

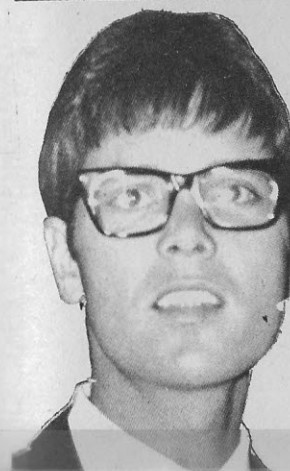

## Know Him?

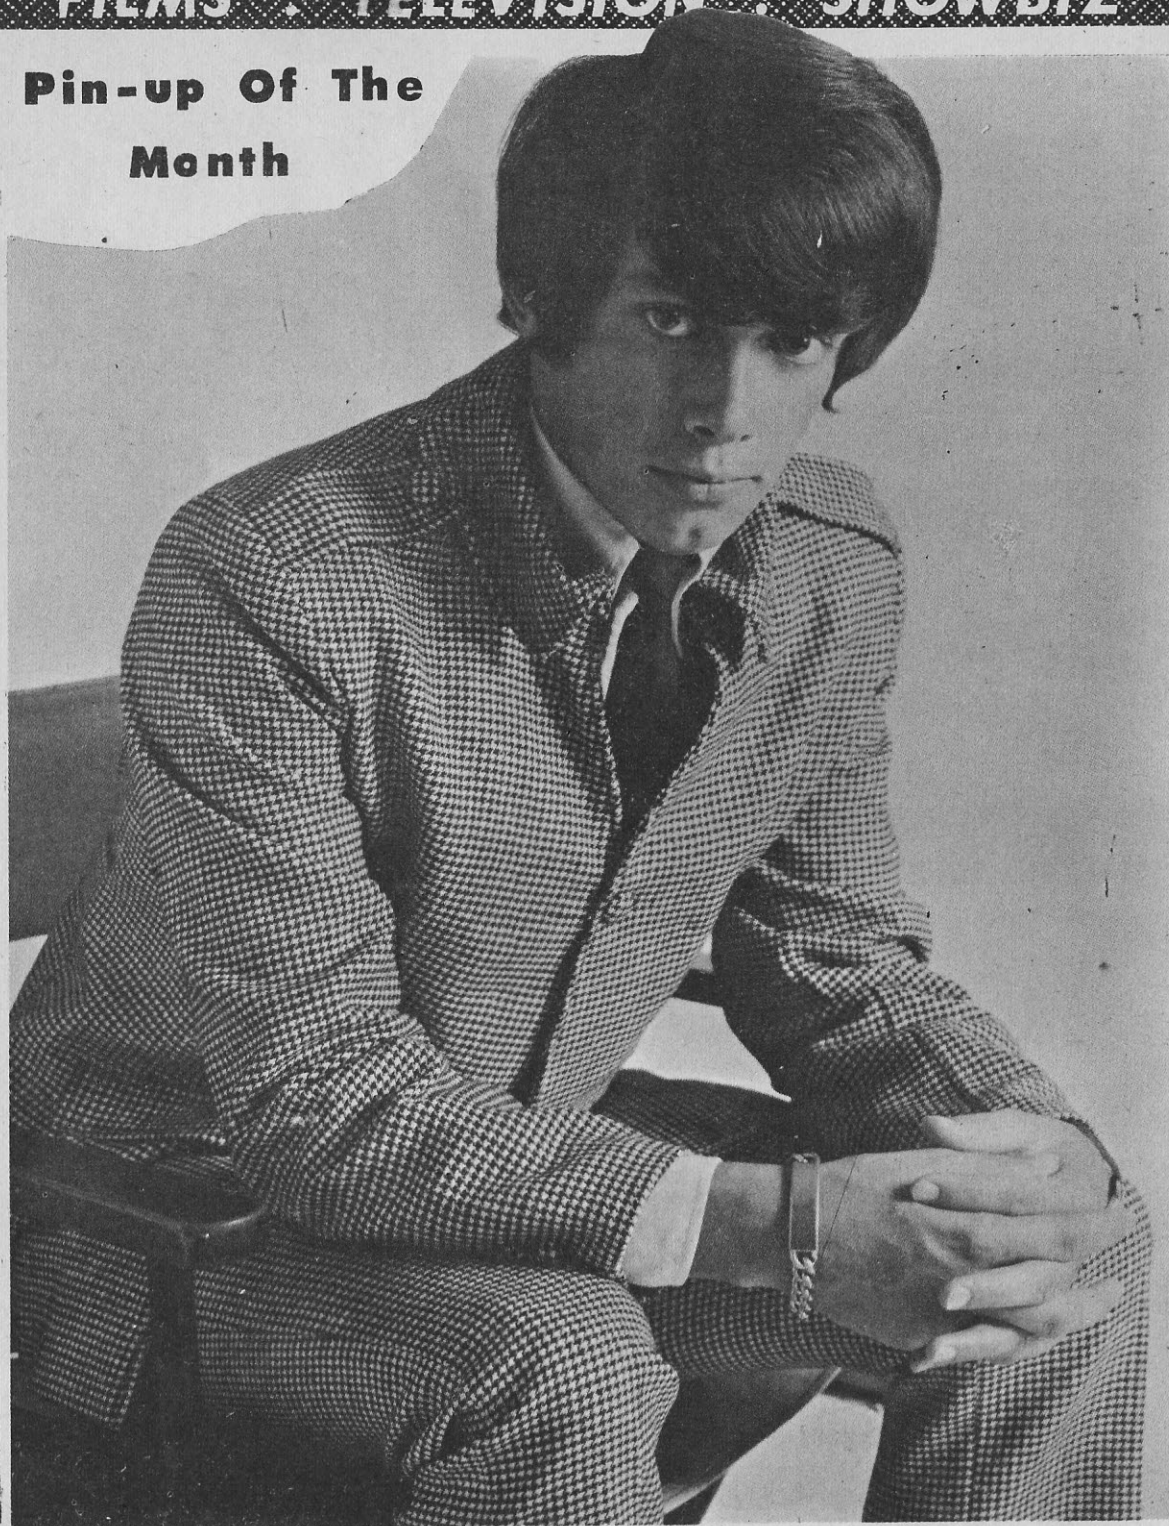

Recognise the crazy cat in the fringe and glasses? It's British entertainer Cliff Richard, who has adopted a new hairstyle since last visiting New Zealand.

## Makeup for Lee

Top-rated N.Z. popster Lee Grant has makeup applied by his cosmetician Diane Cadwallader before going before the T.V. cameras.

The girls might question the Wisdom of having Norman act as the judge of their beauty contest, but they look quite happy about it. And so does he ....well, why shouldn't he! This is a scene from the new British comedy, "Time".

## Pampering the Palate

While T.V. food man Graham Kerr is away in Australia, his campaign for better appreciation and use of N.Z. foods does not suddenly cease.

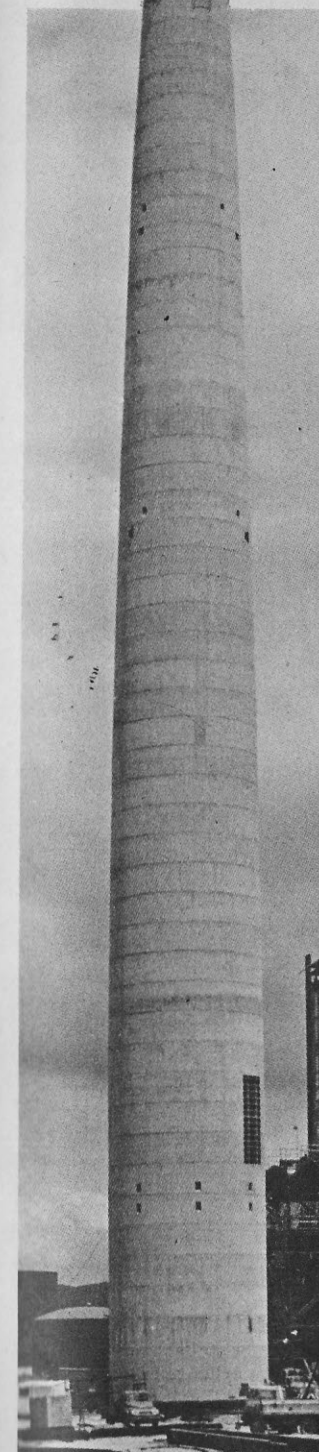

There is a team of young New Zealanders at the National Food and Wine Centre in Wellington who carry on the task of focussing attention on our foods.

The team includes Kerr's business partner John Buck, the "Mr Wine" side of the centre, who is this country's only "Chevalier du Tastevin"...a French title for recognised wine-tasters.

The centre's activities include lecture courses on wines and food preparation, as well as display of foods, and staff members include trained home economists.

## Paraplegic Robin Hoods

Three of the growing band of courageous and devoted wheelchair sportsmen aim for the bull while competing in the archery section of the recent Paraplegic Sports, in Auckland.

The two rear archers, N. Brown and W. Flood, were both Silver Medal winners at the Jamaican Paraplegic Games. In front is N. Ruatara.

Wheelchair basketball, an apparently spectacular sport, is the newest event to be added to the already comprehensive programme.

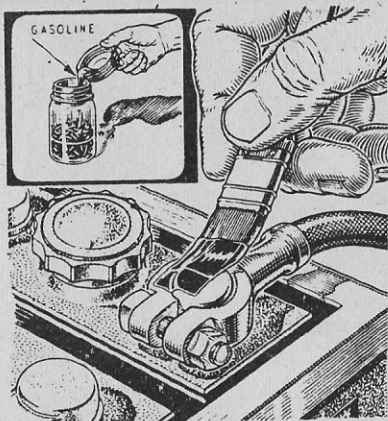

## Cloud-Piercer

Seven layers of different materials, including compressed asbestos, stainless steel, mild steel, and a neoprene seal, were laminated by Industrial Chemicals (N.Z.) Ltd, in Auckland, to make bearings for this, the largest chimney in New Zealand.

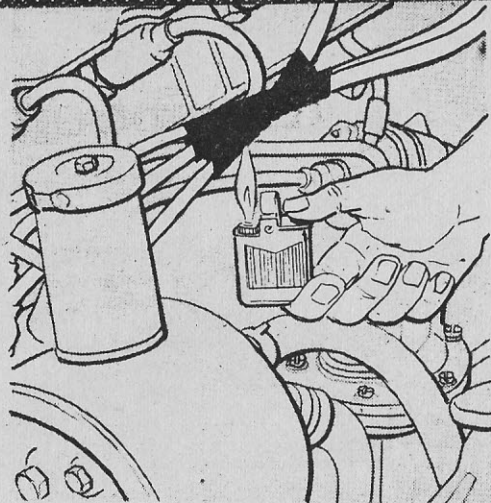

The chimney is 400 feet high, and is on the site of the oil-fired power station at Whangarei. The base of the structure.

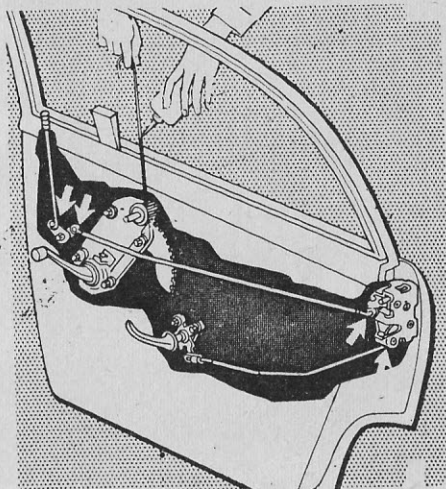

# MOTERING WITH ROBBIE

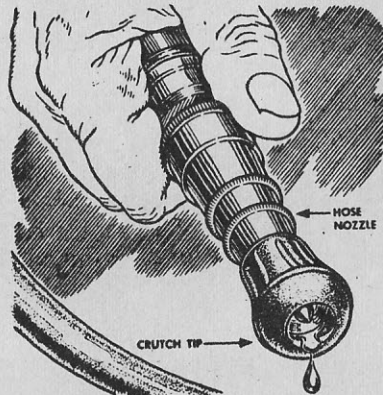

Stop battery corrosion around the posts and terminals with a paint made from the pitch of old batteries dissolved in petrol. The paint can be stored in a closed jar and brushed on whenever cables have been removed or a new battery is installed.

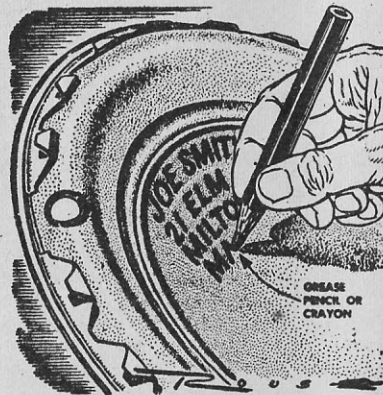

Removing electrician's insulating tape wrapped around a splice on lighting wires or wiring loom can be difficult, especially if the splice is in a cramped place. It will soften up and come off easily if you pass a match or lighter flame across the tape a few times. Don't set the tape alight, just heat it long enough to soften it.

If the side windows are hard to open and close, the mechanism may need oiling. Lower the glass all the way, wedge it to one side, and insert a stiff wire down to the mechanism. Oil deposited on the wire will follow it right down to the desired part. This works with door locks too, of course.

A hose nozzle can't scratch or chip your car's finish if you cover the end of the nozzle with a crutch tip. Cut a 5/8" hole in the crutch tip to let the water through and centre the hole so that it won't interfere with the fine-spray adjustment.

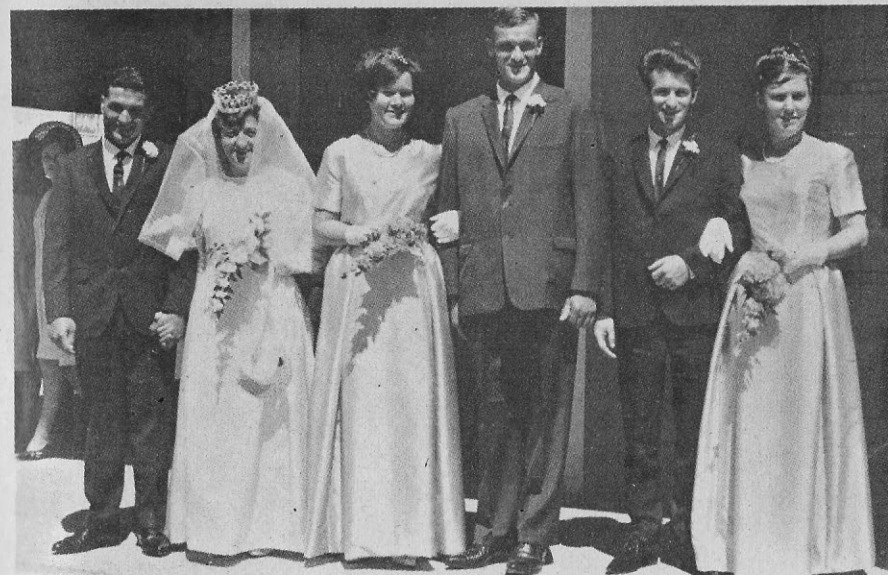

Print your name and address and telephone number with a crayon on the inside of your car's hub caps. If you should happen to lose one, there is a good chance it will be returned or you will receive a phone call to collect it.

## ST. JOHN CHIEF IN CITY

The Commissioner-in-Chief of the St. John Ambulance Brigade, Rear-Admiral Sir Royer Dick, recently paid a visit to the city and made presentations of awards to members of the brigade at a special parade in the NP War Memorial Hall. Above: There was a fairly full muster of members from most of the companies in Taranaki, shown here on parade. The scenes on this page were taken as the ashes of Mr Te Rakaherea Pomare are placed in the tomb of his father, Sir Maui Pomare, a distinguished Maori leader. Mr Pomare, who died at Lower Hutt recently, retired as the Health Department's national tutor for health inspectors in Wellington. About sixty people, many from outside Taranaki, attended the tangi and funeral for Mr Pomare. The Mayor of Waitara, Mr A.D. Wilson, paid tribute to Mr Pomare at the funeral. **Above:** The casket is taken to the vault of his father. **Below:** Mourners watch as the casket is lowered into the vault.

## MIDHIRST SPORTS

It was a grand day, both weather and crowd-wise for the annual Midhirst Sports day. There seemed a bigger variety of sports at this day than at many others in Taranaki that we have been to, with trotting, motor-cycle racing, chopping, athletics and many other sports on the programme.

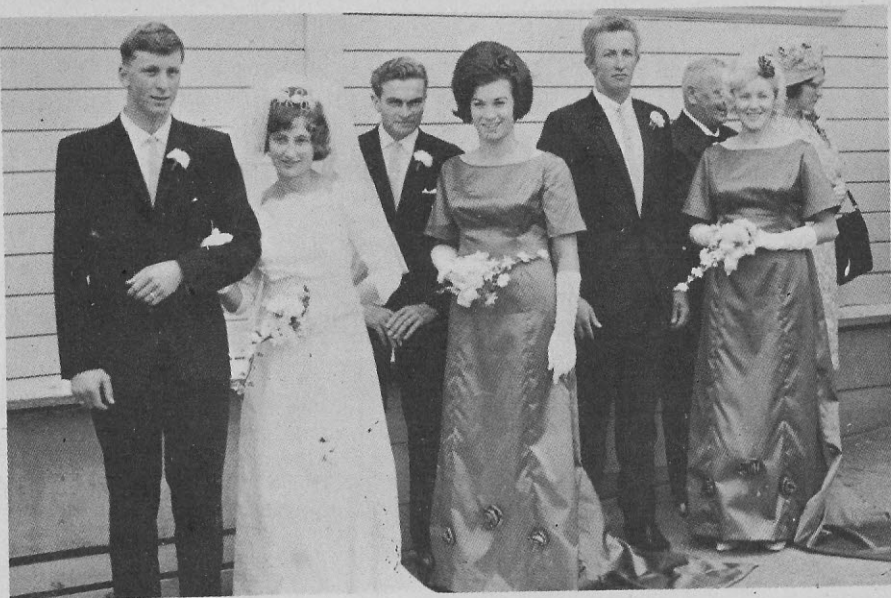

**Above:** Three of the entrants in one of the trotting events, which proved very popular with the crowd.

## CHIEF SCOUT VISITS TARANAKI

It was a big day for the Taranaki Scouts and Cubs during the Easter week-end when they received a visit from no less a person than the Commonwealth Chief Scout, Sir Charles Maclean. In camp were some 300 Scouts and about 50 Venturers, and with a day visit by the Cubs, in number 400, this made a good show for the very important visitor. Sir Charles was most impressed with what he saw, and commented favourably on the way the different troops had laid out their camps. While some were not quite as ship-shape as others, on the whole they were a credit to the Scouting movement in the province. We have it on good authority that Sir Charles left the district with a very favourable impression of the Scouts of Taranaki. **Above:** Sir Charles and his party arrive at the camp. **Right:** He was given a Maori welcome by Richard Wharehoka, who came all the way from Pungarehu for the welcome. **Below:** Challenged at Cardiff Park, Sir Charles was welcomed by this Maori party which performed a couple of action songs for him.

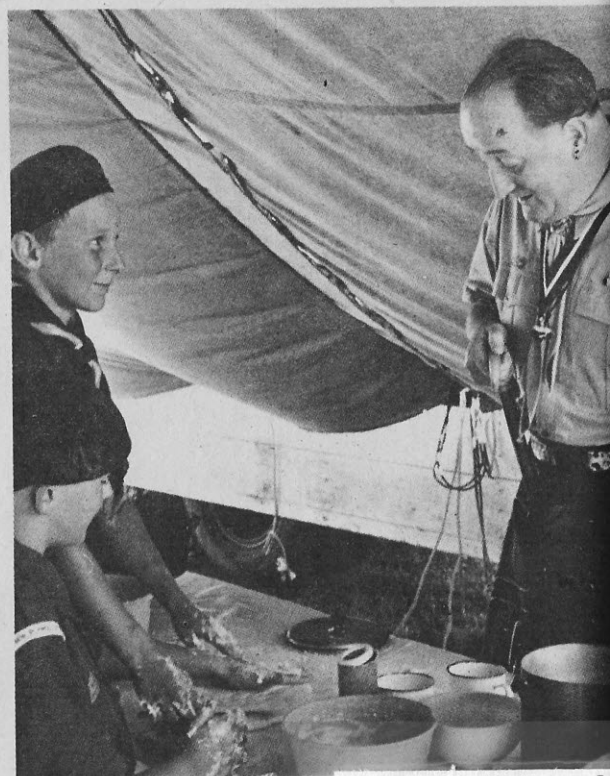

**Above:** During the visit of Sir Charles, it was very noticeable that he was fond of playing pranks with the boys...and how they loved it! Here he pulls Waitara Sea Scout Murray Peterson to him with his staff, to the amusement of the other members of the troop. **Below:** Here, Sir Charles talks to members of the St. Joseph's troop. **Above, right:** Another gesture was to ask various boys if they would like to become the Chief Commissioner, and fitting his hat on the boys, who thought the whole thing a huge joke. Here Sir Charles does just this with Neil Adams of the Central troop. **Below, right:** His friendliness with the boys was something that had to be seen to be believed.

Left: Sir Charles is greeted by members of the Central troop at the entrance to their camp. Below, left: A brief word with nearly all the Scouts was the aim of the Chief—here he talks to boys of the Mikotahi Sea Scouts. Above: The boys were thoroughly questioned by Sir Charles. Here's a young lad who will remember this day for the rest of his life.

## 2,500 AT SPEEDBOAT REGATTA

Easter Sunday at Lake Rataipiko saw a crowd of over 2,500 for the annual midget speedboat regatta. The day was a brilliantly fine one, and the crowd was treated to some very good racing by these small fast boats. The new course had been enlarged, and the corners were not quite as tight as they had been in the past, which helped in the spectacle and speed of the boats. Above: Scene at the side of the lake as boats are prepared for the many events on the programme. Below: Start of the feature race, as the contestants come up to the line and are given the go sign. Bottom: Three of the faster boats come round the top buoy together and head into the long straight.

Above: Mustang, driven by Jack Smith, New Plymouth, heading down the straight in the Ward Cup race. Jack's boat didn't seem to be going as well as it could, and he consequently only came second in this feature race. Below: Down to the first bend in the Ward Cup race, with Mad Dad on the right, the eventual winner, just heading off the other contestants to the first turning buoy. Bottom: This thoroughly enjoyed the afternoon's racing.

## REWARDS FOR COURAGE

Bronze medals of the Royal Humane Society were recently presented to two local men who took part in a rescue at night on Paritutu. The ceremony held at the New Plymouth Police station was simple yet dignified as befitted such an occasion. **Above:** Mayor of NP, Mr A.G. Honnor, inspected the assembled police prior to the presentations. **Below:** Constable Ray Petrowski was one of the recipients, and his wife Win admires his medal. **Right:** A member of the Search and Rescue organisation, Vic Rhodes, was the other to receive the medal. Here his daughter Carol admires Dad's medal...we think she must have been a very proud little girl. **Below, right:** Vic Rhodes with his wife, son Mark, daughter Carol and his mother and father, Mr and Mrs T. Rhodes, who had only shortly before arrived from England.

Below, left: Helpers right one of the rock-and-roll cars after it had spun over a couple of times on the track between races. Below, right: A.Pryce (Wanganui) receives the handsome president's trophy after winning both his heat and the final of the event. Bottom: Here's a terrific pile up. It amazes us how these cars untangle themselves after such a mess, but they nearly always do, and continue the race as though nothing had happened.

## 6,500 SEE STOCK CARS

That was the size of the crowd at the final of the national Championships at the stock car meeting at Stratford on Easter Monday. Above, left: Wyne Back receives a consolation trophy from club president. Left: The scene here was quite normal for this exciting meeting. Above: Officials had a busy time replacing the broken fence after each race. Below: One way of getting round a drum is to go over the top, and, believe it or not, this car did just that.

## FORUM

## AND ACTION

### Are All These Rescues Necessary?

Every time there's a search or rescue effected it makes us think....How much is this costing, and how many man-hours of work are lost because of a person getting lost in the bush? Two local men, Constable Ray Petrovski and Mr Vic Rhodes, recently received the Royal Humane Society's bronze medal for a night rescue on Paritutu, and are shown receiving their medals from the Mayor of NP, Mr A.G. Honnor. This was a hazardous rescue, which could have resulted in loss of life, and all because a seaman thought it looked easy to climb Paritutu from the seaward side.

In the photograph below, a brand new Cessna plane was wrecked, and again, this COULD have resulted in loss of life. Once more it was because a bod got lost in the bush. Surely nobody should think about going into the bush without knowing how to get out again, and a little elementary knowledge of compass work would help. Haven't got a compass? Ask any Boy Scout how to use his watch as a compass. Little things like that could easily save thousands of pounds' worth of time and effort...so think before you walk away into the bush, or climb forbidding rocks.

### Keep Our City Clean, Please

Just look at the untidiness caused by lorries from the wharf, carting potash out to Smart Road. Right from the wharf along St. Aubyn Street, and then on up through Devon Street, it looked a disgusting sight. Cannot something be done about this menace? This is not the first time that our streets have been covered with some form of fertiliser. There is surely a bylaw about casting offensive matter on the highway, and to our minds nothing is more offensive. Let's keep our city clean, please!

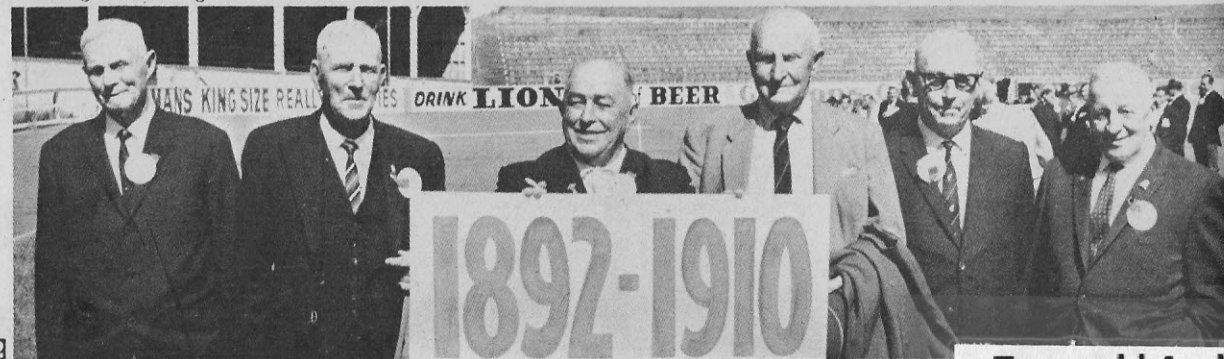

## A black and white photograph of a group of 15 people, mostly men in suits and ties, and one woman in a hat and coat, posing in front of a wooden structure. The group is arranged in three rows. The front row has five people seated. The middle row has five people standing. The back row has five people standing. Most of the men are wearing suits and ties, and some have circular pins on their lapels. The woman in the front row is wearing a hat and a coat. The background appears to be a wooden fence or a set of bleachers.

What a celebration there was over the Easter weekend at the Tukapo Football Club's 75th Jubilee. It attracted past members from all parts of the country, and was a huge success, both for those attending and the organisers, who had done a mammoth job. Top, left: Life members of the club, photographed during the celebrations. They are, from left, back row: Frank George, George Kenny, Lionel Dickey, Jack Gilbert and Harry Boswell. Middle row: Fred Knott, Mick Pope, Sid Holdt, Bob Knott and Kai Thomson. Front row: Ken Stohr, Ike Le Pine, Mrs V. Drury, Tom Smith and George Loveridge. Below: Coming to the more recent players, here we have the 1951-1960 decade, not quite so many of them, but including some of the more famous players. Bottom: Present day players, many of whom were to play that day against the Ponake club.

## W.D.F.F. GARDEN PARTY

The Upper Mangorei W.D.F.F. recently held its annual garden party at the home of Mrs L. Leuthart. Above: Part of the afternoon was spent with a mannequin parade. Here, Mrs Heather Kruse parades. Below, left: Mrs Betty Balsom was another mannequin. Below, centre: Mrs Thelma Johnson also paraded. Right: Mesdames L Bolton and J. # SPOTSWOOD GALA DAY

No doubt about the Spotswood Primary school-- they know how to run a gala. It was amazing that there were so many people there, but with some very good attractions it's no wonder. The gala started off with the crowning of the school "Queen", Raewyn Manly, being crowned by Miss Brooklands, 1967--Nan Taylor. Above: Nan and Raewyn head a colourful parade round the school grounds aboard a sports car. Below: Stan Humphreys was kept busy at the coconut shies.

Above: In the parade at the Spotswood primary school gala were the young girls with their decorated prams, and what a pretty sight they were, with all the colours of the rainbow. There's one little chap who should have been with the decorated bicycles, looks like he's going to be a ladies' man.

A 37-year-old Waikato farmer, and ex-Taranaki man, Bruce Judd, has recently gained his B.A. degree at Waikato University. Born in Inglewood, Bruce had five years as a boarder at the New Plymouth Boys' High School. After working as an office boy, a commercial traveller and finally a farmer, Bruce has settled down at Hamilton with his family of eight children. His wife was formerly Robin Knox, Opunake. They left Taranaki seven years ago. Bruce plans to go into the Teachers' Training College at Hamilton, and will then go on for his M.A. degree. Below: Here he is shown receiving his degree from the Governor-General, Sir Bernard Fergusson. Below, right: This is Bruce with his family surrounding him.

## What A Man!

## FOR SERVICES RENDERED

After thirty-six years with the New Plymouth Little Theatre Society, the secretary, Mrs Evie Atkinson has retired. What a wonderful service to the society, for she formed the Junior Little Theatre, which was a complete success, and provided senior members for the society. Above, left: Past President Mr E.A. Evans presented Evie with a gift from the society at a function to mark her retirement. Above, right: Helen Hardy started the evening off with a bouquet for Evie.

## TUKAPO JUBILEE GATHERING

At the Tukaipo Football Club's 75th Jubilee, perhaps the get-together was the most popular function, as old timers and present day players swapped yarns about the differences in play in the olden days to the brand of football dished up today. Here are a few of the groups. **Above**, from left: Wilson Jury, unidentified player, Sam Harold, Don Chapman, Terry Chamberlain, Fred Knott, Keith Morris and Joe Franklyn. **Below, left**: Bob Voullaire expounds a theory to a couple of good listeners. **Bottom, left**: Four All Blacks here—Colin Meads, Peter Burke, Kevin Briscoe and George Loveridge, and standing back at left, is the bearer of a famous football name, Bob O'Dowda. **Below, right**: Jack Gilbert and Alan Boulton get an ear-bashing. **Bottom, right**: Four of the real old timers, Porrie Brown and Fred Beu among them, had a heart-to-heart. ## Tried and Proved

Here's a sight that may never happen again, though we feel that with the most favourable comments made by those organising and taking part in the recent test match, there's every reason to believe that the real possibilities of Pukekura Park are at last realised. It's long past time when national sporting bodies realised that other centres besides the four main ones have facilities that are just as good, if not better than most.

And this applies not only to cricket, but to soccer, hockey and athletics--in fact any sport which requires a good playing surface and ample spectator room, in a setting we believe second to none. (Peter Hamling Photo).
