## OUR COVER

How pleasant to just lie on the water's edge and let the incoming tide cool you from time to time. Sue Rogers is our cover girl this month and, believe it or not, she didn't get washed up on the beach--we posed her like this!

## Back Cover

Fairytale characters that will come to life at the Bowl tonight and tomorrow, 21st and 22nd. This is one of the most ambitious of all the shows ever to be staged at the Bowl with a cast of over 250 people who will bring to life a whole library of characters from children's books. The unique setting of the Bowl will be transformed into a fairy-land of colour and sound as the stories from the world of "make-believe" come to life.

## Miss Brooklands Contestants

The annual garden party for the Miss Brooklands contestants was recently held at the NP airport terminal building. Judges, hostesses and parents of the girls all helped to make this informal gathering a success with much interest shown by passengers using the airport. Above: Our picture shows the Trust chairman, Mr D.V. Sutherland, talking to the gathering with, from left, hostesses Mesdames Sue Davidson and L. Findlay, and, at right, Judges Mesdames J. # Where Have Our Beaches Gone?

Now that the water is warm enough for us to go swimming, we thought a trip to the beach would be a good idea. But where are the swimming beaches? Unless you are a veritable channel swimmer, strong enough to swim against the rips, there's not much scope around New Plymouth these days. So we left the togs in the boot and went looking for somewhere to drive to and just sit in the car and take in the view. Another disappointment. Our better-known beaches, Fitzroy and East End, were far from being aesthetic masterpieces. New Plymouth is famous for its parks, and rightly so, but visitors who want to be beside the sea will soon give us a bad name if something isn't done about our beaches.

Pictured here is what is left of Ngamotu beach, once one of the famous watering places in New Zealand. The march of progress, we agree, is more important; we can't stand in the way of progress and prosperity, and eventually the whole beach will have to go. Which only makes it more important to upgrade our remaining beaches. At Fitzroy there just isn't anywhere to park a car and gaze at the beach activity. East End is just about as bad, with piles of driftwood making an untidy sight. Most summer visitors are looking for somewhere to swim, surf and sunbathe, but this year we have been sending them away with a poor impression of this part of our beautiful city.

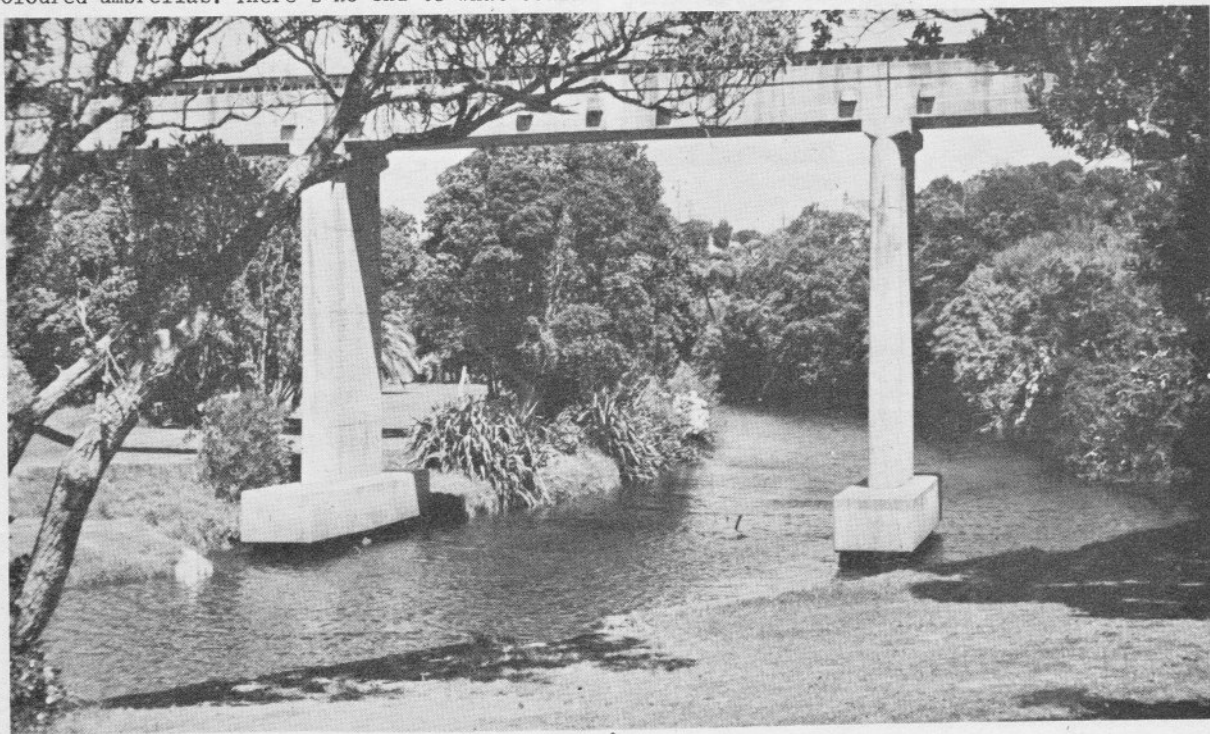

Above: Looking out shows. This is the left on the beach, i to sea, perhaps to Jaycees to do a bit would clean up the b side of the stream i area of beach could this same spot, one rather attractive si edge, add a few rowl coloured umbrellas.

Above: Looking out to sea, from the southern side of the East End Reserve, is what our photograph shows. This is the mouth of the Te Henui, down which some pretty hefty logs come. These are just left on the beach, in the hope that the next spring tide will do the decent thing and carry them out to sea, perhaps to be deposited on the beach at Opunake! Now here's a chance for the Lions or Jaycees to do a bit more good for the community. A couple of weekends with half-a-dozen power saws would clean up the beach, and perhaps provide winter fuel for some poor old pensioners. On the other side of the stream is an open area, and one of the best skating rinks in the country. Surely this area of beach could be made into something more beautiful than it is at present? Below: Standing in this same spot, one has to turn the head only  $190^{\circ}$  in an easterly direction to be greeted by a rather attractive sight. Why stop here with the beautification? Go right on down to the water's edge, add a few rowing boats for hire, and open a nice tea kiosk with tables and chairs under coloured umbrellas. There's no end to what could be done with this virtually derelict spot.

Upstream from the town bridge on the Waitara river was the venue for a very good speedboat regatta. There was a good crowd to witness one of the best day's racing we have seen for a long time. Unfortunately for the crowd, there were no incidents, but the thrills were there just the same.

The funny thing about this speedboat racing is that the drivers, or do we call them pilots, never stop tinkering with their boats. No sooner is a race over than they're back on the water's edge, out with the toolbox and into the engine. Above, left: Almost ready for a race, Ken Taylor gives his craft a final rub down, almost like a race horse! Above, right: And when the race is over, he paddles in to do some more mechanical work. ## SPIT AND POLISH SESSION! ◆◆◆◆◆

The recent Taranaki Car Club's Concours de Elegance, held on Des Carter's farm at Junction Road, was a super spit and polish session. There's one thing we noticed. Most of the drivers had brought their wives and girl friends, we thought for a day out. But no. Almost before the engines had stopped, the females were given dusters to set to and polish the cars. Perhaps that was a good move as we find that when a woman polishes, she doesn't usually go round corners, and this would account for the fact that nearly all the cars were as clean as when they were new. Above, left: Marylin Mawson putting the final touches to an Anglia, and for her labours, she and her driver John Stockwell carried off the first prize. # Miss Brooklands Proclaimed

An enthusiastic audience of over 4000 recently attended the proclamation of Miss Brooklands at the Bowl. This colourful spectacle is something that we look forward to each year, and each year the organisers provide the audience with some new ideas on presentation which seem to make the evening so very different. With coloured lights and flowers the keynote, this year's pageant, for that is the only word to describe it, was the best and most colourful yet. Of the actual crowning, we were most impressed with the speech of the new Miss Brooklands, Caryll Symons. She is either well trained, or has a natural gift, and with this we feel sure she will be a wonderful ambassadress for our city.

Right: Guests of honour are here being introduced by Miss Brooklands 1968, Mrs Lorraine Norton, who had made a special trip from Brisbane for this occasion. The guests were Miss Port Macquarie, Lyn Pelling, and Miss Hastings' Blossom Queen, Susan Harvey, shown here on the woodland stage. Below: Contestants seated on stage as Ernie Rouse and his Trad band entertain. Bottom: Best part of the show to us were the Little Folk from Mt. Roskill. They were tops in our minds.

Above: Awaiting the moment of truth. Mr E.A.Evans, chairman of the judging panel for the 1969 Miss Brooklands contest stands at the microphone before making the panel's choice known to the public. We rather like the expression on the faces of some of the girls. Wonder what was going through their minds? The eventual winner, Caryll Symons, is seated on the left seeming very concerned with what Mr Evans is saying. At this point her main idea of the contest was to enjoy the experience, with no thoughts of ever winning it. Unfortunately we didn't capture the look on her face when her name was announced as the winner. Below: Here is Miss Brooklands 1969, Caryll Symons, after the presentation by Lorraine Norton. On each side of her are her maids, Dale Novak and Wendy Sykes. Also on stage is the show compere, Brian Clark.

Part of the programme at the Miss Brooklands proclamation was performed by local dancers. In our two pictures above, we show the Cecelia ballroom dancing team led by Mr and Mrs Stan Robinson. This was a masterful display of dancing which just seemed to suit the location and the occasion.

Below: Miss Brooklands, Caryll Symons, and her maids, Dale Novak and Wendy Sykes, float across the lake as a fitting finale to a wonderfully colourful evening of joy and entertainment at the Bowl.

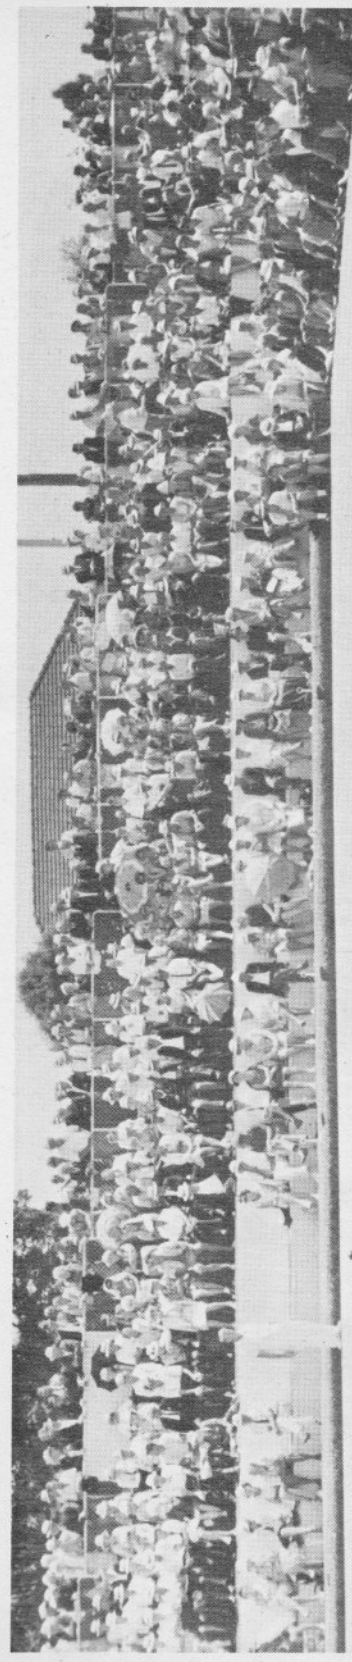

## Miss Beach Girl

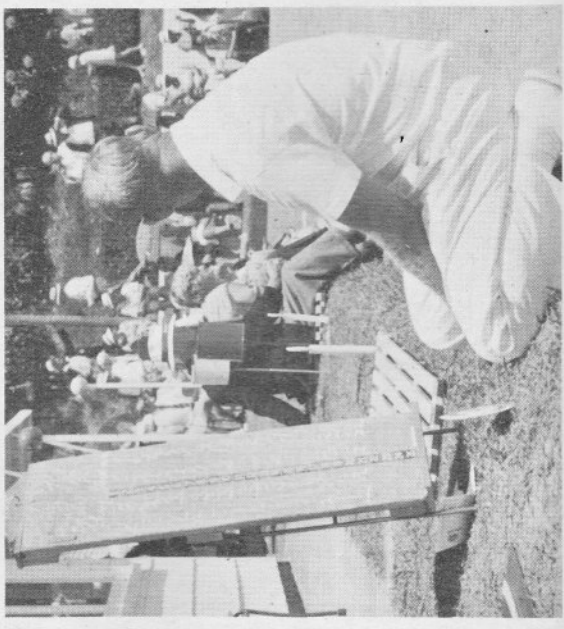

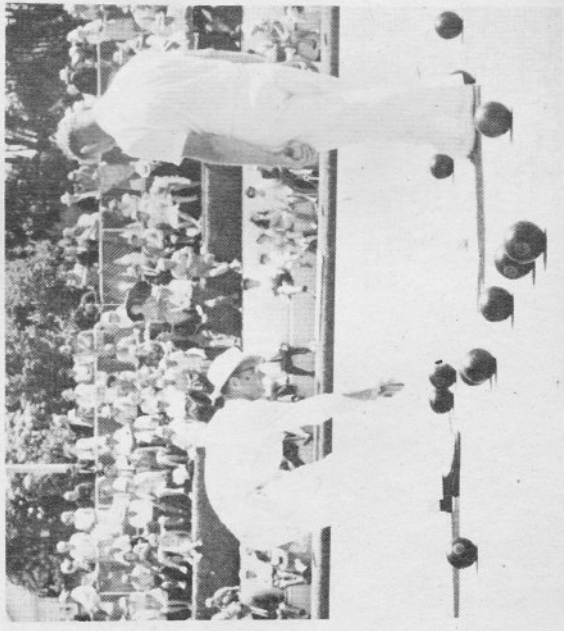

18-year-old NP beautician at the Friendly Society Chemist in Devon Street, Christine Woolliams, has won the Radio "I" Beach Girl contest at Mount Maunganui. New Plymouth must be richly endowed with beautiful girls as they all seem to do well in competitions concerned with beauty. Christine was at the Mount for the finals of Miss NZ Beaches after having won the Taranaki section. Chris's ambition is to do full-time modelling.

# Big Bowling Tournament

There's little doubt in our minds that the Taranaki Open Bowling Tournament would be the most popular of any tournament in NZ. Not only is it popular among bowlers, but hundreds of non-bowlers follow their favourites in a watching capacity. An example of this popularity is shown above, during the final at Paritutu with an attendance of close on 2000. We would venture to say that this rates higher public interest than the national tournament, due, partly, to the fact that Paritutu offers ample accommodation. Success at the tournament this year was achieved by Ray Stockman and his Paritutu four over Brian Guy's team from Hamilton. Below, left: Brian Guy and his third, Ron Buchan, discuss a situation. Below, centre: With the score at 22-12 against him, Brian appeared to lose a little bit of interest. Little notice, except from a few passers-by, has been taken of the demolition of the Post Office clock tower, but on a recent Saturday morning quite a few people stayed to watch the removal of the four clock faces. It was a hazardous job, for the demolition contractor but being well planned, it went without a hitch. Above: Face number one is lifted clear of the tower. # Parking A-Plenty... If you're a Govt. Servant

With the Lands and Deeds office demolished, the area provides more parking but ONLY for Government servants. We must admit that not knowing the complexities involved, it does seem a shocking waste of such a wonderful corner section, shown below, being used as a parking area. Already, as shown in the photograph above, there is parking for over 100 cars alongside the courthouse; and as shown at right, it is for "official vehicles only". It appears that to work for the Government, one is well catered for and the problem of parking becomes almost non-existent. Our City Council, while raking in many thousands of dollars a year in parking revenue, has done virtually NOTHING to provide better parking facilities for the general public, except plant their one-armed bandits as often as space permits. With the recent increase in transport fares, it could only mean that the parking problem within the city is going to get worse and it is time that better facilities were provided for the motorists who drive into the city to do their shopping.

## YACHTING PRESENTATIONS

Presentations were made recently to the winners of the NP yachting regatta. The race consisted of setting off in the yacht from the Ngamutu coastline, rounding the buoys and heading for home in pretty smart time. Different prizes were awarded for each class. Competing in the race were several yachts from outside Taranaki, many from Wanganui. Most returned soaking through but from the happy smiles we got an enjoyable time was had by all. ## THE "PORT CAROLINE"

Port Taranaki was the first port of call in NZ for the new cargo/passenger ship, "Port Caroline", which was on its maiden voyage from Britain. We had the pleasure of a conducted tour over this ultra-modern liner. The latest equipment makes this one of the safest and most up-to-date ships on the NZ run. The crew's quarters were almost as comfortable as the passengers' quarters and they were really as luxurious as any sea traveller could wish for. Above, left: One of the deck hands left his duties for a second to pose in his cabin and as one can see he has gone to a lot of trouble to decorate it properly. Below, left: Nowadays a four generation isn't so much a rarity, but a five generation is the aim of many families. Here we have a five generation family from Inglewood. From left: Grandmother, Maisie Broadmore, mother, Lynette Woods, Great-great-grandmother, Mairoa Oakley, baby, Tony Woods, and great-grandmother, Elizabeth Coffin.

Right: Jennifer Carson is another NP person to have done well in some sport or hobby. This time it is ballet which interests Jenny most, as the picture shows, and from the success she's had since the start of her career we know a lot of time and effort has been put into getting as far as she has, for just recently Jenny graduated from Ballet School and has taken a full time position with the NZ Ballet Company.

## People In The News

New Plymouth certainly should be proud of its sporting efforts especially those of Miss Robyn Cameron who was selected to represent NZ in Australia recently as part of a NZ Junior Swimming Team. At only 15 years of age Robyn did well to gain 4th place in the 100 meters butterfly, 5th in the 200 meters and 3rd in the medley relay. She is trained by Mr D.Gayton of the Kawaroa Pool who must surely take some of the credit for Robyn's performance. Left: Robyn, shown with her parents, Mr and Mrs D.A.Cameron, before flying to Australia.

## Matchbox Collection

In response to our plea for unique collections for publication in "Photo News", Stephen Milne, Fitzroy, came up with a terrific collection of matchboxes. Stephen started this hobby when his father brought home some foreign matchboxes. There are now 714 boxes from twelve different countries as far afield as Japan and China. The longest box is fifteen inches. Here we should congratulate Stephen on the way each matchbox has been carefully glued to the display boards. This would probably be one of the best collections in the country as Stephen has devoted hundreds of hours to his hobby. Anybody got any old matchboxes they would care to donate to Stephen's already vast collection.

## Champion Singles

Singles champions from every club under the jurisdiction of the Taranaki Women's Bowling Centre recently met in NP to contest the champion of champions. Some fine precision bowling was witnessed in the senior final which was won by Mrs Pearl Dymond of Stratford. She will now go forward to contest the NZ champion singles tournament. Above, left: Centre President, Marj O'Sullivan, Stratford, presents the winner's trophy to Pearl Dymond. Above, right: Runners-up badge went to Jessie Hedge of the Riverside club. ## Happy Holiday Hours At Baptist Church

To get children from under their mother's feet, a programme was organised and put on at the N.P. Baptist Hall and it included singing, action songs and stories about overseas missionary work. These happy hours gathered an average of 75 to 80 youngsters each day and from the contented looks on their faces the hours were really happy. Above: Part of the large crowd of children, this time caught in the middle of an action song. Right: A missionary from the Phillipines, Miss Gwen Lay, talks to the children about her experiences with Phillipino children and uses figurines to make the story clearer. Below, left: Stephen Bowkett, Terry and Clinton Eva liked the soldier's marching song. Below, right: Delaine Proctor, centre, not only had a lovely voice, but she was very good at the actions too.

## New Home For N.P. Aero Club

Minister of Defence, Mr W.S. Thompson, and the Mayor of NP, Mr D.V. Sutherland, were two of the official guests invited to the opening of the NP Aero Club's new office, clubhouse and hangar at the Brown Road airport. Planes from sister clubs throughout NZ flew in to this important celebration, which, after the official proceedings were over, included a mass fly-past over the city. This \$35,000 venture is a big asset to the city and to the district as a whole. Above: Our picture shows the new clubhouse with the hangar in the background. Left: Aircraft of all shapes and sizes were the guests for the day and a large amount of interest was shown in these single seater craft--just right for "Photo News" delivery!

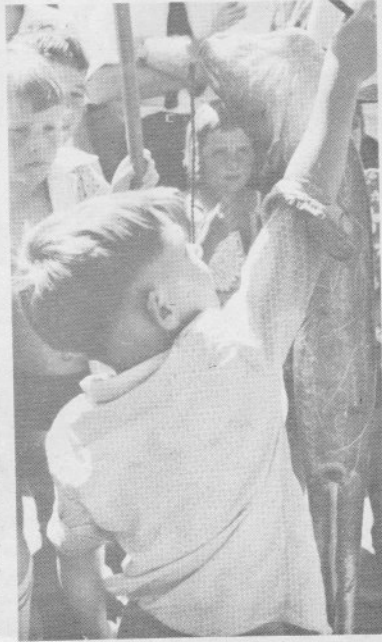

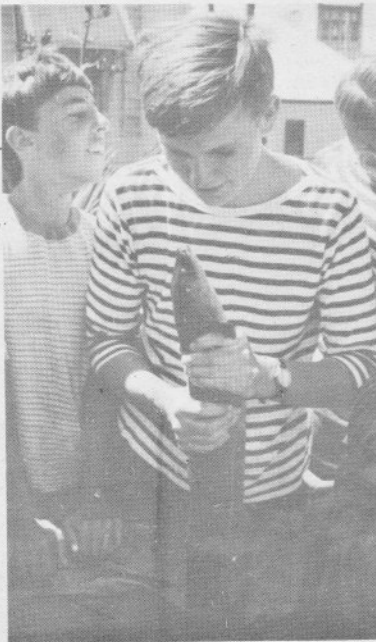

An eeling contest was held recently in the city, sponsored by NP Jaycees and Radio Taranaki. Winner, Sharon Fabish, Inglewood, was interviewed by 2ZP's David Ware, top, left, as was Martin Powell, top, right. Above: The third place went to Brian James with his 15½ lb catch. ## **PHOTO NEWS**

Above: Mrs Marjorie Gray, NP, rang us about unusual happenings at her house between their pet dachshund, Thussi, and a kitten, Dinkie, which had just arrived from Hamilton. Thussi was feeding Dinkie whenever she became hungry and both were firm friends. Thussi, who had an excess of milk, took over the role of wet nurse to Dinkie in a way it is difficult to understand. We've known household cats and dogs to be friendly but never to this extent.

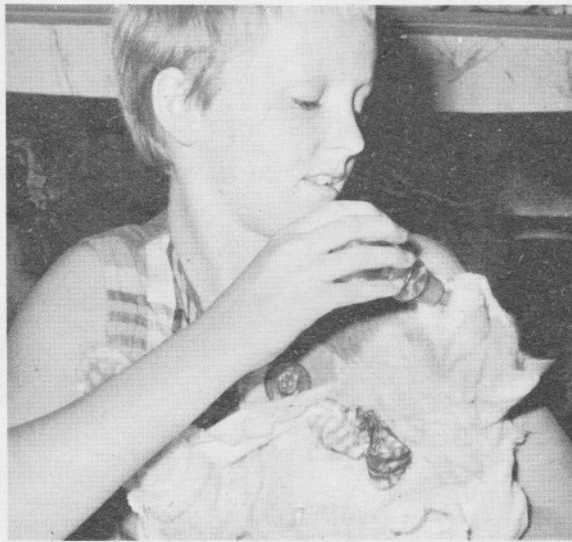

Above, right: This photo was taken at the Brooklands zoo, and one of the lovely creatures there is this deer which is very friendly with the public and especially fond of children who usually find something in the way of a tit-bit for this lovable animal.

## TAME ANIMALS

## Fascinating Feline

Below left, and below, shows an ordinary cat in most respects but not in eating habits because Goldie prefers runner beans and rice bubbles to meat and fish. He also would rather have water out of this old glue bottle, which acts as a feeder, than milk. When we took these photographs it was Margaret Flannaghan's task to feed her friendly pet.

We were terribly disappointed at the small number of competitors at the recent Taranaki A.A. Championships at Pukekura Park. It is more apparent each year that the number of competitors is dwindling and this appears to be, at least in this province, a dying sport. Now, we don't like to see this and feel that the numbers competing could be greatly increased. The blame for this does NOT rest upon the shoulders of the organisers as three to four hundred young school children take part on club nights. We feel that somewhere between intermediate school and employment there is very little encouragement given. Clubs in Taranaki have more than their share of coaches and enthusiastic helpers. Perhaps it is up to the parents to give more encouragement and to urge the high schools to do likewise in this fine sport. It's unlikely that Taranaki will breed any future Olympic champions unless more encouragement and competition is given to our young people. Below, left: Robert Murfit, Hawera, wins the three-mile junior event. Below, centre: Gerald Dravitzki won the three-mile senior run. Right: Trevor Williams is carried off the field after a heavy fall on the track. Below, right: Field for the three-mile run contained seven runners. ## On The Good Ship "Veranima"

Four years ago, when the construction of "Veranima" was under way, the Ferandoes family was wishing for the day, now only a few weeks away, when this home on water would be sailing round the world. It all began at Waitara where the family boat is at present moored. All the work has been done by the "skipper", Shanty Ferandoes, a few friends and his family. Inside the "Veranima" the children have built-in bunks and little wall cupboards for their possessions. The kitchen, though small, is well equipped and the lounge area is adorned with trinkets from countries previously visited by Shanty. Above, left: The skipper at work on the engine. Above, right: The "first mate", Mrs Ferandoes, chief cook and bottle-washer, is shown in her galley. Left: A picture of the bow shows the size of the boat in contrast with a pram. Janice is of special interest to us because she was one of our early cover girls, Issue 58, 1961, and when we heard she had returned from Canada where she has been living for the past six years, we went to her parents' home, Mr and Mrs Len Rackley, NP, to get this photo. ## Stratford Rodeo

A full day's action was provided at the recent Stratford Rodeo with buck-jumping, wild steer-riding, calf-roping and wild cow-milking. Glorious weather and very lively animals provided the large crowd with plenty of excitement. In conjunction with the International Swimming Carnival at the Kawaroa Pool, the Taranaki Sportsman of the Year trophy was presented to cyclist Derek Brown. The carnival, marred by wet weather, was, to say the least, interesting since the visiting Japanese swimmers were of world class.

Been down the Port area lately? You should just go and see what they are doing. Now the drawing board stage and foundation part of the job are finished the whole area seems to be taking shape. By the look of things, this area of the country is in for a boom, what with natural gas, oil, coal-fired power stations and now iron sand. You'd almost think the Harbour Board were crystal gazers, for the port is keeping abreast of developments. The only thing we want now to make the job really complete is a container wharf...that would complete the picture of progress. Above: From above Breakwater Road showing land going out to sea, as it were, with the new wharf in a healthy state of progress. Below: The beach behind Mikotahi which will soon no longer be a beach. This is where the coal-fired power station is going. Progress, eh?

## PORT DEVELOPMENT

With all the development becoming a second Port of Auckland, Euclids shifting millions of tonnes of sulphur trucks going on duty to direct traffic to the office block. Now,

With all the development going on at the port, the area by the Harbour Board's offices is fast becoming a second Picadilly Circus except that most of the traffic comprises those thundering great Euclids shifting millions of tons of spoil for filling. Above: This is the scene at the port, with sulphur trucks going one way and the Euclids going the other. It's no wonder that there's a points-man on duty to direct the traffic! Below: This used to be a monstrous sandhill, right opposite the office block. Now, as the Euclids keep scraping off their loads, it is fast disappearing.

## MARRIED

At the annual social of the Guardsman factory, the popular competition to see who would be this year's Miss Guardsman was held. Much interest was centred on this, and it had been a talking point in the factory for some time. Left: Manager Mr Luty with a line-up of the contestants. ## NEW CHURCH TAKES SHAPE

Yet another mark on the skyline of the city is this tall steeple of the new St. Joseph's Catholic Church in Devon Street West. We've been watching the progress and have been intrigued by the design as it has gradually taken shape.

# CADET PRIZE

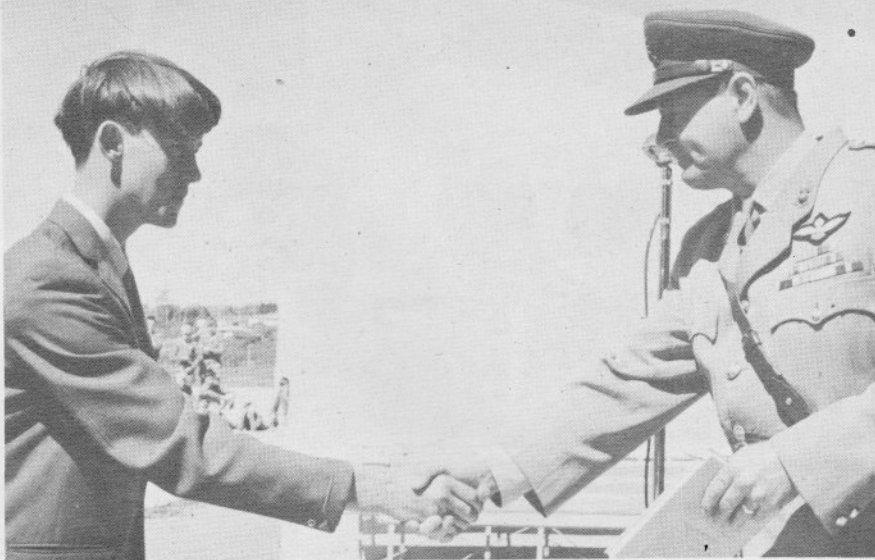

The Francis Douglas College was the scene of the presentation of the William Fryor Memorial Cadet trophy recently. The school battalion turned out at their best to witness and honour a member of their unit who had won this coveted prize for the school for the fifth time in six years. This is a very creditable effort on the part of the school, as the competition is Dominion-wide. Left: The inspecting officer, Lt-Col R.J. Moore, MBE, ED, was conducted round the ranks by Under Officer Murray Wackrow. Below: Third formers formed a guard of honour for the noted guest. Bottom, left: Cadets of the school were as smart as any we have seen. Bottom, right: Lt-Col Moore had a friendly word for the boys.

Recipient of the William Fryor Memorial prize was a member of the school battalion, Under Officer Murray Wackrow. Right: being congratulated by the reviewing officer, Lt-Col Moore. The school company was a real credit to the school as can be seen in the photograph below. A march-past of the school battalion took place in the afternoon. The salute is taken by the inspecting officer, Lt-Col R.J. Moore.

## Women Bowlers' Party

We've heard these women bowlers refer to each other as "girls"—now we know why. Just look at this lot. They're members of the Riverside WBC, who recently held a fancy dress party. # Highlands Club Swimming

Highlands Baths was the meeting place for all Taranaki swimming enthusiasts. The races were on a club against club basis and with wonderful organisation from Highlands' teachers the day went without a hitch. Left: Clad warmly in track suits and towels were Russell Moffit, Ross Byers, Steven Domney (hiding) and Brett Manning.

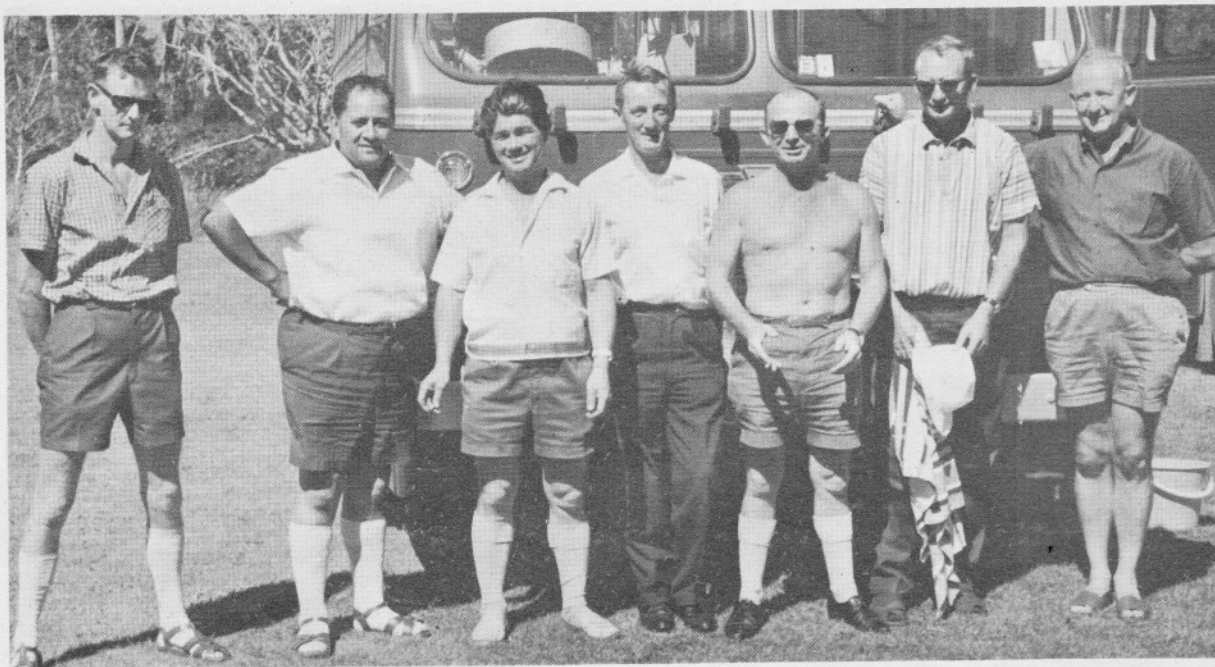

One of the first Pony Club rally days was held recently at the New Plymouth Showgrounds under valuable guidance of enthusiastic teachers and parents. ## BIG HEARTED BUS DRIVERS

Acts of kindness are not particularly rare, but it isn't often one hears of acts such as that of the bus drivers of the NPCC. This has been going on for 25 years, yet it has gone un-noticed. This is what they do. Each year, at about this time, and from funds of their social club, they invite all the crippled children in the area to a picnic day in the country. This includes just about everything that a child would want on a picnic, including the company of their parents and friends. Now we have never heard of any other collection of working men who are prepared to do such a wonderful act for these unfortunate children, in giving, not only their money, but time and a large measure of kindness. Our hats come off to these fine public-spirited men. Above: Here's the crew who gave their time and kindness to the children on the recent picnic to Rawhitiroa. From left, Owen Cameron, George Eynon, Ray Lock, Roy Plumb, George Cruden, Bruce Brooking and Ron Marple. Below, left: George Eynon and Roy Plumb prepare to load the buses with soft drinks for the kids. Below, right: Does one good to see the children in such high spirits as they were, through the wonderful efforts of our bus drivers. Well done, men, you're a credit to society.

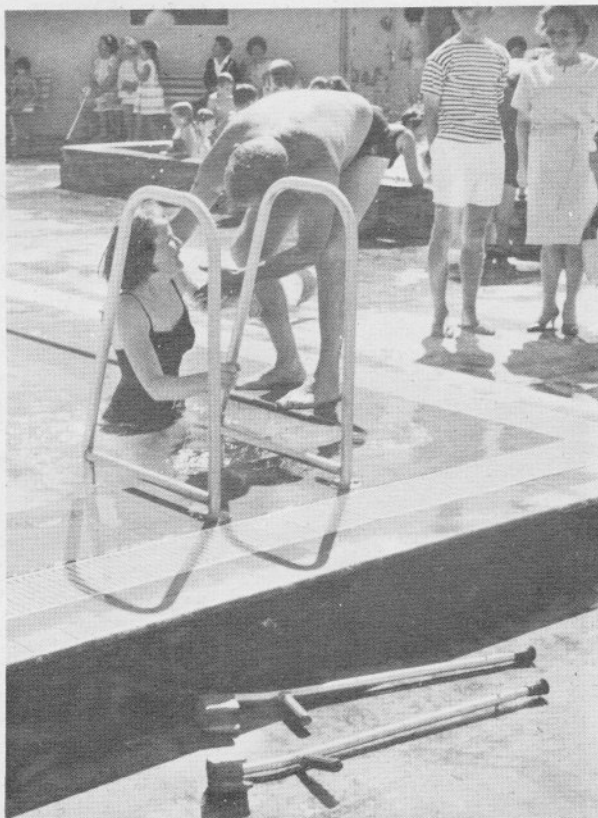

The big treat for dip in the pool. Her pool without charge and daughter Lynette hospital came Sister pop. Below, left: Schriber. Below, right: and surgical aids were foreign to them.

The big treat for the crippled children and their parents on the recent picnic to Rawhitiroa was a dip in the pool. Here again a great kindness was shown by the custodian, who let them all into the pool without charge. We feel sure that these acts are very much appreciated. Above, left: Bill Olsen and daughter Lynette make towards the pool with driver George Cruden. Above, right: From the NP hospital came Sister McKenzie with her charge Sandra Rophia who seems to be enjoying her bottle of pop. Below, left: Two young chaps who really enjoyed the day were Keith Salisbury and Douglas Schriber. Below, right: At the Rawhotiroa pool, this was the scene. There was a rush for the water and surgical aids were dumped by the steps while the kids were lost in a world of enjoyment almost foreign to them.

Above: Here is the complete party of the crippled children and their parents and friends alongside the three buses which took them on their delightful pionic. Below, left: Mrs June Bond brings enjoyment in the pool to Neil Woolfit. Below, right: Two IHC boys help each other along the pool, which to them would be the thrill of a rather dull life. Bottom, left: Mrs Adrienne Gordon-Stables helps daughter Robin. Bottom, right: Mrs Barbara Smart spent a long time with daughter Karen in the toddlers' pool.

There you have it. A wonderful act of kindness by a fine body of public-spirited men. It's easy to dip one's hand in the pocket to help these kids, but when it comes to the personal contact and help, the act is so much more worthy. No praise of ours could do justice, but we sincerely thank you just the same for your service to these children over the past twenty-five years. Keep it up boys!

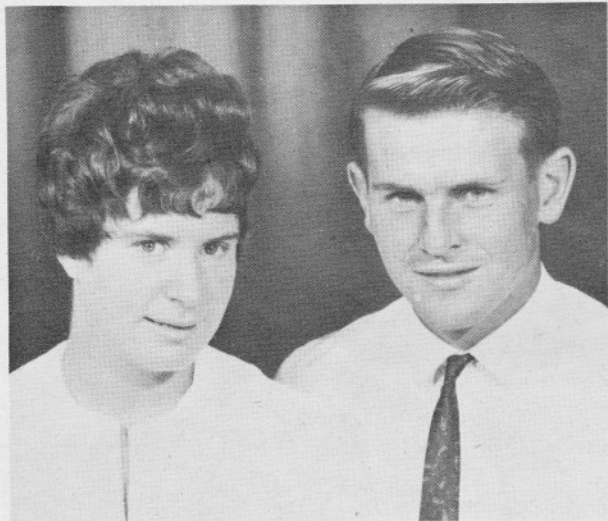

# STRATFORD'S NEW CLOCK TOWER

Now well on the way to completion is Stratford's new clock tower. And a very imposing one it is too. We like the clean lines of a design like this. This structure is being built by a local builder, D.M. Black, who seems to have had the tower up in no time at all. Full marks to Stratford for having a job on hand and getting it done.
